**Paul and Moses** Florian Wilk, 2021 Within the framework of Paul's use of Scripture the contexts of biblical narratives are of great significance although this has long been underestimated This conference volume deals with the reception of traditions about Moses in the letters of the apostle to the Gentiles especially the exodus and Sinai traditions It focuses on the important and much discussed passages about the danger of idolatry in 1 Corinthians 10 as well as on the glory of Paul's apostolic ministry in 2 Corinthians 3 The collected essays are methodologically oriented towards the issue of the relationship between education formation and religion and they thus perceive Paul's use and interpretation of those biblical traditions as a process of religious education Tradition historical backgrounds and the contexts of the situations are also taken into consideration as well as literary structures and communicative intentions *Paul's Anthropology in Context* Geurt Hendrik van Kooten, 2008 Expanded version of a collection of essays published elsewhere previously between 2005 and 2008 plus one new essay published here for the first time *Secular Messiahs and the Return of Paul's 'Real'* C. Paul's complicated legacy in shaping Western notions of race ethnicity and religion      *The Political Theology of Paul* Jacob Taubes, Aleida Assmann, 2004 This highly original interpretation of Paul by the Jewish philosopher of religion Jacob Taubes was presented in a number of lectures held in Heidelberg toward the end of his life and was regarded by him as his spiritual testament Taubes engages with classic Paul commentators including Karl Barth but also situates the Pauline text in the context of Freud Nietzsche Benjamin Adorno Scholem and Rosenzweig In his distinctive argument for the apocalyptic revolutionary potential of Romans Taubes also takes issue with the political theology advanced by the conservative Catholic jurist Carl Schmitt Taubes's reading has been crucial for a number of interpretations of political theology and of Paul including those of Jan Assmann and Giorgio Agamben and it belongs to a wave of fresh considerations of Paul's legacy Boyarin Lyotard Badiou Žižek Finally Taubes's far ranging lectures provide important insights into the singular experiences and views of this unconventional Jewish intellectual living in post Holocaust Germany      *A Commentary on St. Paul's Epistle to the Galatians* Martin Luther, 1939      *Paul* Herman Ridderbos, 1997-09-11 This is the English translation of the monumental study of the theology of the Apostle Paul by the Dutch theologian and Biblical scholar Herman Ridderbos
