Putnam's Dictionary Of Thoughts:

Putnam's Dictionary of Thoughts ,1930 **Putnam's Dictionary of Thoughts** Sir W. Gurney Benham,1930 **The Quote Sleuth** Anthony W. Shipps,1990 The tracer's goals are to identify the source of a quotation to find or to produce detailed citation based on a reliable edition of the work to find an authoritative text of the passage being traced and to do all this in the shortest time possible and with the least possible amount of effort **The Quote Verifier** Ralph Keyes,2007-04-01 Our language is full of hundreds of quotations that are often cited but seldom confirmed Ralph Keyes's The Quote Verifier considers not only classic misquotes such as Nice guys finish last and Play it again Sam but more surprising ones such as Ain't I a woman and Golf is a good walk spoiled as well as the origins of popular sayings such as The opera ain't over till the fat lady sings No one washes a rented car and Make my day Keyes's in depth research routinely confounds widespread assumptions about who said what where and when Organized in easy to access dictionary form The Quote Verifier also contains special sections highlighting commonly misquoted people and genres such as Yogi Berra and Oscar Wilde famous last words and misremembered movie lines An invaluable resource for not just those with a professional need to quote accurately but anyone at all who is interested in the roots of words and phrases The Quote Verifier is not only a fascinating piece of literary sleuthing but also a great read **Baseball and the American Legal Mind** Spencer Weber Waller,Neil B. Cohen,Paul Finkelman,1995 First Published in 1995 Routledge is an imprint of Taylor Francis an information company *The American Catalog* ,1896 *Direction* ,1969 **Putnam's Word Book** Louis Andrew Flemming,1913 *Putnam's Monthly Magazine of American Literature, Science, and Art* ,1854 *The United States Catalog* ,1904 *Putnam's Magazine* ,1869 **Putnam's Magazine. Department of Education,1895 **Library Handbook for Catholic Students** William Thomas O'Rourke,1935 *Female Adolescence in American Scientific Thought, 1830-1930* Crista DeLuzio,2007-09-23 In this groundbreaking study Crista DeLuzio asks how scientific experts conceptualized female adolescence in the nineteenth and early twentieth centuries Revisiting figures like G Stanley Hall and Margaret Mead and casting her net across the disciplines of biology psychology and anthropology DeLuzio examines the process by which youthful femininity in America became a contested cultural category Challenging accepted views that professionals invented adolescence during this period to understand the typical experiences of white middle class boys DeLuzio shows how early attempts to reconcile that conceptual category with femininity not only shaped the social science of young women but also forced child development experts and others to reconsider the idea of adolescence itself

DeLuzio s provocative work permits a fuller understanding of how adolescence emerged as a crisis in female development and offers insight into why female adolescence remains a social and cultural preoccupation even today *Bookseller*
