Copyright Office, 1973 *Otherwise Poems* Oscar Mandel, 2015-07-01 The collected English language poems of Oscar Mandel the acclaimed Belgian born poet playwright fabulist and author *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1973 *The Comedia in English* Susan Paun De García, Donald R. Larson, Donald Larson, 2008 The bringing of Spanish seventeenth century verse plays to the contemporary English speaking stage involves a number of fundamental questions Are verse translations preferable to prose and if so what kind of verse To what degree should translations aim to be faithful Which kinds of plays work and which do not Which values and customs of the past present no difficulties for contemporary audiences and which need to be decoded in performance Which kinds of staging are suitable and which are not To what degree if any should one aim for authenticity in staging In this volume a group of translators directors and scholars explores these and related questions Jacket *Selected Essays on Opera* Ulrich Weisstein, 2006 Ulrich Weisstein an international authority in the fields of comparative literature and comparative arts has been a pioneer paving the way for present day intermedia studies Among his broad intermedial interests opera has always held a central place For the first time this volume makes available his major contributions to opera criticism in compact form thus meeting a serious scholarly demand The necessarily stringent selection of essays from Professor Weisstein's large output on opera reflecting fifty years of involvement with the genre is primarily governed by the wish to present texts that are representative of their author's work and at the same time are unlikely to be readily available through other channels The fourteen essays collected are arranged in chronological order some of them showing Ulrich Weisstein as an initiator of librettology others tracing adaptive processes extending from textual sources to final operas or investigating writer composer collaborations Further topics are satirical reflections on operatic activities in early eighteenth century Italy and practices of opera censorship artist operas or definitions of romantic and epic opera The essays are written in an accessible essentially non technical language and are expected to make both a profitable and a pleasurable reading for literary scholars as well as musicologists and general art lovers **Bernard Shaw and the Spanish-Speaking World** Gustavo A. Rodríguez Martín, 2022-05-10 This book explores through a multidisciplinary approach the immense influence exerted by Bernard Shaw on the Spanish speaking world on both sides of the Atlantic This collection of essays encompasses the reception and dissemination of his ideas the translation of his works into Spanish the performance history of his plays in Spain and Latin America and Shaw's influence on many key figures of literature in Spanish It begins by delving into Shaw's knowledge of Spanish literature and gauging his acquaintance with the Spanish cultural milieu throughout his tenure as an art music and

theatre critic His early exposure to Spanish speaking culture later made the return trip in the form of profuse critical reception and theatrical success in countries like Spain Argentina Mexico and Uruguay This allows for a more detailed investigation into the unmistakable mark that Bernard Shaw left in the oeuvre of leading Spanish speaking authors like Ramiro de Maeztu Jorge Luis Borges or Nemesio Canales This volume also assesses the translations of Shaw s works into Spanish while also providing a detailed publication history of these translations How Plays Work Martin

Meisel,2007-06-28 Why are readers who are generally at home with narrative and discursive prose and even readily responsive to poetry far less confident and intuitive when it comes to plays The complication lies in the twofold character of the play as it exists on the page as a script or score to be realized and as literature Martin Meisel s engaging account of how we read play plays on the page shows that the path to the fullest imaginative response is an understanding of how plays work What is entailed is something like learning a language vocabulary grammar syntax but learning also how the language operates in those concrete situations where it is deployed Meisel begins with a look at matters often taken for granted in coding and convention and then under Beginnings at what is entailed in establishing and entering the invented world of the play Each succeeding chapter is a gesture at enlarging the scope Seeing and Hearing The Uses of Place The Role of the Audience The Shape of the Action and The Action of Words The final chapters Reading Meanings and Primal Attractions explore ways in which both the drive for significant understanding and the appetite for wonder can and do find satisfaction and delight Cultivated in tone and jargon free How Plays Work is illuminated by dozens of judiciously chosen examples from western drama from classical Greek dramatists to contemporary playwrights both canonical and relatively obscure It will appeal as much to the serious student of the theatre as to the playgoer who likes to read a play before seeing it performed

Harry Kemp, the Last Bohemian William Brevda,1986 The first critical biography of the American writer The Tramp Poet Harry Kemp 1883 1960 His creative works included poetry drama fiction and the best selling autobiography in prose Tramping on Life **One Man's Vision** Frederick Stroppel,2005 **The Theatre of Don Juan.
