**Jeremy F. Walton**

## **Moses In America The Cultural Uses Of Biblical Narrative:**

*Moses in America* Melanie Jane Wright, 2003 This book explores the retelling of the life of Moses in three 20th century American narratives *Moses in Red* by Lincoln Steffens *Moses Man of the Mountain* by Zora Neale Hurston and Cecil B DeMille's film *The Ten Commandments* Wright's analysis reveals that the figure of Moses has strong currency in American culture at many levels

**Moses in America** Melanie Jane Wright, 2003 This title explores the retelling of the life of Moses in three 20th century American narratives *Moses in Red* by Lincoln Steffens *Moses Man of the Mountain* by Zora Neale Hurston and Cecil B DeMille's film *The Ten Commandments*

*The Oxford Handbook of the Bible and American Popular Culture* Dan W. Clanton, Jr., Terry R. Clark, 2020-11-24 The study of the reciprocal relationship between the Bible and popular culture has blossomed in the past few decades and the time seems ripe for a broadly conceived work that assesses the current state of the field offers examples of work in that field and suggests future directions for further study This Handbook includes a wide range of topics organized under several broad themes including biblical characters such as Adam Eve David and Jesus and themes like Creation Hell and Apocalyptic in popular culture the Bible in popular cultural genres for example film comics and Jazz and lived examples such as museums and theme parks The Handbook concludes with a section taking stock of methodologies and the impact of the field on teaching and publishing The Oxford Handbook of the Bible and American Popular Culture represents a major contribution to the field by some of its leading practitioners and will be a key resource for the future development of the study of both the Bible and its role in American popular culture

*The Oxford Handbook of the Bible in America* Paul C. Gutjahr, 2017 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible's role in American cultural formation

*The Cambridge Companion to the Bible and Literature* Calum Carmichael, 2020-03-26 Examines the varied enormously sophisticated contents of the Bible and sees how certain Western authors were inspired by them

**Latino and Muslim in America** Harold D. Morales, 2018-02-01

Latino and Muslim in America examines how so called minority groups are made fragmented and struggle for recognition The U S is poised to become the first nation whose collective minorities outnumber the dominant population and Latinos play no small role in this world changing demographic shift Even as many people view Latinos and Muslims as growing threats Latino Muslims celebrate their intersecting identities in their daily lives and in their mediated representations In this book Harold D Morales follows the lives of several Latino Muslim leaders from the 1970 s to the present tracing their efforts to organize and unify nationally in order to solidify the new identity group s place within the public sphere Drawing on four years of media analysis ethnographic and historical research Morales demonstrates that Latinos embrace Islam within historically specific contexts that include distinctive immigration patterns and new laws urban spaces and media technologies that have increasingly brought Latinos and Muslims into contact He positions this growing community as part of the mass exodus out of the Catholic Church the growth of Islam and the digitization of religion Latino and Muslim in America explores the interactions between religion race and media to conclude that these three categories are inextricably entwined

**Devotional Sovereignty** Caleb Simmons, 2020 Devotional Sovereignty Kingship and Religion in India investigates the shifting conceptualization of sovereignty in the South Indian kingdom of Mysore during the reigns of Tipu Sultan r 1782 1799 and Krishnaraja Wodeyar III r 1799 1868 Tipu Sultan was a Muslim king famous for resisting British dominance until his death Krishnaraja III was a Hindu king who succumbed to British political and administrative control Despite their differences the courts of both kings dealt with the changing political landscape by turning to the religious and mythical past to construct a royal identity for their kings Caleb Simmons explores the ways in which these two kings and their courts modified and adapted pre modern Indian notions of sovereignty and kingship in reaction to British intervention The religious past provided an idiom through which the Mysore courts could articulate their rulers claims to kingship in the region attributing their rule to divine election and employing religious vocabulary in a variety of courtly genres and media Through critical inquiry into the transitional early colonial period this study sheds new light on pre modern and modern India with implications for our understanding of contemporary politics It offers a revisionist history of the accepted narrative in which Tipu Sultan is viewed as a radical Muslim reformer and Krishnaraja III as a powerless British puppet Simmons paints a picture of both rulers in which they work within and from the same understanding of kingship utilizing devotion to Hindu gods goddesses and gurus to perform the duties of the king

Israelites in Erin Abby Bender, 2015-12-08 From the late nineteenth century through the early twentieth century the story of the Israelites liberation from bondage in Egypt served as the archetypal narrative for the birth of the Irish nation Exodus was critical to both colonial and anticolonial conceptions of Ireland and Irishness Although the Irish Israelite analogy has been cited often a thorough exploration has never before been documented Bender successfully fills this gap with Israelites in Erin Drawing upon both canonical and little known texts of the Literary Revival including works by Joyce plays by Lady Gregory and political writings by Charles Stewart Parnell and

