Naming the Whirlwind Langdon Gilkey, 1976 *Heredity and Society* Ian Porter, 2012-12-02 *Heredity and Society* documents the proceedings of a symposium on heredity and society sponsored by the Birth Defects Institute of the New York State Department of Health held in Albany New York October 26 27 1971 The central theme *Heredity and Society* means taking part in the exploration of the science of genetics as it affects and is affected by modern life The contributions made by researchers at the symposium are organized into five sections The two papers in Section 1 review the history of genetics and discuss ongoing human evolution Section II presents two studies on changes in the frequency of genes in the population and the evolution of human behavior Section III contains studies on the effects of genetic counseling and couples who get genetic counseling Section IV presents some reflections about the consequences of past present and future life styles in reproduction of citizens living in Western democracies It also includes studies on the genetic implications of abortion and the impact of congenital malformations on society Section V deals with sex chromosome abnormalities mass screening programs for inborn errors of metabolism and ethical issues raised by advances in genetics **Systematic Theology** Francis Schüssler Fiorenza, John P. Galvin, 1991-01-01 Unique among contemporary resources the landmark *Systematic Theology* and its distinguished contributors present the major areas or loci of Roman Catholic theology in light of contemporary developments especially the sea change since Vatican II thought the best new historical studies of traditional doctrines and Scripture and the diverse creative impulses that come from recent philosophy and hermeneutics culture and praxis and ecumenical contacts This new volume combines and updates both previous volumes incorporates into the framework nearly twenty years of fresh thought and bibliography in each area and adds revisions to key articles to take account of a diverse fluid and postmodern situation *Chasing Belief* Wayne L. Krefting, 2021-09-16 Every day the sun rises and the sun sets The inconceivably immense cosmos goes on without stopping taking no notice of our life our death or our quest for meaningfulness Humans have always chased belief sought meaning in the world transcendent to the personal and particular amid the ambiguous mixture of beauty and horror all around us But the traditional symbols and concepts the narrative roadmaps that once sustained and directed belief have changed and are increasingly seen as meaningless divorced from the reality of the physical world in which we live especially in the West and for many within Western Christianity It is time to create new transformed concepts for those moral and ethical religious teachings compatible with our modern self understanding We need new wineskins that remain faithful to important traditions but also find a basis beyond the personal and preferential a transcendent perspective that thinks and believes both scientifically and religiously as we chase belief *Chasing Belief* challenges traditional models and thought patterns of religious language and ideas to plant the seeds of a new transformative spirituality that gives meaning and hope to the life we share on this mote in the cosmic sea **The Encyclopedia of Christianity** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 The *Encyclopedia of Christianity* is the first

of a five volume English translation of the third revised edition of Evangelisches Kirchenlexikon Its German articles have been tailored to suit an English readership and articles of special interest to English readers have been added The encyclopedia describes Christianity through its 2000 year history within a global context taking into account other religions and philosophies A special feature is the statistical information dispersed throughout the articles on the continents and over 170 countries Social and cultural coverage is given to such issues as racism genocide and armaments while historical content shows the development of biblical and apostolic traditions This comprehensive work while scholarly is intended for a wide audience and will set the standard for reference works on Christianity Outstanding reference sources 2000 American Libraries May 2000 Comp by the Reference Sources Committee RUSA ALA Message and Existence Langdon Gilkey,2001-11-08 *Angels* George J. Marshall,2015-08-13 In the 1990s alone more than 400 works on angels were published adding to an already burgeoning genre Throughout the centuries angels have been featured in among others theological works on scripture studies in comparative religions works on art architecture and music philological studies philosophical sociological anthropological archeological and psychological works and even a psychoanalytical study of the implications that our understanding of angels has for our understanding of sexual differences This bibliography lists 4 355 works alphabetically by author Each entry contains a source for the reference often a Library of Congress call number followed by the name of a university that holds the work More than 750 of the entries are annotated Extensive indexes to names subjects and centuries provide further utility Systematic Theology Thomas P. Rausch,2016-03-24 Systematic theology seeks to understand and render more intelligible the central doctrines of faith and to show how they are related to each other It tries to demonstrate how these doctrines are rooted in Scripture and develop in the history of the church most important it strives to more adequately express and sometimes reinterpret the church s doctrinal tradition always in the interest of better communicating the mystery of salvation and bringing it into a dialogue with culture The present text is intended to be concise and accessible an introduction that explores basic themes in Catholic systematic theology from a biblical historical and contemporary perspective always aware of today s theological pluralism In Face of Reality Thomas A. James,2011-04-01 This study of the work of noted liberal theologian Gordon Kaufman tracks his career from his first published book *Relativism Knowledge and Faith* 1960 through his 2006 book *Jesus and Creativity* in light of recent conversations about divine action and modern scientific knowledge James interprets Kaufman s mature position as a sophisticated reconstruction of divine activity that makes use of recent scientific theory and its naturalistic assumptions in order to revitalize a theocentric frame of reference rooted in classical theological tradition Though there are costs to be paid in the construction of a theology of radical naturalism particularly with respect to the relation between divine action and the human good Kaufman s program offers a distinctive way forward After developing a critical analysis of the limitations and possibilities of Kaufman s mature position James suggests that a christological reconsideration of the meaning of human

