 in Contemporary British Fiction     *Representations of Child Soldiers in Contemporary African Narratives* Ademola  
 Adesola, 2024-09-11 In *Representations of Child Soldiers in Contemporary African Narratives* Ademola Adesola examines the  
 dominant factors that writers privilege in their portrayals of child soldiering in sub Saharan Africa In his textual interpretive  
 analyses of selected novels in the African child soldier genre Adesola contends that critical discussions of African child  
 soldier literature have depended on the interpretive frameworks supplied by Western humanitarian discourses which  
 oversimplify and de historicize experiences of war in Africa The author argues that such reductive decontextualization of war  
 realities serve to champion a narrow vision of war in African contexts centered on a moral and humanitarian urge for  
 Western intervention Regardless of whether the casus belli legitimating those wars are genuine or not those conflicts and  
 children s involvement in them are understood within the same racist colonial and ethnocentric stereotypes about Africa that  
 have been privileged in Western thought and the Western moral political imagination for centuries Thus in studying African  
 child soldier narratives this book provides an alternative reading of novels whose settings feature African ethno-political  
 conflicts such as in Sierra Leone Liberia Congo Brazzaville Nigeria notable for their exploitation of children for military ends  
 The author maintains that these works are significant in the varying ways they reify and challenge the Western ideas of child  
 and childhood as well as privilege child soldiers as social actors whose intricate makeups disavow being simply understood as  
 innocent victims or irredeemable perpetrators of atrocities     **Performative Inter-Actions in African Theatre 1** Kene  
 Igweonu, Osita Okagbue, 2014-01-14 This book is part of a three volume book set published under the general title of  
 Performative Inter Actions in African Theatre Each of the three books in the set has a unique subtitle that works to better  
 focus its content and differentiates it from the other two volumes The contributors backgrounds and global spread  
 adequately reflect the international focus of the three books that make up the collection The contributions in their various

ways demonstrate the many advances and ingenious solutions adopted by African theatre practitioners in tackling some of the challenges arising from the adverse colonial experience as well as the one sided advance of globalisation The contributions attest to the thriving nature of African theatre and performance which in the face of these challenges has managed to retain its distinctiveness while at the same time acknowledging contesting and appropriating influences from elsewhere into an aesthetic that is identifiably African Consequently the three books are presented as a comprehensive exploration of the current state of African theatre and performance both on the continent and diaspora Performative Inter Actions in African Theatre 1 Diaspora Representations and the Interweaving of Cultures explores the idea that in and from their various locations around the world the plays of the African diaspora acknowledge and pay homage to the cultures of home while simultaneously articulating a sense of their Africanness in their various inter actions with their host cultures Contributions in Diaspora Representations and the Interweaving of Cultures equally attest to the notion that the diaspora as we see it is not solely located outside of the African continent itself but can be found in those performances in the continent that engage performatively with the West and other parts of the world in that process of articulating identity

Child Soldiers David M. Rosen, 2012-04-23 This book exposes the role of children in war describing where why and how children are deployed the attempts made by international organizations to protect children and the underlying political and cultural issues that make this such a thorny issue In conflict torn countries such as Myanmar and Uganda the use of child soldiers in military and paramilitary operations continues to occur despite widespread condemnation and the efforts of organizations such as the Coalition to Stop the Use of Child Soldiers This book will allow readers to grasp the impact of this issue for both individuals and nations worldwide Child Soldiers A Reference Handbook traces the evolution of child soldiers from approximately 1940 onwards covering important historical to modern conflicts The subject is discussed from a global perspective with particular attention given to areas where the use of child soldiers is most prevalent The book covers the complex underlying reasons for the continued use of child soldiers in the modern world examines the political and psychological consequences of using children both male and female in military and paramilitary organizations and describes how this subject has been addressed by international law and various human rights organizations

*Child Soldiers in the Western Imagination* David M Rosen, 2015-10-12 When we hear the term child soldiers most Americans imagine innocent victims roped into bloody conflicts in distant war torn lands like Sudan and Sierra Leone Yet our own history is filled with examples of children involved in warfare from adolescent prisoner of war Andrew Jackson to Civil War drummer boys who were once viewed as symbols of national pride rather than signs of human degradation In this daring new study anthropologist David M Rosen investigates why our cultural perception of the child soldier has changed so radically over the past two centuries Child Soldiers in the Western Imagination reveals how Western conceptions of childhood as a uniquely vulnerable and innocent state are a relatively recent invention Furthermore Rosen offers an illuminating history of how

human rights organizations drew upon these sentiments to create the very term child soldier which they presented as the embodiment of war's human cost Filled with shocking historical accounts and facts and revealing the reasons why one cannot spell infantry without infant Child Soldiers in the Western Imagination seeks to shake us out of our pervasive historical amnesia It challenges us to stop looking at child soldiers through a biased set of idealized assumptions about childhood so that we can better address the realities of adolescents and pre adolescents in combat Presenting informative facts while examining fictional representations of the child soldier in popular culture this book is both eye opening and thought provoking

