Pushing Time Away My Grandfather And The Tragedy Of Jewish Vienna:

Pushing Time Away Peter Singer, 2015-04-14 This account of a teacher in Austria a friend of Freud and one of the millions of victims of the Holocaust is beautifully written and deeply moving Joyce Carol Oates Peter Singer's *Pushing Time Away* is a rich and loving portrait of the author's grandfather David Oppenheim from the turn of the twentieth century to the end of his life in a concentration camp during the Second World War Oppenheim a Jewish teacher of Greek and Latin living in Vienna was a contemporary and friend of both Sigmund Freud and Alfred Adler With his wife Amalie one of the first women to graduate in math and physics from the University of Vienna he witnessed the waning days of the Hapsburg Empire the nascence of psychoanalysis the grueling years of the First World War and the rise of anti-Semitism and Nazism Told partly through Oppenheim's personal papers including letters to and from his wife and children *Pushing Time Away* blends history anecdote and personal investigation to pull the story of one extraordinary life out of the millions lost to the Holocaust A contemporary philosopher known for such works as *The Life You Can Save* and *Animal Liberation* Singer offers a true story of his own family with all the power of a great novel resonant of *The Reader* by Bernhard Schlink or *An Artist of the Floating World* by Kazuo Ishiguro The New York Times This ebook features an illustrated biography of Peter Singer including rare photos from the author's personal collection

Pushing Time Away Peter Singer, 2004 Paperback re issue of biographical account of Austro-Hungarian Jew David Oppenheim classical scholar intellectual and supporter of the free enquiry of Freud and Adler Based on Oppenheim's own personal letters and essays the book follows his capture and imprisonment by the Nazis and explores the impact of fascism on Vienna and the development of free enquiry Written by Oppenheim's own grandson it also highlights the subject's personal religious and family obligations Includes a family tree photos and notes on sources Author is a philosopher ethicist and Professor of Bioethics at Princeton University whose previous works include *Writing on an Ethical Life* and *Animal Liberation*

Ethics in the Real World Peter Singer, 2017-09-05 Provocative essays on real world ethical questions from the world's most influential philosopher Peter Singer is often described as the world's most influential philosopher He is also one of its most controversial The author of important books such as *Animal Liberation* *Practical Ethics* *Rethinking Life and Death* and *The Life You Can Save* he helped launch the animal rights and effective altruism movements and contributed to the development of bioethics Now in *Ethics in the Real World* Singer shows that he is also a master at dissecting important current events in a few hundred words In this book of brief essays he applies his controversial ways of thinking to issues like climate change extreme poverty animals abortion euthanasia human genetic selection sports doping the sale of kidneys the ethics of high priced art and ways of increasing happiness Singer asks whether chimpanzees are people smoking should be outlawed or consensual sex between adult siblings should be decriminalized and he reiterates his case against the idea that all human life is sacred applying his arguments to some recent cases in the news In addition he explores in an easily accessible form some of the deepest philosophical questions such as

whether anything really matters and what is the value of the pale blue dot that is our planet The collection also includes some more personal reflections like Singer's thoughts on one of his favorite activities surfing and an unusual suggestion for starting a family conversation over a holiday feast Now with a new afterword by the author this provocative and original book will challenge and possibly change your beliefs about many real world ethical questions **Hormones, Heredity, and Race** Cheryl A. Logan, 2013-03-20

Early in the twentieth century arguments about nature and nurture pitted a rigid genetic determinism against the idea that genes were flexible and open to environmental change This book tells the story of three Viennese biologists Paul Kammerer Julius Tandler and Eugen Steinach who sought to show how the environment could shape heredity through the impact of hormones It also explores the dynamic of failure through both scientific and social lenses During World War I the three men were well respected scientists by 1934 one was dead by his own hand another was in exile and the third was subject to ridicule Paul Kammerer had spent years gathering zoological evidence on whether environmental change could alter heredity using his research as the scientific foundation for a new kind of eugenics one that challenged the racism growing in mainstream eugenics By 1918 he drew on the pioneering research of two colleagues who studied how secretions shaped sexual attributes to argue that hormones could alter genes After 1920 Julius Tandler employed a similar concept to restore the health and well being of Vienna's war weary citizens Both men rejected the rigidly acting genes of the new genetics and instead crafted a biology of flexible heredity to justify eugenic reforms that respected human rights But the interplay of science and personality with the social and political rise of fascism and with antisemitism undermined their ideas leading to their spectacular failure **Theology for International Law** Esther D. Reed, 2013-09-12

