God's Treasure Dr. Pocahontas Schuck, 2025-01-07 God's Treasure Ark of the Covenant is loaded with a huge amount of information that is generally unknown to the public How is it possible In an age of knowledge explosions how could a large majority of the public not know that Ron Wyatt amateur archaeologist actually discovered the Ark of the Covenant hidden for more than 2 000 years in a cave in Jerusalem directly under the cross site It appears to me that this amazing archaeological discovery has remained obscure due largely to the fact that it was not supported by the professional archaeologists with Ph D behind their name In order to explain and validate the existence of the Ark of the Covenant I chose to search the Scriptures highlighting the plan of God to create the Ark by telling Moses the exact blueprint for its construction by Bezalel and Aholiab Scriptures were added that followed the Ark throughout the wilderness wanderings and the role of the Ark in parting the Jericho to allow the Israelites to pass through on dry ground The history of the Ark is included until the Glory of the Lord departs as explained in Ezekiel There is information about the whereabouts of the Ark as the Israelites are in bondage in Babylon There is information that seems to explain how the Ark came to be safely transported to the cave to be hidden for safekeeping until God chooses to expose this information to the world Not only did Ron Wyatt amateur archaeologist discover the Ark of the Covenant God also revealed to him a hundred Biblical sites including wheels of the chariots from the drowned Egyptians on the bottom of the Red Sea the site of Sodom and Gomorrah Noah's Ark in Turkey and many more Mr Wyatt began the discovery of the Ark in January 1979 He was successful in locating the Ark hidden in a cave in Jerusalem on January 6 1982 just three years later