Patrick Pearse Bender highlights the centrality of Exodus in Ireland In doing so she recuperates the history of a liberation narrative that was occluded by the aesthetic of 1916 when the Christ story replaced Exodus as a model for revolution and liberation In two concluding chapters Bender deftly maps Exodus throughout Joyce s Ulysses revealing how the text plumbs the biblical narrative for its submersed but frank and unsettling story of ambivalent impure ironic origins With extensive research and remarkable insight Israelites in Erin inaugurates a compelling new critical conversation Bible in/and Popular Culture Philip Culbertson, Elaine M. Wainwright, 2010-10-10 In popular culture the Bible is generally associated with films The Passion of the Christ The Ten Commandments Jesus of Montreal and many others Less attention has been given to the relationship between the Bible and other popular media such as hip hop reggae rock and country and western music popular and graphic novels animated television series and apocalyptic fantasy This collection of essays explores a range of media and the way the Bible features in them applying various hermeneutical approaches engaging with critical theory and providing conceptual resources and examples of how the Bible reads popular culture and how popular culture reads the Bible This useful resource will be of interest for both biblical and cultural studies The contributors are Elaine M Wainwright Michael Gilmour Mark McEntire Dan W Clanton Jr Philip Culbertson Jim Perkinson Noel Leo Erskine Tex Sample Roland Boer Terry Ray Clark Steve Taylor Tina Pippin Laura Copier Jaap Kooijman Caroline Vander Stichele and Erin Runions

**Afro-Eccentricity** W. Hart, 2011-04-25 Afro Eccentricity explores three overlapping stories of Black Religion the Soul Black Church and Ancestor Narratives Hart contends that these narratives dominate most accounts of Black Religion that collectively he calls the Standard Narrative of Black Religion **Exodus Through the Centuries** Scott M. Langston, 2013-04-11 This bible commentary looks at how Exodus has influenced and has been influenced by history religion politics the arts and other forms of culture over the ages A bible commentary tracing the reception history of Exodus from Old Testament times through the Patristic and Reformation periods to the present day Considers the ways in which Exodus has influenced and has been influenced by history religion politics the arts and other forms of culture in Jewish Christian and secular settings Looks at how Exodus has served as a tool of liberation and tyranny in a variety of settings Shows how Exodus has been used to shape the identities of individuals and groups Discusses the works of current and past poets musicians film makers authors and artists influenced by Exodus Addresses uses of Exodus related to American and European history such as the Glorious Revolution colonialism the American Revolution Civil War Civil Rights Movement African Americans and Native Americans as well as uses by prominent and little known historical figures Considers the impact of the Ten Commandments and other laws in legal political and religious contexts The Blackwell Bible Commentary series is supported by a website at [www.bbibcomm.net](http://www.bbibcomm.net) T&T Clark Companion to the Bible and Film Richard Walsh, 2018-06-28 The first decades of the twenty first century saw a resurgence of the biblical epic film such as Noah and Exodus Gods and Kings which was in turn accompanied by a growth of biblical film criticism This companion surveys that field of study by framing it in light of

significant and recent biblical films as well as the voices of key biblical film critics Non Hollywood and seemingly non biblical films also come under investigation The contributors concentrate on three points context focusing on the Bible in specific film genres and cultural situations theory applying theory from both religion and film studies with an eye to their possible intersections and recent and significant texts reflecting on which texts and themes have been most important in biblical film and which are currently at the fore Exploring cinema across the globe and accompanied by extended introductory essays for each of the three sections this companion is an important resource for scholars in both film and biblical reception The Bible in the American Short Story Lesleigh Cushing Stahlberg, Peter S. Hawkins, 2017-11-02 The Bible in the American Short Story examines Biblical influences in the post World War II American short story In a series of accessible chapters Lesleigh Cushing Stahlberg and Peter S Hawkins offer close readings of short stories by leading contemporary writers such as Flannery O Connor Allegra Goodman Tobias Wolff and Kirstin Valdez Quade that highlight the biblical passages that they reference Exploring episodes from the Hebrew Bible and the New Testament and both Jewish and Christian heritages this book is an important contribution to understanding the influence of the Bible in contemporary literature What Movies Teach about Race Roslyn M. Satchel, 2016-11-29 What Movies Teach about Race Exceptionalism Erasure Entitlement reveals the way that media frames in entertainment content persuade audiences to see themselves and others through a prescriptive lens that favors whiteness These media representations threaten democracy as conglomeration and convergence concentrate the media's global influence in the hands of a few corporations By linking film's political economy with the movie content in the most influential films this critical discourse study uncovers the socially shared cognitive structures that the movie industry passes down from one generation to another Roslyn M Satchel encourages media literacy and proposes an entertainment media cascading network activation theory that uncovers racialized rhetoric in media content that cyclically begins in historic ideologies influences elite discourse embeds in media systems produces media frames and representations shapes public opinion and then is recycled and perpetuated generationally The Oxford Handbook of the Bible and the Reformation Jennifer Powell McNutt, Herman J. Selderhuis, 2024-11-06 During the Reformation of the sixteenth century the role of the Bible in both Protestant and Roman Catholic branches of western Christianity was vital and complex Drawing on new technologies such as movable type this period saw extraordinary energy and enterprise put into the translation interpretation and publication of Christianity's sacred text As a result an increasingly broad section of the population from scholars and clergy to laity and children came to be involved in the reception of the Bible and its position in early modern religious expression The Oxford Handbook of the Bible and the Reformation provides readers with a deeper understanding of the expansive history of the Bible as it was shaped shared and received across Christian traditions Chapters explore the biblical canon translation and print the development of Reformation hermeneutics the history of Bible commentators and exegesis relating to key texts and theological themes of Reformation writing and discourse Engaging the subject broadly

