**Art and Resistance in Germany** Deborah Ascher Barnstone, Elizabeth Otto, 2018-11-01 In light of the recent rise of right wing populism in numerous political contexts and in the face of resurgent nationalism racism misogyny homophobia and demagoguery this book investigates how historical and contemporary cultural producers have sought to resist confront confound mock or call out situations of political oppression in Germany a country which has seen a dramatic range of political extremes during the

past century While the current turn to nationalist populism is global it is perhaps most disturbing in Germany given its history with its stormy first democracy in the interwar Weimar Republic its infamous National Socialist Nazi period of the 1930s and 1940s and its split Cold War existence with Marxist Leninist Totalitarianism in the German Democratic Republic and the Federal Republic of Germany's barely hidden ties to the Nazi past Equally important Germans have long considered art and culture critical to constructions of national identity which meant that they were frequently implicated in political action This book therefore examines a range of work by artists from the early twentieth century to the present work created in an array of contexts and media that demonstrates a wide range of possible resistance

**Insatiable** Stuart Sim, 2017-06-15 Hurling our financial markets through tempests of speculation driving our businesses into practices of simultaneous austerity for those on the bottom and lavish expenditure for those on the top and flying high as a banner for outspoken bankers brokers and politicians alike has been a prevailing ethos greed is good In this book Stuart Sim calls for an end to this madness exposing the massively damaging effects that greed has had on both public and private life and showing how the actions of a socially irresponsible greedocracy have systematically undermined our democratic institutions Ranging across politics economic theory finance healthcare the food industry sports religion and the arts Sim demonstrates how deeply embedded the greed imperative is in human psychology As he shows all of us as individuals are capable of greed usually in small and insignificant ways but some embrace it to the extreme and moreover it has thrived as a powerful force in our wider culture and institutions asserting itself everywhere we go The food industry encourages us to overeat The medical industry has increasingly been driven by profits rather than well being Corporations hypocritically claim fiscal responsibility driving down workers wages while paying executives even those who drive the business into the ground record sums Looking at larger phenomena such as the increasing wealth gap and exponential population growth Sim also proffers various ways we

can deal with greed in our day to day lives And as he shows we must deal with it Insatiable is a wakeup call to recognize the horrible effects that greed is having on our relationships institutions cultures environment even on our own bodies and that we must resist it wherever we can Mother Courage and Her Children Bertolt Brecht,2015-02-13 This version of Brecht's great anti war play by playwright David Hare was premiered by the National Theatre London in November 1995 It adopts a freer approach to the text than many editions adapting the original rather than offering a close translation In this chronicle of the Thirty Years War Mother Courage follows the armies back and forth across Europe selling provisions and liquor from her canteen wagon One by one she loses her children to the war but will not part with her livelihood the wagon The Berlin production of 1949 with Helene Weigel as Mother Courage marked the foundation of the Berliner Ensemble Considered by many to be one of the greatest anti war plays ever written and Brecht's masterpiece it remains a powerful example of Brecht's Epic Theatre and pioneering theatrical style *Mother Courage & The Children* M P S :Brecht B.,1985 **200 Plays for GCSE and A-Level Performance** Jason Hanlan,2021-05-20 How do I choose a play to perform with my students that meets the curriculum requirements and also interests my class What can I introduce my students to that they might not already know If you're asking these questions this is the book for you Written specifically for drama teachers this is a quick easy to use guide to finding and staging the best performance material for the whole range of student abilities and requirements for 15-18 year olds It suggests 200 plays suitable for students of all abilities and requirements providing sound advice on selection and realisation and opening up plays and playwrights you may have never known existed Structured in 2 parts Part 1 consists of 8 easy to read chapters explaining how to get the most out of the resource Part 2 is a vast resource listing 200 plays suitable for study performance at GCSE and A Level The details of each play are set out in an easy to navigate chart that offers introductory information on Play Playwright Casting numbers Gender splits Ability Genre description Brief Summary Exam level Workshop ideas Warnings advice where necessary Suggested scenes for study Performance notes including lighting sound costume and space Brecht: Mother Courage and Her Children Peter Thomson,Viv Gardner,1997-12-11 This is the first comprehensive study of Brecht's Mother Courage Peter Thomson locates the sources of the play in Brecht's own experience and heritage and provides a detailed account of Brecht's own production with the newly formed Berliner Ensemble in 1949 Thomson then explores how the play has been transmitted in the English speaking theatre from Joan Littlewood's production with the Theatre Workshop Company in 1956 to the Royal National Theatre with Diana Rigg as Mother Courage in 1995 The book also examines such influential interpretations as those by William Gaskill Judi Dench and Glenda Jackson in the English theatre and by Herbert Balu and Richard Schechner in America Seminal productions in France and the Germanies are also discussed A final chapter highlights the new urgency of the text in light of the wars in the former Yugoslavia and closes with an account of a triumphant staging in Uganda *The War Chronicles: From Chariots to Flintlocks* Joseph Cummins,2008
