Moscow Women Thirteen Interviews:

Moscow Women Carola Hansson,Karin Lidén,1983 **Moscow Women** Carola Hansson,Karin Lidén,1983 **Life Stories of Soviet Women** Melanie Ilic,2013-08-15 This book provides a rich picture of what everyday life was like for women in Soviet times by presenting the life stories of eight women who were born in the interwar period The life stories are told through interviews with the women who were well educated and well placed in Soviet society often in elite positions and therefore well able to observe and articulate the wider conditions for Soviet women besides their own personal circumstances The interviews which are edited and preceded by a full introduction setting the context touch on a wide variety of issues key events in Soviet history religion and nationalities policies and women s everyday experiences of life in the Soviet Union growing up and going to school education falling in love and getting married giving birth and starting a family housework and paid employment travel leisure and culture and remembering the past *Sex, Race, and Class—The Perspective of Winning* Selma James,2012-05-01 In 1972 Selma James set out a new political perspective Her starting point was the millions of unwaged women who working in the home and on the land were not seen as workers and their struggles viewed as outside of the class struggle Based on her political training in the Johnson Forest Tendency founded by her late husband C L R James on movement experience South and North and on a respectful study of Marx she redefined the working class to include sectors previously dismissed as marginal For James the class struggle presents itself as the conflict between the reproduction and survival of the human race and the domination of the market with its exploitation wars and ecological devastation She sums up her strategy for change as Invest in Caring not Killing This selection spanning six decades traces the development of this perspective in the course of building an international campaigning network It includes excerpts from the classic *The Power of Women and the Subversion of the Community* which launched the domestic labor debate the exciting *Hookers in the House of the Lord* which describes a church occupation by sex workers an incisive review of the C L R James masterpiece *The Black Jacobins* a reappraisal of the novels of Jean Rhys and of the leadership of Julius Nyerere the groundbreaking *Marx and Feminism* and more The writing is lucid and without jargon The ideas never abstract spring from the experience of organising from trying to make sense of the successes and the setbacks and from the need to find a way forward **Soviet Women - Everyday Lives** Melanie Ilic,2020-02-18 Based on an extensive reading of a broad range of women s accounts of their lives in the Soviet Union this book focuses on many hidden aspects of Soviet women s everyday lives thereby revealing a great deal about how the Soviet Union operated on a day to day basis and about the place of the individual within it Including testimony from both celebrated literary and cultural figures and from many ordinary people and from both enthusiastic supporters of the regime and dissidents the book considers women s daily routines attitudes and behaviours It highlights some of the hidden inequalities of an ostensibly egalitarian society and considers many wider questions including how extensive was the reach of the Soviet regime how modern was it how far were there continuities

after 1917 between the new Bolshevik regime and Russia's imperial past and how homogenous and how mobile was Soviet society

Sexual Mutilations George C. Denniston, Marilyn Fayre Milos, 2013-03-09 Sexual mutilation is a global problem that affects 15.3 million children and young adults annually. In terms of gender, 13.3 million boys and 2 million girls are involuntarily subjected to sexual mutilation every year. While it is tempting to quantify and compare the amount of tissue removed from either gender, no ethical justification can be made for removing any amount of flesh from the body of another person. The violation of human rights implicit in sexual mutilation is identical for any gender. The violation occurs with the first cut into another person's body. Although mutilation is a strong term, it precisely and accurately describes a condition denoting any disfigurement or injury by removal or destruction of any conspicuous or essential part of the body. While such terms as circumcision and genital cutting are less threatening to our sensitivities, they ultimately do a disservice by masking the fact of what is actually being done to babies and children. Although the courageous example of the survivors of sexual mutilation indicates that humans can certainly live and even reproduce without all of their external sexual organs, this biological phenomenon does not, however, justify subjecting a person to sexual mutilation. The remarkable resilience of the human body is a testament to the importance nature places on reproduction rather than a vindication for surgical practices that compromise this function.

Perestroika From Below Judith Sedaitis, Jim Butterfield, 2019-07-11 This book represents the first comprehensive assessment of the world of social movements and collective action in the Soviet Union and provides the information to expand our knowledge and potentially our comprehension of the dramatic processes taking place.

Reproduction, Medicine and the Socialist State Alena Heitlinger, 1987-06-18 Writing Women's History Karen M. Offen, Ruth Roach Pierson, Jane Rendall, 1991-08-23 Five essays address such themes as the relationship between feminist history and women's history, the use of the concept of experience, the development of the history of gender demographic history and women's history, and the importance of post-structuralism to women's history.

Cahiers de la Femme, 1978

Soviet Consumer Culture in the Brezhnev Era Natalya Chernyshova, 2013-06-26 After decades of turmoil and trauma, the Brezhnev era brought stability and an unprecedented rise in living standards to the Soviet Union, enabling ordinary people to enjoy modern consumer goods on an entirely new scale. This book analyses the politics and economics of the state's efforts to improve living standards and shows how mass consumption was often used as an instrument of legitimacy ideology and modernization. However, the resulting consumer revolution brought its own problems for the socialist regime. Rising well-being and the resulting ethos of consumption altered citizens' relationship with the state and had profound consequences for the communist project. The book uses a wealth of sources to explore the challenge that consumer modernity was posing to Soviet mature socialism between the mid-1960s and the early 1980s. It combines analysis of economic policy and public debates on consumerism with the stories of ordinary people and their attitudes to fashion, Western goods, and the home. The book contests the notion that Soviet consumers were merely passive, abused, eternally queuing victims and that the Brezhnev

