Purveyor Of Enchantment:

The Purveyor of Enchantment Marika Cobbold,1996 Clementine Hope lives in fear of everything Then in a moment of real crisis she sees the destructive quality of fear and resolves to change To do so she must slay her personal dragon and rescue Prince Charming in the process The Purveyor of Enchantment Marion CHESNEY,1997 *Allegory and Enchantment* Jason Crawford,2017-01-19 What is modernity Where are modernity's points of origin Where are its boundaries And what lies beyond those boundaries Allegory and Enchantment explores these broad questions by considering the work of English writers at the threshold of modernity and by considering in particular the cultural forms these writers want to leave behind From the fourteenth to the seventeenth centuries many English writers fashion themselves as engaged in breaking away from an array of old idols magic superstition tradition the sacramental the medieval Many of these writers persistently use metaphors of disenchantment of awakening from a broken spell to describe their self consciously modern orientation toward a medieval past And many of them associate that repudiated past with the dynamics and conventions of allegory In the hands of the major English practitioners of allegorical narrative William Langland John Skelton Edmund Spenser and John Bunyan allegory shows signs of strain and disintegration The work of these writers seems to suggest a story of modern emergence in which medieval allegory with its search for divine order in the material world breaks down under the pressure of modern disenchantment But these four early modern writers also make possible other understandings of modernity Each of them turns to allegory as a central organizing principle for his most ambitious poetic projects Each discovers in the ancient forms of allegory a vital powerful instrument of disenchantment Each of them therefore opens up surprising possibilities that allegory and modernity are inescapably linked that the story of modern emergence is much older than the early modern period and that the things modernity has tried to repudiate the old enchantments are not as alien or as absent as they seem **Frozen Music** Marika Cobbold,2012-03-15 *Pride and Prejudice* Scandinavian style Sunday Express ____ My name is Esther Fisher and I'm about to walk out on the only man I've ever loved Esther has been angry all her life angry with her impossible parents and at a world that just won't play by the rules Now working as a tabloid journalist she takes up the fight once more this time on behalf of a couple who are being evicted from their home to make room for an opera house The architect on the project is Swedish born Linus a successful yet dreamy man who is also trying to put his childhood anxieties behind him When Esther's professional integrity comes head to head with her growing friendship with Linus she begins to wonder if ultimately this is a fight with no winners ____ A warm funny novel Daily Mail Deliciously descriptive beneath its charm lie serious truths She Dreamy yet dextrous Observer **A Rival Creation** Marika Cobbold,2012-03-15 At thirty nine Liberty Turner mother of an illegitimate and nearly grown up son and daughter of a flamboyant father who had never grown up realised that she had no talent Once in more prosperous times her books had been published Now as relentless rejections pulverised her every effort she faced up to the whimsical truth that while she was absolutely bursting with the creative urge

the talent just wasn't there. But as she began to observe her friends and neighbours in the village of Tollymead, not quite the idyllic community that everyone wished it was, she noticed that there were different kinds of creations. Evelyn Brooke, her eccentric and idealistic neighbour, chained herself to condemned oak trees and fought against polluters of the countryside. The vicar, resenting his congregation of middle class, apparently well-adjusted parishioners, sought longingly for a real social problem to deal with. Even Nancy Sanderson, magistrate and secretary of the Women's League, was eventually to revolt against her life style and create something of her own. As Liberty stoically continued her progress through harvest lunches and creative writing classes, she waited for a rival creation of her own to emerge. And when Oscar Brooke moved into the village, she thought perhaps she might have found it.

No Place For A Man Judy Astley, 2010-12-15 Perfect escapism again from the pen of bestselling author Judy Astley. *No Place for a Man* is a sizzling and seriously funny novel about family life and the eternal need to hold everything and everyone together. Perfect for fans of Carole Matthews, Jenny Colgan, Lucy Diamond and Milly Johnson. Amusing and entertaining, easily relatable and recognisable characters. Reader review: I couldn't put the book down. Great read. Reader review: Warm and witty. Reader review: Riveting. Reader review: SOMEONE HAS TO HOLD IT ALL TOGETHER AND IT WON'T BE HIM. Jess has just waved goodbye to her darling son, off backpacking to Oz. She's left with two teenage daughters and husband Matt, all of whom find themselves regularly featured in her popular and lighthearted newspaper column, in which she conveys to her readers an enviably cheery muddle of family life. Things become less rosy when Matt, after twenty years with the same firm, is made redundant. Only Jess sees the potential calamity in this. Matt is delighted with his new freedom and takes to hanging out at the local bar with others of the male, barely employable tendency, drinking and drifting and dreaming up hopeless schemes to make them all rich. Daughter no. 1 meanwhile has taken up with a mysterious boy living in an abandoned car on the allotment, and her younger sister is overburdened with a surfeit of secrets. For Jess, trying to hold everything together and missing her first-born child, it becomes ever harder to maintain the carefree facade for her readers. Of course she could just tell them the truth.

Guppies For Tea Marika Cobbold, 2011-05-15 A bright, funny novel about a woman's life on the brink of destruction and how she pulls it back together. By the author of *Shooting Butterflies*. Amelia Lindsey is an exceptional young woman. She shares her days between a grandmother whom she loves, a mother whom she tolerates with patient fortitude, and Gerald. They had fallen in love with Amelia two years earlier when he was in his artistic phase and had begged her to move in with him. Now, no longer in his artistic phase, he is showing signs of irritation. And suddenly Selma, the talented and much-beloved grandmother, has become old. As life and Gerald begin to collapse all round Amelia, she is determined that the one person who will not fade is Selma. Fighting a one-woman battle against Cherryfield retirement home, Gerald's defection, and her mother's obsession with germs, Amelia finds herself capable of plots, diversions, and friendships she has never imagined before.
