**Americans and Chinese Communists, 1927-1945** Kenneth E. Shewmaker,2020-06-30 No detailed description available for Americans and Chinese Communists 1927 1945  
*The Soviet Union and Communist China, 1945-1950* Dieter Heinzig,2004 Covers the relationship between Moscow and Peking in the 20th century It focuses on Communist China s relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the Moscow Chinese Communist Party treaty in 1950  
**Moscow and the Emergence of Communist Power in China, 1925-30** Bruce Elleman,2009-01-30 This book examines the emergence of Communist power in China during the interwar period focusing especially on the role of the Soviet Union and the 1927 Nanchang Uprising It describes the history behind the alliance between the Chinese Communists and Nationalists the impact of the USSR s military and political advisers and the success of the Northern Expedition that resulted in the April 1927 purge of the Communists from the Nationalist Party It explores the debates between leading communists in Moscow notably Stalin who thought that China was ready in 1927 for an urban based Communist revolution similar to what had happened in Russia ten years before and Trotsky who opposed it It goes on examine the seizure of power in Nanchang by the Communists the establishment of China s first short lived soviet republic and the reasons why the soviet soon collapsed It explains the consequences of the rising including the adoption by the Communists of guerilla warfare the foundation of China s second soviet and after moving to northwest China during the 1930s the rise of Communist power throughout all of mainland China which culminated in the establishment of the People s Republic of China in 1949 The book stresses the importance of the mythology that evolved around the Nanchang Uprising since criticism of the Nanchang Uprising would open themselves up to accusations that they were Trotskyites the Chinese Communists created the myth that the Nanchang Uprising was a success and later dated the origins of the People s Liberation Army to this event  
**The Politics of Chinese Communism** Ilpyong J. Kim,2023-07-28 The political system established by the Chinese Communist Party in 1949 had its origins in many respects in the Chinese Soviet Republic of 1931 1934 based in southern Kiangsi province about 400 miles southwest of Shanghai The Kiangsi period was important because it gave the Chinese Communists their first opportunity to govern an extensive area and a large population and in so doing to develop methods of mass mobilization as well as new techniques for conducting party and government affairs Kim explores the evolution of the Chinese Communist movement during the Kiangsi soviet period especially its organizational concepts behavioral patterns and development techniques of mass line politics He seeks answers to several questions What notions of organization shaped the Kiangsi political system Who formulated the policies How were they implemented at the rice roots level of government By analyzing Mao Tse tung s writings on organization and comparing them with those of other Chinese Communist theoreticians he achieves fresh insights into Mao s

approach to administration and bureaucratic organization The distinct contribution of this book lies in its focus on such issues as how the Chinese Communist leaders viewed organizational problems within their movement especially following the failure of the 1947 revolution how they responded to these problems and how they maintained a balance of power among the party the government and the Red Army while administering the expanding territorial base and managing complex organizations This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1973 *The Chinese Communist Movement, 5 July 1945* United States. War Department. General Staff,1952 *Moscow and Chinese Communists*, by Robert C. North Robert c North,1953 The Chinese Communist Armed Forces Kenneth R. Whiting,1974 Although the history and present state of the Chinese Communist military forces are not as well covered as those of the Soviet Union nevertheless there is a relatively large number of books articles and source collections available in English Then why this study The answer is simply that this is an attempt to tell the story of the Chinese Red Army in as concise a form as possible without compressing the narrative to the point of distortion The study may seem overstuffed with facts or what pass for facts but the author can assure the reader that he did his best to eliminate all but those he considered essential The historical approach has been used for the simple reason that like any other organism the Chinese Red Army is a melange of strengths and weaknesses rooted in its evolution

**Chinese Communist Espionage** Peter Mattis,Matthew Brazil,2019-11-15 This is the first book of its kind to employ hundreds of Chinese sources to explain the history and current state of Chinese Communist intelligence operations It profiles the leaders top spies and important operations in the history of China s espionage organs and links to an extensive online glossary of Chinese language intelligence and security terms Peter Mattis and Matthew Brazil present an unprecedented look into the murky world of Chinese espionage both past and present enabling a better understanding of how pervasive and important its influence is both in China and abroad *The Soviet Union and Communist China 1945-1950: The Arduous Road to the Alliance* Dieter Heinzig,2015-06-18 Drawing on a wealth of new sources this work documents the evolving relationship between Moscow and Peking in the twentieth century Using newly available Russian and Chinese archival documents memoirs written in the 1980s and 1990s and interviews with high ranking Soviet and Chinese eyewitnesses the book provides the basis for a new interpretation of this relationship and a glimpse of previously unknown events that shaped the Sino Soviet alliance An appendix contains translated Chinese and Soviet documents many of which are being published for the first time The book focuses mainly on Communist China s relationship with Moscow after the conclusion of the treaty between the Soviet Union and Kuomintang China in 1945 up until the signing of the treaty between Moscow and the Chinese Communist Party in 1950 It also looks at China s relationship with Moscow from 1920 to 1945 as well as

developments from 1950 to the present The author reevaluates existing sources and literature on the topic and demonstrates that the alliance was reached despite disagreements and distrust on both sides and was not an inevitable conclusion He also shows that the relationship between the two Communist parties was based on national interest politics and not on similar ideological convictions

