Annual Convention of the National Collegiate Athletic Association** National Collegiate Athletic Association, 1921 **The National Collegiate Athletic Association** Arthur A. Fleisher, Brian L. Goff, Robert D. Tollison, 1992-06-15 Intercollegiate sports is an enterprise that annually grosses over 1 billion in income Some schools may receive more than 20 million from athletic programs perhaps as much as 10 million simply from the sale of football tickets Drawing on nontechnical economic data the authors present a persuasive case that the premier sports organization of colleges and universities in the United States the NCAA is a cartel its members engaged in classically defined restrictive practices for the sole purpose of jointly maximizing their profits This fresh perspective on the NCAA offers explanations of why illicit payments to athletes persist why non NCAA organizations have not flourished and why members have readily agreed on certain suspect rules Tracing the historical development of this institutional behavior the authors argue that the major football powers in the early 1950s were able to gain control of the internal processes of NCAA enforcement Over time as other schools teams improved and began to win on the playing field the more powerful institutions applied pressure to bring the newcomers under NCAA investigation and ultimately to place them on probation By carefully managing NCAA enforcement regulations major schools blunted the threat to their continued growth presented by other teams Offering a valuable case study for sports analysts and students of economics and cartel behavior this book is a revealing glimpse inside the embattled NCAA *Annual Reports of the National Collegiate Athletic Association* National Collegiate Athletic Association, 1990 **The Official National Collegiate Athletic Association Track and Field Guide** National Collegiate Athletic Association, 1925 **The Official National Collegiate Athletic Association Track and Field Guide with the Official Rules** National Collegiate Athletic Association, 1923 **The Official National Collegiate Athletic Association Basketball Guide** National Collegiate Athletic Association, 1953 **Yearbook of the National Collegiate Athletic Association** National Collegiate Athletic Association, 1910 NCAA Manual National Collegiate Athletic Association, 1995 **Schubert V. Committee,1952 *The Official National Collegiate Athletic Association Swimming Guide* National Collegiate Athletic Association,1958 *Unsportsmanlike Conduct* Paul R. Lawrence,1987-09-09 Lawrence an economist football fan and official is an authoritative and astute critic of what is wrong with football in higher education as regulated by the NCAA Lawrence believes the NCAA has become a cartel that keeps expenses low by rewarding the players almost nothing comparable to their contribution This is not the book for a novice interested in the razzle dazzle of sports but it is highly recommended for one who wants to understand the present situation and efforts some misguided to control the sport Lawrence makes an in depth analysis of the symbiotic relationship between football the NCAA and academia The most valuable part of the book is that Lawrence after carefully defining the situation suggests some solutions Choice Unsportsmanlike Conduct is the first single source to trace the history of the 80 year old National Collegiate Athletic Association and to explain its growth from a small group seeking safer football rules to the large powerful regulatory body that it is today This volume not only provides a unique view but also an economic analysis of the college athletic industry The author examines the development of American college football since the late 1800s and shows how the NCAA has turned intercollegiate football into a multi million dollar industry By viewing the structure of this organization from an economic perspective he demonstrates that the NCAA has acted like many other collusive groups of producers in order to maximize their financial interests by exploiting consumers employees and particularly athletes **Constitution, Bylaws, Interpretations of the National Collegiate Athletic Association** National Collegiate Athletic Association,1970
