Lefever, 2005 Undaunted by the Fight is a study of small but dedicated group of Spelman College students and faculty who between 1957 and 1967 risked their lives compromised their grades and jeopardized their careers to make Atlanta and the South a more just and open society Lefever argues that the participation of Spelman's students and faculty in the Civil Rights Movement represented both a continuity and a break with the institution's earlier history On the one hand their actions were consistent with Spelman's long history of liberal arts and community service yet on the other hand as his research documents their actions represented a break with Spelman's traditional non political stance and challenged the assumption that social changes should occur only gradually and within established legal institutions For the first time in the eighty plus years of Spelman's existence the students and faculty who participated in the Movement took actions that directly challenged the injustices of the social and political status quo Too often in the past the Movement literature including the literature on the Atlanta Movement focused disproportionately on the males involved to the exclusion of the women who were equally involved and who in many instances initiated actions and provided leadership for the Movement Lefever concludes his study by saying that Spelman's activist students and faculty succeeded to the extent they did because they kept their eyes on the prize They endured the struggle he says and in so doing eventually won many prizes some personal others social Undaunted they liberated themselves but at the same time they liberated their school their city and the larger society *The Feminist Classroom* Frances A. Maher, Mary Kay Thompson Tetreault, 2001 The tensions dilemmas and exhilarating pleasures of feminist teaching converge in this fascinating book which documents actual classroom give and take In addition to observing the authors interviewed the teachers and several students in each class The result is a Rashomon portrayal of the same moment differently perceived as well as fresh insight into interaction between social positioning experience and learning Considerazioni di Barrie Thorne author of *Gender Play Girls and Boys in School*

You Must Be from the North Kimberly K. Little, 2009-10-20 You must be from the North was a common derogatory reaction to the activities of white women throughout the South well meaning wives and mothers who joined together to improve schools or local sanitation but found their efforts decried as more troublesome civil rights agitation You Must Be from the North Southern White Women in the Memphis Civil Rights Movement focuses on a generation of white women in Memphis Tennessee born between the two World Wars and typically omitted from the history of the civil rights movement The women for the most part did not jeopardize their lives by participating alongside black activists in sit ins and freedom rides Instead they began their journey into civil rights activism as a result of their commitment to traditional female roles through such organizations as the Junior League What originated as a way to do charitable work however evolved into more substantive political action While involvement with groups devoted to feeding school children and expanding Bible study sessions seemed benign these white women s growing awareness of racial disparities in Memphis and elsewhere caused them to question the South s hierarchies in ways many of their peers did not Ultimately they found themselves challenging segregation more directly found themselves ostracized as a result and discovered they were often distrusted by a justifiably suspicious black community Their newly discovered commitment to civil rights contributed to the success of the city s sanitation workers strike of 1968 Dr Martin Luther King Jr s death during the strike resonated so deeply that for many of these women it became a defining moment In the long term these women proved to be a persistent and progressive influence upon the attitudes of the white population of Memphis and particularly on the city s elite