era was a period of stagnation arguing instead that personal consumption provided the incentive and the space for individuals to connect and interact with society and the regime even before perestroika This book offers a lively account of Soviet society and everyday life during a period which is rapidly becoming a new frontier of historical research *The Feminization of Poverty* Gertrude Schaffner Goldberg, Eleanor Kremen, 1990-11-09 This comprehensive and carefully organized collection provides an overview of the relationship between gender and economic stratification in seven industrialized countries Everywhere as a Polish commentator notes men have too much power and women too much work Nevertheless these studies reveal large differences in the circumstances of women in different countries and help to illuminate the several developments in the labor market the family and public policy which explain the extreme feminization of poverty in the United States Frances Fox Piven City University of New York Lucid careful and systematic the book builds a compelling explanation for the needless impoverishment experienced by millions of American women and offers a sensible realistic agenda for its reduction Michael B Katz University of Pennsylvania This study asks whether the feminization of poverty the tendency of women and their families to become the majority of the poor is unique to the United States where the phenomenon was first discovered Seven industrialized nations both capitalist and socialist with different degrees of commitment to social welfare are compared Canada Japan France Sweden Poland the Soviet Union and the United States In each of the countries the authors analyze information about women labor market conditions equalization policies social welfare programs and demographic variables such as the rates of divorce and single parenthood According to Goldberg and Kremen it is possible to predict the feminization of poverty when three conditions are present 1 insufficient efforts to reduce work place and wage inequities for women 2 the absence or ineffectiveness of social welfare programs which can redress the cost both economic and personal of the dual role that women have assumed in industrialized societies and 3 the presence of increasing rates of divorce and single motherhood An array of labor market and social welfare programs in use in the six other industrialized nations are then reviewed by the authors for possible adaptation in the United States This important work will be a valuable resource for scholars across the academic and professional disciplines of political science sociology economics social work and women s studies *Russia and Eastern Europe, 1789-1985* Raymond Pearson, 1989 [Women in Russia and the Soviet Union](#) Rochelle Goldberg Ruthchild, 1993 Cites nearly 900 works written in or translated into English that contain significant information or ideas about women or gender Includes encyclopedia and journal articles bibliographies histories poetry autobiographies dissertations and works of sociology and psychology Arranged in chronological sections stretching from the ancient period through the empire and revolutions to the end of the Soviet Union in 1991 The annotations are descriptive Annotation copyright by Book News Inc Portland OR **Spare Rib**, 1984 [The Routledge Handbook of the Global 1980s](#) Jonathan Davis, 2025-08-18 The 1980s was a decade of enormous global change Upheaval from the top of governments to the bottom of societies saw a new world order begin to emerge A new form of

capitalism redefined global economics on both the right and left as market forces were unleashed The ideological conflict of the previous four decades petered out as superpower relations improved A more interconnected world introduced new consumer products and forms of popular culture to societies across the globe And protest movements saw new battles fought and new alliances forged in an increasingly interdependent world The Routledge Handbook of the Global 1980s brings together specialists from across the world to examine how the decade was shaped by these changes to politics economics culture societies and protest movements The Handbook is divided into five parts focusing on the global environment globalisation and neoliberalism politics and society culture and society and the closing stages of the global Cold War By taking an international approach to the history of the 1980s this book offers a wide ranging and important new perspective of this hugely transformative decade It will appeal to students and scholars alike as well as all those interested in the political social economic and cultural shifts of the 1980s

Women's Glasnost vs. Naglost Tatyana Mamonova, 1993-11-30 Yeltsin is certainly not the Sakharov of the Democratic Movement Russian people sarcastically call his burning the Parliament an October Revolution of 1993 In Women's Glasnost vs Naglost we finally hear the voices of the Russian women on what it means to be female and Russian in the tumultuous climate that is modern Russia The founder of the Russian women's movement Tatyana Mamonova was the first Russian woman exiled from the Soviet Union for publishing the underground samizdat Woman and Russia Now lauded as the Simone de Beauvoir of Russia Mamonova has interviewed 17 Russian women on the subject of the C A S as it relates to glasnost Women from all walks of life are asked about changes with respect to their roles and expectations as women Artists professionals dissidents lesbians doctors writers and civil servants tell their stories in candid terms showing that there is still a long road ahead Revisions and elaborations of speeches delivered on Mamonova's American tours poetry in her own hand and line drawings in her own eloquent and prolific style compliment her essays and the women's interviews

Feminist Bookstore News ,1989 **Test-Tube Women** Rita Arditti, Renate Duelli Klein, Shelley Minden, 2024-11-20 Originally published in 1984 when new reproductive technologies were just beginning to become part of the public discussion this edition was published with a new preface in 1989 The Editors wanted to look carefully at how much real choice reproductive technologies offered to women Genetic engineering sperm banks test tube fertilization sex selection surrogate mothering experimentation in the so called third world increased technological intervention in childbirth were we taking pregnancy and the birth process out of the dark ages or into a terrifying brave new world They ask who controls it Who benefits The technological machine grinds on in headline grabbing leaps or in quiet developments in research laboratories but what are the implications for women worldwide Still a huge industry today this reissue can be read in its historical context