Whilst Christian theology is familiar with questions about the relation of church and state divine and human law little attention has been devoted to questions of international law Esther D Reed offers a systematic engagement with contemporary issues of international law and its relevance for modern theology Reed discusses numerous issue driven topics including challenges to classic just war thinking from so called fourth generation warfare peoples and nationhood within divine providence the ethics of territorial borders and the militarization of human intervention By discussing selected biblical texts Reed helps to move the issues of international law higher up the agenda of Christian theology ethics and moral reasoning **God, the Good, and Utilitarianism** John Perry, 2014-02-06

Is ethics about happiness Aristotle thought so and for centuries Christians agreed until utilitarianism raised worries about where this would lead In this volume Peter Singer leading utilitarian philosopher and controversial defender of infanticide and euthanasia addresses this question in conversation with Christian ethicists and secular utilitarians Their engagement reveals surprising points of agreement and difference on questions of moral theory the history of ethics and current issues such as climate change abortion poverty and animal rights The volume explores the advantages and pitfalls of basing morality on happiness if ethics is teleological is its proper aim the subjective satisfaction of preferences Or is human flourishing found in objective goods friendship intellectual

curiosity meaningful labour This volume provides a timely review of how utilitarians and Christians conceive of the good and will be of great interest to those studying religious ethics philosophy of religion and applied ethics *Extension of Life* Robert J. Bauman, 2012-04-19 As a mortician Michael Baumann a Jew pretending to be Aryan devised a highly unorthodox surgical procedure that converted Jews to Aryans This helped more than 400 Jews escape from Vienna to Switzerland With five other Jews pretending to be Aryan an elaborate escape and spy network was created While most of the operations were successful there were some failures Some died so that others could live Carefully researched the story blends fiction with factual history incorporating actual events and people The novel creates a realistic portrayal of Jewish life and death before and during the Nazi takeover of Austria **Peter Singer and Christian Ethics** Charles C. Camosy, 2012-04-12 This book explores a number of important issues to illuminate the common ground between Peter Singer and Christian ethics The Bibliography of Australasian Judaica 1788-2008 Serge Liberman, 2018-11-01 This bibliography includes all traceable self contained books monographs pamphlets and chapters from books which in some way pertain to Jews in Australia and New Zealand between 1788 and 2008 Born in Russia in 1942 Serge Liberman came to Australia in 1951 where he now works as a medical practitioner As author of several short story collections including On Firmer Shores A Universe of Clowns The Life That I Have Led and The Battered and the Redeemed he has three times received the Alan Marshall Award and has also been a recipient of the NSW Premier's Literary Award In addition he is compiler of two previous editions of A Bibliography of Australian Judaica Several of his titles have been set as study texts in Australian and British high schools and universities His literary work has been widely published he has been Editor and Literary Editor of several respected journals and has contributed to many other publications **Austrian Information**, 2002 *The Ethnomusicology of Western Art Music* Laudan Nooshin, 2013-10-23 Since the late 1980s the boundaries between the musicologies have become increasingly blurred Most notably a growing number of musicologists have become interested in the ideas and methodologies of ethnomusicology and in particular in applying one of the central methodological tools of ethnomusicology ethnography to the study of Western art music a tradition which had previously been studied primarily through scores recordings and other historical sources Alongside this since the 1970s a small number of ethnomusicologists have also written about Western art music thus complicating the idea of ethnomusicology as the study of other music Indeed there has been a growth in this area of scholarship in recent years Approaching western art music through the perspectives of ethnomusicology can offer new and enriching insights to the study of this musical tradition as shown in the writings presented in this book The current volume is the first collection of essays on this topic and includes work by authors from a range of musicological and ethnomusicological backgrounds exploring a variety of issues including music in orchestral outreach programmes new audiences for classical music concerts music and conflict transformation ethnographic study of the rehearsal process and the politics of a high profile music festival This book was originally published as a special issue of Ethnomusicology Forum **The Sphinx on**