intricately and robustly the expertise of over fifty leading experts illuminates the early modern Bible's composition and position as scripture and from the Renaissance era on as a printed book By including the contributions of radical reformers Catholics and women scholars the Handbook presents a deep and wide ranging account of the importance of the Bible's reach and authority among all western Christians      Film and Religion Paul Virgil McCracken Flesher, Robert Torrey, 2007 How major release films since World War II use religion to tell stories and convey messages      Muslims beyond the Arab World Fallou Ngom, 2016-06-01 Muslims beyond the Arab World explores the vibrant tradition of writing African languages using the modified Arabic script Ajami alongside the rise of the Muridiyya Sufi order in Senegal The book demonstrates how the development of the Ajami literary tradition is entwined with the flourishing of the Muridiyya into one of sub Saharan Africa's most powerful and dynamic Sufi organizations It offers a close reading of the rich hagiographic and didactic written recited and chanted Ajami texts of the Muridiyya works largely unknown to scholars The texts describe the life and Sufi odyssey of the order's founder Shaykh Ahmadu Bamba Mbakke 1853 1927 his conflicts with local rulers and Muslim clerics and the French colonial administration and the traditions and teachings he championed that permanently shaped the identity and behaviors of his followers Fallou Ngom evaluates prevailing representations of the Muridiyya movement and offers alternative perspectives He demonstrates how the Murids used their written recited and chanted Ajami materials as an effective mass communication tool in conveying to the masses Bamba's poignant odyssey doctrine the virtues he stood for and cultivated among his followers self esteem self reliance strong faith work ethic pursuit of excellence determination nonviolence and optimism in the face of adversity without the knowledge of the French colonial administration and many academics Muslims beyond the Arab World argues that this is the source of the resilience appeal and expansion of Muridiyya which has fascinated observers since its inception in 1883      *Muslim Civil Society and the Politics of Religious Freedom in Turkey* Jeremy F. Walton, 2017 In contemporary Turkey a plethora of Muslim NGOs spanning the sectarian divide between Sunni and Alevi Muslims has called into question statist sovereignty over Islam Muslim Civil Society and the Politics of Religious Freedom in Turkey is an ethnographic study of these institutions and their distinctive nongovernmental politics of religious freedom      *Exodus and Liberation* John Coffey, 2014 Tracing a series of political crises in Anglo American history from the 16th century Reformation to the civil rights movement Coffey excavates the history of deliverance politics testifying to the powerful political appeal of the Exodus the Jubilee and the biblical language of liberty      Imagining the Fetus Vanessa R Sasson, Jane Marie Law, 2009-03-26 In contemporary Western culture the word fetus introduces either a political subject or a literal medicalized entity Neither of these frameworks does justice to the vast array of religious literature and oral traditions from cultures around the world in which the fetus emerges as a powerful symbol or metaphor This volume presents essays that explore the depiction of the fetus in the world's major religious traditions finding some striking commonalities as well as intriguing differences Among the themes that emerge is the tendency to conceive of the fetus as somehow

independent of the mother's body as in the case of the Buddha who is described as inhabiting a palace while gestating in the womb. On the other hand, the fetus can also symbolically represent profound human needs and emotions such as the universal experience of vulnerability. The authors note how the advent of the fetal sonogram has transformed how people everywhere imagine the unborn today, giving rise to a narrow range of decidedly literal questions about personhood, gender, and disability.

Immerse yourself in heartwarming tales of love and emotion with Crafted by is touching creation, **Moses In America The Cultural Uses Of Biblical Narrative** .
