Mother A Collective Portrait:

Mother Mary M. Kalergis,1997-03-01 Mother Mary M. Kalergis,1988-05-01 A collection of brief essays by women on their role as mothers *Ruth Asawa and the Artist-Mother at Midcentury* Jordan Troeller,2025-07-01 How a group of artist mothers in postwar San Francisco refused the centuries old belief that a woman could not make art while also raising children For most of modern history to be an artist and a mother was to embody a contradiction in terms This awful dichotomy as painter Alice Neel put it pitted artmaking against caretaking and argued that the best art was made at the expense of family and futurity But in San Francisco in the 1950s and 1960s a group of artists gathered around Ruth Asawa 1926 2013 began to reject this dominant narrative In *Ruth Asawa and the Artist Mother at Midcentury* Jordan Troeller analyzes this remarkable moment Insisting that their labor as mothers fueled their labor as artists these women redefined key aesthetic concerns of their era including autonomy medium specificity and originality Delving into the archive where the traces of motherhood have not yet been erased from official history Troeller reveals Ruth Asawa s personal and professional dialogue with several other artist mothers including Merry Renk Imogen Cunningham and Sally Woodbridge For these women motherhood was not an essentialized identity but rather a means to reimagine the terms of artmaking outside of the patriarchal policing of reproduction This project unfolded in three broad areas which also structure the book s chapters domesticity and decoration metaphors for creativity and maternal labor in the public sphere especially in the public schools Drawing on queer theory and feminist writings Troeller argues that in belatedly accounting for the figure of the artist mother art history must reckon with an emergent paradigm of artmaking one predicated on reciprocity caretaking and futurity

Nelson, 2020-05-01 Within the framework of Jungian archetypal psychology and utilizing Karl Ker nyi s theories on Hermes and the archetypal symbolism of mother and daughter this book combines the mythopoeic and psychoanalytical approaches in interpreting Krull s development as both a mythic identification with Hermes and an odyssey into the archaic depths of the Collective Unconscious As a counterpart to the thematic line of investigation detailed stylistic analyses aim at pointing out significant correspondences between form and content

Mothers on Trial Phyllis Chesler, 2011-07-01 Completely updated and revised for the twenty first century *Mothers on Trial* remains the bible for all women facing a custody battle as well as the lawyers psychologists and others who support them This landmark book was the first to break the false stereotype about mothers getting preferential treatment over fathers when it comes to custody In this new edition Chesler shows that with few exceptions the news has only gotten worse when both the father and the mother want custody the father usually gets it The highly praised *Mothers on Trial* is essential reading for anyone concerned personally or professionally with custody rights

and the well being of our children *Anatomy of Spirituality: Portrait of the Soul* Chander Behl, 2015-04-27 The domain of spirituality separated from its theological overburden believes in the existence of a spiritual self presumed to be distinctly separate from the psychological self The spiritual eternal self also known as the soul or spirit sometimes supported by an overarching Spirit is asserted to be operating behind the ephemeral self This book takes a contrarian stance it argues that the premise of the soul concept is obtained through the magic of language maintained through the marvel of the brain's biochemistry and sustained through the mirage of the psychological juggernauts of the brain The magic the marvel and the mirage together bring about subtle shifts as the linguistic brain suppresses many psychological details habitually applies mental templates such as inversions and dichotomies and enhances its language by coining religious and spiritual metaphors The consequence of these changes is that the usual flickering self begins to be impressed by itself believing it is buttressed by something transcendental and eternal within the soul or the spirit The self although indoctrinated during its formative years also begins to assimilate and accept the opinion that the overwhelming weight of religious doctrines and dogmas the overburden signifies as the legitimate proof for the eternal soul Don't Blame Mother Paula J.