the Table Janine Burke, 2009-05-26 Sigmund Freud's collection of Egyptian Greek and Roman antiquities is one of the art world's best kept secrets. Over a forty year period he amassed an extraordinary array of nearly three thousand statues, vases, reliefs, busts, rings, and prints. For Freud, psychoanalysis and his art collection developed together in a symbiotic, nourishing relationship, each informing and enriching the other. Freud used myth to illustrate controversial theories like the Oedipus complex, situating ancient symbolism in a modern context. He explored the archaeology of the mind, unearthing his patients' dreams and memories while creating a personal museum of ancient treasure. Freud compared the process to analysis, where he cleared away material layer by layer to the technique of excavating a buried city. To create a portrait of Freud, the art collector Janine Burke builds a vibrant, richly detailed and intimate image of his life and times, tracing Freud's taste for beautiful things back to his earliest years. The Sphinx on the Table is set against the glittering, decadent backdrop of fin de siècle Vienna, where an artistic flowering took place in painting, theater, writing, and architecture. Jews and other foreigners

William Williams, 2013-07-19 Drawing on a wide range of documentary and oral sources, including interviews with refugees, this book explores the responses in Manchester to those threatened by the rise of Fascism in Europe. By exploring the responses of particular segments of Manchester society, from Jewish communal organisations and the Zionist movement to the Christian churches, pacifist organisations, and private charities, it offers a critical analysis of the factors which facilitated and limited the work of rescue and their effect on the lives of the seven or eight thousand refugees: Spanish, Italian, German, Austrian, and Czech, who arrived in Manchester between 1933 and 1940. Fragments of a Lost Homeland

Armen T. Marsoobian, 2015-03-13 The Armenian world was shattered by the 1915 genocide. Not only were thousands of lives lost, but families were displaced and the narrative threads that connected them to their own past and homelands were forever severed. Many have been left with only fragments of their family histories, a story of survival passed on by a grandparent who made it through the cataclysm, or, if lucky, an old photograph of a distant, silent ancestor. By contrast, the Dildilian family chose to speak. Two generations gave voice to their experience in lengthy written memoirs, in diaries, and letters, and most unusually, in photographs and drawings. Their descendant, Armen T. Marsoobian, uses all these resources to tell their story, and in doing so, brings to life the pivotal and often violent moments in Armenian and Ottoman history, from the massacres of the late nineteenth century to the final expulsions in the 1920s during the Turkish War of Independence. Unlike most Armenians, the Dildilians were allowed to convert to Islam and stayed behind, while their friends, colleagues, and other family members perished in the death marches of 1915-1916. Their remarkable story is one of survival against the overwhelming odds and survival in the face of peril. *Sexual Knowledge*

Britta McEwen, 2012 Vienna's unique intellectual, political, and religious traditions had a powerful impact on the transformation of sexual knowledge in the early twentieth century. Whereas, turn of the century sexology, as practiced in Vienna, as a medical science sought to classify and heal individuals, during the interwar years, sexual knowledge was employed by a variety of actors to heal the social body, the truncated, diseased, and impoverished

population of the newly created Republic of Austria Based on rich source material this book charts cultural changes that are hallmarks of the modern era such as the rise of the companionate marriage the role of expert advice in intimate matters and the body as a source of pleasure and anxiety These changes are evidence of a dramatic shift in attitudes from a form of scientific inquiry largely practiced by medical specialists to a social reform movement led by and intended for a wider audience that included workers women and children