flourishing offers the prospect of an even more radically naturalistic and theocentric theology Calling All Years Good Kathleen A. Cahalan, Bonnie J. Miller-McLemore, 2017-07-05 A uniquely comprehensive discussion of vocation from infancy to old age Do infants have a vocation Do Alzheimer's patients In popular culture vocation is often reduced to adult work or church ministry Rarely do we consider childhood or old age as crucial times for commencing or culminating a life of faith in response to God's calling This book addresses that gap by showing how vocation emerges and evolves over the course of an entire lifetime The authors cover six of life's distinct seasons weaving together personal narrative developmental theory case studies and spiritual practices Calling All Years Good grounds the discussion of vocation in concrete realities and builds a cohesive framework for understanding calling throughout all of life Quilting and Braiding Shannon Schrein, 1998 Drawing imagery from practices that have typically been a part of women's heritage quilting and braiding this work forms a footbridge between tradition and contemporary concerns bringing the study of christology into the lives of people today Quilting and Braiding explores the christologies of pivotal feminist theologians Sallie McFague and Elizabeth A Johnson and examines the impact of feminism on the entire field of theology **The Journey of Modern Theology** Roger E. Olson, 2013-11-01 In this major revision and expansion of the classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to postmodernism now recast in terms of how theologians have accommodated or rejected modernity *Military Chaplains' Review*, 1975 **The Minimalist Vision of Transcendence** Jerome A. Stone, 1992-11-03 Charts a spiritual path that skirts the choice between the old notion of God and atheism between foundationalism and relativism Describes a Neo naturalistic philosophy of religion that combines a vision of this worldly transcendence with an attitude of openness in inquiry and action Part of the revival of radical empiricism in religious thought Paper edition unseen 16 95 Annotation copyright by Book News Inc Portland OR

Tillie Olsen and a Feminist Spiritual Vision Elaine Neil Orr, 1987 Tillie Olsen's work resonates with the promises and difficulties of mothering and with the immense holiness revealed in every child Regarding her vision of women's lives and dreams Olsen's working class background political activism and mothering have lent her a different perspective from most American writers even other women writers and feminist critics **Positivism and Christianity** K.H. Klein, 2012-12-06 This essay is conceived as a critical exposition of the central issues that figure in the ongoing conversation between Logical Positivists and neo Positivists on the one hand and Christian apologists on the other My expository aim is to isolate and to describe the main issues that have emerged in the extended discussion between men of Positivistic turn of mind and men sympathetic to the claims of Christianity My critical aim is to select typical influential stands that have been taken on each of these issues to assess their viability and to isolate certain dilemmas which discussion of these issues has generated I am convinced that the now commonly rejected verifiability theory of meaning is very commonly misunderstood and has been rejected by and large for the wrong reasons Before it is cast off if it is to be cast off what is needed is a reconsideration of

that theory and of the objections that its several formulations have elicited Furthermore at least partially because of a misconstruing of the verifiability doctrine there have been some interesting though in my opinion unsuccessful claims advanced about the testability status of sentences expressive of Christian belief Moreover in their haste to vindicate Christianity some apologists have been fairly cavalier in my opinion about what Christianity involves This volume offers what I hope will be a clear statement and analysis of the principle points at issue between Positivism and Christianity together with my own assessment of where the argument stands now *The Christological Foundation for Contemporary Theological Education* Joseph D. Ban, 1988 *Created and Led by the Spirit* Mary Sue Dehmlow Dreier, 2013-07-07 This fifth Missional Church Series volume seeks to bring historical clarity biblical and theological substance and practical guidance to church planting The nine contributors many of them experienced church planting pastors offer diverse yet cohesive perspectives on the Spirit's missional church planting in our time Section One presents three essays which address missional church planting as a theological practice with particular attention given to the activity of the Holy Spirit within the context of God's Trinitarian life Section Two grounds church planting initiatives in the generative soil of story The two essays in this section narrate how specific congregations provide glimpses of the Holy Spirit in action supplying the reader with hints for how history might lead to future expectations of the Holy Spirit's ongoing church planting activity Three essays in Section Three focus on new frontiers appearing on the church planting horizon and an epilogue provides a sermon which orients church planting efforts in witness that flows from the heart of God In this book readers will find fresh insights into an exciting new future created and led by the Spirit Contributors Daniel Anderson Leith Anderson Paul Chung Mary Sue Dehmlow Dreier Todd Hobart Harvey Kwiyani Lois Malcolm Susan Tjornehoj Miroslav Volf Theology from the Great Tradition Steven D. Cone, 2018-02-22 This textbook provides complete and comprehensive coverage of the theological tradition of Aquinas Maximus Luther Irenaeus Lonergan von Balthasar Schmemmann Meyendorf and Barth Each section of this textbook explores a wide variety of questions who are we Is there a God and if so what is his nature Who is Jesus What does it mean that we live both in sin and righteousness It consists of 15 modules that are comprised of 46 chapters Each module has two parts there are systematic chapters that discuss and explain each module's topic and the final chapter of each module examines 4 to 6 primary sources that are important for each topic This textbook includes an extensive range of pedagogical features Sample tests in which each objective question has been quality tested by classroom use with a discrimination index A discussion guide for each chapter Learning objectives linked to each chapter The text includes bold faced terms boxed text sections that identify central figures and points of debate study question chapter summaries glossary Dictionary of Modern American Philosophers John R. Shook, 2005-01-01 The Dictionary of Modern American Philosophers includes both academic and non academic philosophers and a large number of female and minority thinkers whose work has been neglected It includes those intellectuals involved in the development of psychology pedagogy sociology anthropology education theology political science

and several other fields before these disciplines came to be considered distinct from philosophy in the late nineteenth century. Each entry contains a short biography of the writer, an exposition and analysis of his or her doctrines and ideas, a bibliography of writings, and suggestions for further reading. While all the major post-Civil War philosophers are represented, the most valuable feature of this dictionary is its coverage of a huge range of less well-known writers, including hundreds of presently obscure thinkers. In many cases, the *Dictionary of Modern American Philosophers* offers the first scholarly treatment of the life and work of certain writers. This book will be an indispensable reference work for scholars working on almost any aspect of modern American thought.
