Reimer,2015-11-01 The Mother Blame Game is an interdisciplinary and intersectional examination of the phenomenon of mother blame in the twenty first century As the socioeconomic and cultural expectations of what constitutes good motherhood grow continually narrow and exclusionary mothers are demonized and stigmatized perhaps now more than ever for all that is perceived to go wrong in their children s lives This anthology brings together creative and scholarly contributions from feminist academics and activists alike to provide a dynamic study of the many varied ways in which mothers are blamed and shamed for their maternal practice Importantly it also considers how mothers resist these ideologies by engaging in empowered and feminist mothering practices as well as by publicly challenging patriarchal discourses of good motherhood      **Hanging Out** Ruth Garner,2002-03-30 There is an unsettledness now in after school childcare The stay at

home mom years are largely over Will children even very young children stay home alone or hang out with peers risking loneliness or engaging in problem behavior Will some new form of supervised care emerge The authors in this collection have spent time in community after school programs and have learned what happens there The authors suggest that after school programs can be an important part of a system of childcare as long as we can find ways to build programs for small and scattered populations as well as for densely packed ones and as long as the money to fund programs can be found The money is important Many of the programs discussed in this book are specifically targeted to children from families with low incomes These are the families least likely to be able to pay for care A reader leaves this book with both anxiety and hope about the future of childcare in the United States      *Reader's Guide to Lesbian and Gay Studies* Timothy Murphy,2013-10-18 The