Australia & Israel Shahar Burla, Dashiell Lawrence, 2015-06-01 Australia and the State of Israel have maintained a cordial if at times ambiguous relationship The two countries are geographically isolated strategic economic and cultural interests lie increasingly with Asia for one and with the US and the EU for the other But for all that divides the two states there is also much they share Australia played an important role in the Jewish state's establishment in 1948 and is home to the most Zionist centered Jewish diaspora globally Jewishness for most Australian Jews has been shaped and defined by engagement with and support for Israel At the heart of this engagement is a small but thriving Israeli community within the larger multicultural Australia Australia and Israel A Diasporic Cultural and Political relationship draws attention to the important historical and contemporary nexus between this diaspora and its imagined homeland The collection also considers the ways in which these two states mobilise national myths and share environmental challenges In recent time relations between the two states have been tested by the illegal use of Australian passports in 2010 the mysterious death of dual national Ben Zygier and growing disquiet within the ranks of the Australian Labor Party and the Australian Greens over Israel's handling of the Israel Palestinian conflict One prominent world wide issue is the Palestinian BDS Boycotts Divestments and Sanctions movement which has attracted sympathy and support that has brought about substantive differences of opinion regarding its legitimacy within the Jewish Australian community These issues demonstrate the multifaceted and complex picture of two very different nations that nevertheless share an abiding connection

The Great Escape Kati Marton, 2006-10-17 Extravagantly praised by critics and readers this stunning story by bestselling author Kati Marton tells of the breathtaking journey of nine extraordinary men from Budapest to the New World what they experienced along their dangerous route and how they changed America and the world This is the unknown chapter of World War II the tale of nine men who grew up in Budapest's brief Golden Age then driven from Hungary by anti-Semitism fled to the West especially to the United States and changed the world These nine men each celebrated for individual achievements were part of a unique group who grew up in a time and place that will never come again Four helped usher in the nuclear age and the computer two were major movie myth makers two were immortal photographers and one was a seminal writer The Great Escape is a groundbreaking poignant American story and an important untold chapter of the tumultuous last century

From Metropolis to Wilderness: An Empowering Journey Doug Williamson, 2017-07-05 This is a book about a life a life of travel and learning Doug Williamson was born in South Africa He has had several careers and lived in seven different countries Now he lives in Cambridge with his wife and much loved poodle

God, Faith & Identity

from the Ashes Menachem Z. Rosensaft, 2014-11-10 A Powerful Life Affirming New Perspective on the Holocaust Almost ninety children and grandchildren of Holocaust survivors theologians scholars spiritual leaders authors artists political and community leaders and media personalities from sixteen countries on six continents reflect on how the memories transmitted to them have affected their lives Profoundly personal stories explore faith identity and legacy in the aftermath of the Holocaust as well as our role in ensuring that future genocides and similar atrocities never happen again *The Oxford Group and the Emergence of Animal Rights* Robert Garner, Yewande Okuleye, 2020-10-20 Animal rights is now a concept that has achieved wide name recognition Vegetarianism and even veganism is now commonplace representing a massive transformation in public attitudes Fifty years ago the concept of animal rights was almost unheard of and the animal protection movement lay dormant Even vegetarians were regarded as at best cranks and at worst dangerous critics of the social order Yet the late 1960s and early 1970s were a formative time for the contemporary animal rights movement One of the most important and influential intellectual moments for animal rights occurred at this time at Oxford University among like minded scholars who would become known as the Oxford Group The Oxford Group and the Emergence of Animal Rights is about this little known group a loose friendship group of primarily postgraduate philosophy students who attended the University of Oxford for a short period of time in the late 1960s The book traces the early development of the Oxford Group and its influence on animal rights theory and activism It also serves as a case study of how the emergence of important work and the development of new ideas can be explained as well as how the intellectual development of participants in a friendship group is influenced by their participation in a creative community For example would Peter Singer have written his landmark book *Animal Liberation* or anything about animal ethics without being exposed to the other members of the Oxford Group How would the discipline of animal ethics differ if the group had not produced their edited collection of articles *Animals Men and Morals* Drawing on previously unpublished correspondence among and interviews with the surviving Oxford Group members Robert Garner and Yewande Okuleye explore the social and political milieu in which the group formed to understand how such intellectual movements coalesce