Performative Inter-Actions in African Theatre 2 Kene Igweonu, Osita Okagbue, 2014-04-11 This book is part of a three volume book set published under the general title of Performative Inter Actions in African Theatre Each of the three books in the set has a unique subtitle that works to better focus its content and differentiates it from the other two volumes The contributors backgrounds and global spread adequately reflect the international focus of the three books that make up the collection The contributions in their various ways demonstrate the many advances and ingenious solutions adopted by African theatre practitioners in tackling some of the challenges arising from the adverse colonial experience as well as the one sided advance of globalisation The contributions attest to the thriving nature of African theatre and performance which in the face of these challenges has managed to retain its distinctiveness while at the same time acknowledging contesting and appropriating influences from elsewhere into an aesthetic that is identifiably African Consequently the three books are presented as a comprehensive exploration of the current state of African theatre and performance both on the continent and diaspora Performative Inter Actions in African Theatre 2 Innovation Creativity and Social Change contains essays that address performativity as a process particularly in the context of theatre's engagement with contemporary realities with the hope of instigating social change The innovativeness of the examples explored within the book points to the ingenuity and adaptive capacity of African theatre in ways that engage indigenous forms in the service of contemporary realities Contributions in Innovation Creativity and Social Change explore forms such as Theatre for Development community and applied theatre and indigenous juridical performances as well as the work of contemporary dramatists and performers who set out to instigate change in society

Performative Inter-Actions in African Theatre 3 Kene Igweonu, Osita Okagbue, 2014-01-02 This book is part of a three volume book set published under the general title of Performative Inter Actions in African Theatre Each of the three books in the set has a unique subtitle that works to better focus its content and differentiates it from the other two volumes The contributors backgrounds and global spread adequately reflect the international focus of the three books that make up the collection The contributions in their various ways demonstrate the many advances and ingenious solutions adopted by African theatre practitioners in tackling some of the challenges arising from the adverse colonial experience as well as the one sided advance of globalisation The contributions attest to the thriving nature of African theatre and performance which in the face of these challenges has managed to retain its distinctiveness

while at the same time acknowledging contesting and appropriating influences from elsewhere into an aesthetic that is identifiably African. Consequently the three books are presented as a comprehensive exploration of the current state of African theatre and performance both on the continent and diaspora.

**Performative Inter Actions in African Theatre 3 Making Space Rethinking Drama and Theatre in Africa** offers essays that seek to re conceptualise notions of drama and theatre in Africa and therefore redefine our understanding of the practice role and place they occupy in a constantly evolving African socio cultural contexts. Contributions in Making Space Rethinking Drama and Theatre in Africa range from essays that explore notions of space in performance to those that challenge the perceived orthodoxy of conventional forms and approaches to theatre.

**Restaging War in the Western World** M. Abbenhuis, S. Buttsworth, 2009-03-30 This collection seeks to move noncombatant perspectives to center stage acknowledging their importance destabilizing the primacy of the combatant and explaining or undermining the staging of warfare as a singular and acontextual production.

**Ethics of Witness in Global Testimonial Narratives** Kimberly A. Nance, 2019-12-09 Inspired by Susan Sontag's examination of the impact of photography of conscience in *Regarding the Pain of Others* Kimberly A Nance's *Responding to the Pain of Others* *Ethics of Witness in Global Testimonial Narratives* takes as its point of departure Sontag's speculation that in combatting human rights abuse a narrative seems likely to be more effective than an image. Building on her own earlier research on Aristotelian rhetorical theory and testimony along with other interdisciplinary approaches Nance analyzes the socio literary narratives of Elvia Alvarado Medea Benjamin Peter Dickinson Benjamin Alire S enz Clea Koff Delia Jarrett Macauley Valentino Achak Deng Dave Eggers Uwem Akpan and Alicia Partnoy. Each of them she finds confronts a human rights discourse in which words and witnesses have become disconnected from actions. Recognizing that the genre's own conventions have become an obstacle to its projects these testimonialists draw on humor irony satire parody and innovative literary techniques alongside strategies rooted in real life organizing in an effort to reactivate the discourse of human rights. They seek to persuade readers to exchange a solidarity of sentiment a state Michael Vander Weele calls an aesthetics in which the engine revs but the clutch is never engaged for actual social action.

***Silence and Silencing in Selected African Novels*** Oumar Chérif Diop, 2025-09-04 Through literary analysis this book examines how African writers address silence and oppression in novels and poetry. *Silence and Silencing in Selected African Novels* *Power Dynamics and Transformative Voices* by Oumar Ch rif Diop explores representations of rhetorical sociocultural and gendered silence and silencing within selected African literature. He examines how African writers deconstruct normative discourses.

and use aesthetic forms and narrative techniques to confront silencing systems Within these literary works characters express their thoughts emotions fears anxieties and protest through their silence Through textual analysis Diop explores the spaces where silence and silencing occur and how they highlight power dynamics and enforce oppressive structures These texts also reveal the transformative potential of silence to illustrate the resilience of marginalized characters and their inspiring struggle against the censoring mechanisms of repressive institutions Breaking the silence becomes an act of reclaiming agency and challenging oppressive forces Diop shows how the importance of voice in the struggle for justice and the potential for individual actions inspires broader movements for change

### **Writing That Breaks Stones** Joya Uraizee,2020-10-01

*Writing That Breaks Stones* African Child Soldier Narratives is a critical examination of six memoirs and six novels written by and about young adults from Africa who were once child soldiers It analyzes not only how such narratives document the human rights violations experienced by these former child soldiers but also how they connect and disconnect from their readers in the global public sphere It draws on existing literary scholarship about novels and memoirs as well as on the fieldwork conducted by social scientists about African children in combat situations *Writing That Breaks Stones* groups the twelve narratives into categories and analyzes each segment comparing individually written memoirs with those written collaboratively and novels whose narratives are fragmented with those that depict surreal landscapes of misery It concludes that the memoirs focus on a lone individual s struggles in a hostile environment and use repetition logical contradictions narrative breaks and reversals of binaries in order to tell their stories By contrast the novels use narrative ambiguity circularity fragmentation and notions of dystopia in ways that call attention to the child soldiers communities and environments All twelve narratives depict the child soldier s agency and culpability somewhat ambiguously effectively reflecting the ethical dilemmas of African children in combat