*Mao Zedong, Zhou Enlai and the Evolution of the Chinese Communist Leadership* Thomas Kampen, 2000 Analyses the power struggles within the leadership of the Chinese Communist Party between 1931 when several Party leaders left Shanghai and entered the Jiangxi Soviet and 1945 by which time Mao Zedong Liu Shaoqi and Zhou Enlai had emerged as senior CCP leaders In 1949 they established the People's Republic of China and ruled it for several decades Based on new Chinese sources this study challenges long established views that Mao Zedong became CCP leader during the Long March 1934-35 and that by 1935 the CCP was independent of the Comintern in Moscow The result is a critique not only of official Chinese historiography but also of Western especially US scholarship that all future histories of the rise of the CCP and power struggles within the PRC will need to take into account

*Moscow and the Emergence of Communist Power in China, 1925-30* Bruce A. Elleman, 2009 This book examines the emergence of Communist power in China during the interwar period focusing especially on the role of the Soviet Union and the 1927 Nanchang Uprising It describes the history behind the alliance between the Chinese Communists and Nationalists the impact of the USSR's military and political advisers and the success of the Northern Expedition that resulted in the April 1927 purge of the Communists from the Nationalist Party It explores the debates between leading communists in Moscow notably Stalin who thought that China was ready in 1927 for an urban based Communist revolution similar to what had happened in Russia ten years before and Trotsky who opposed it It goes on to examine the seizure of power in Nanchang by the Communists the establishment of China's first short lived soviet republic and the reasons why the soviet soon collapsed It explains the consequences of the rising including the adoption by the Communists of guerilla warfare the foundation of China's second soviet and after moving to northwest China during the 1930s the rise of Communist power throughout all of mainland China which culminated in the establishment of the People's Republic of China in 1949 The book stresses the importance of the mythology that evolved around the Nanchang Uprising since criticism of the Nanchang Uprising would open themselves up to accusations that they were Trotskyites the Chinese Communists created the myth that the Nanchang Uprising was a success and later dated the origins of the People's Liberation Army to this event

*The Formation of the Chinese Communist Party* Yoshihiro Ishikawa, 2013 Official Chinese narratives recounting the rise of the Chinese Communist Party CCP tend to minimize the movement's international associations Conducting careful readings and translations of recently released documents in Russian Japanese and Chinese Ishikawa Yoshihiro builds a portrait of the party's multifaceted character revealing the provocative influences that shaped the movement and the ideologies of its competitors Making use of public and private documents and research Ishikawa begins the story in 1919 with Chinese intellectuals who wrote

extensively under pen names and in fact plagiarized or translated many iconic texts of early Chinese Marxism Chinese Marxists initially drew intellectual sustenance from their Japanese counterparts until Japan clamped down on leftist activities The Chinese then turned to American and British sources Ishikawa traces these networks through an exhaustive survey of journals newspapers and other intellectual and popular publications He reports on numerous early meetings involving a range of groups only some of which were later funneled into CCP membership and he follows the developments at Soviet Russian gatherings attended by a number of Chinese representatives who claimed to speak for a nascent CCP Concluding his narrative in 1922 one year after the party's official founding Ishikawa clarifies a traditionally opaque period in Chinese history and sheds new light on the subsequent behavior and attitude of the party Institute of Pacific Relations United States. Congress. Senate. Committee on the Judiciary, 1951

**Chinese American Transnational Politics** Him Mark Lai, 2023-12-11 Born and raised in San Francisco Lai was trained as an engineer but blazed a trail in the field of Asian American studies Long before the field had any academic standing he amassed an unparalleled body of source material on Chinese America and drew on his own transnational heritage and Chinese patriotism to explore the global Chinese experience In *Chinese American Transnational Politics* Lai traces the shadowy history of Chinese leftism and the role of the Kuomintang of China in influencing affairs in America With precision and insight Lai penetrates the overly politicized portrayals of a history shaped by global alliances and enmities and the hard intolerance of the Cold War era The result is a nuanced and singular account of how Chinese politics migration to the United States and Sino U S relations were shaped by Chinese and Chinese American groups and organizations Lai revised and expanded his writings over more than thirty years as changing political climates allowed for greater acceptance of leftist activities and access to previously confidential documents Drawing on Chinese and English language sources and echoing the strong loyalties and mobility of the activists and idealists he depicts Lai delivers the most comprehensive treatment of Chinese transnational politics to date *Institute of Pacific Relations* United States. Congress. Senate. Committee on the Judiciary. Subcommittee to Investigate the Administration of the Internal Security Act and Other Internal Security Laws, 1952 Investigates alleged communist control of the publications and international information exchange programs of the Institute of Pacific Relations Also investigates alleged communist attempts to influence U S Far East policy Includes discussion of Communist Party activities in Nazi Germany *Congressional Record* United States. Congress, 1963
