## **Putsch The Diary Three Days That Collapsed The Empire:**

Putsch Alexander Avelichev,1992 The only authentic diary of the putsch that began in Moscow the center of the Soviet empire on August 19 1991 That fateful day now marks the beginning of the disintegration of the Soviet Union and the unraveling of one of the most powerful empires of the world Putsch is composed of the unedited complete collection of the information issued hour by hour minute by minute day by day by the two news agencies that had been organized during the Gorbachev era Postfactum and the Russian Information Agency RIA It is the raw information unexpurgated uncensored at the moment when history was being made B W photos      The Legalist Reformation William E. Nelson,2003-09-01 Based on a

detailed examination of New York case law this pathbreaking book shows how law politics and ideology in the state changed in tandem between 1920 and 1980 Early twentieth century New York was the scene of intense struggle between white Angl

*Russian Orthodoxy Resurgent* John Garrard,Carol Garrard,2014-09-22 Russian Orthodoxy Resurgent is the first book to fully explore the expansive and ill understood role that Russia s ancient Christian faith has played in the fall of Soviet Communism and in the rise of Russian nationalism today John and Carol Garrard tell the story of how the Orthodox Church s moral weight helped defeat the 1991 coup against Gorbachev launched by Communist Party hardliners The Soviet Union disintegrated leaving Russians searching for a usable past The Garrards reveal how Patriarch Aleksy II a former KGB officer and the man behind the church s successful defeat of the coup is reconstituting a new national idea in the church s own image In the new Russia the former KGB who run the country Vladimir Putin among them proclaim the cross not the hammer and sickle Meanwhile a majority of Russians now embrace the Orthodox faith with unprecedented fervor The Garrards trace how Aleksy orchestrated this transformation positioning his church to inherit power once held by the Communist Party and to become the dominant ethos of the military and government They show how the revived church under Aleksy prevented mass violence during the post Soviet turmoil and how Aleksy astutely linked the church with the army and melded Russian patriotism and faith Russian Orthodoxy Resurgent argues that the West must come to grips with this complex and contradictory resurgence of the Orthodox faith because it is the hidden force behind Russia s domestic and foreign policies today

*Seizing Power* Naunihal Singh,2014-07-01 How coups happen and why half of them fail While coups drive a majority of regime changes and are responsible for the overthrow of many democratic governments there has been very little empirical work on the subject Seizing Power develops a new theory of coup dynamics and outcomes drawing on 300 hours of interviews with coup participants and an original dataset of 471 coup attempts worldwide from 1950 to 2000 Naunihal Singh delivers a concise and empirical evaluation arguing that understanding the dynamics of military factions is essential to predicting the success or failure of coups Singh draws on an aspect of game theory known as a coordination game to explain coup dynamics He finds a strong correlation between successful coups and the ability of military actors to project control and the inevitability of success Examining Ghana s multiple coups and the 1991 coup attempt in the USSR Singh shows how

military actors project an image of impending victory that is often more powerful than the reality on the ground In addition Singh also identifies three distinct types of coup dynamics each with a different probability of success based on where within the organization each coup originated coups from top military officers coups from the middle ranks and mutinous coups from low level soldiers      **Putsch** Boris Nikolayevich Yeltsin,1993-02      The Real History of the Cold War Alan Axelrod,2009 Reveals the intriguing suspenseful true story behind the globe spanning battle of wills between the US and the Soviet Union after the fall of Nazi Germany      **Soviet Politics** Richard Sakwa,2012-11-12 Soviet Politics in Perspective is a new edition of Richard Sakwas successful textbook Soviet Politics an introduction Thoroughly revised and updated it builds on the previous editions comprehensive and accessible exploration of the Soviet system from its rise in 1919 to its collapse in 1991 The book is divided into five parts which focus on key aspects of Soviet politics They are historical perspectives beginning with the Tsarist regime on the eve of Revolution the rise and development of Stalinism through to the decline of the regime under Brezhnev and his successors and Gorbachev s attempts to revive the system institutions of Government such as the Communist Party security apparatus the military the justice system local government and participation theoretical approaches to Soviet politics including class and gender politics the role of ideology and the shift from dissent to pluralism key policy areas the command economy and reform nationality politics and foreign and defence policy an evaluation of Soviet rule and reasons for its collapse Providing key texts and bibliographies this book offers the complete history and politics of the Soviet period in a single volume It will be indispensable to students of Soviet and post Soviet politics as well as the interested general reader      Global Century Series One World Divisible David Reynolds,2001-03-06 A magisterial account of our time by a distinguished historian Walter LaFeber author of The Clash This brilliant history vividly captures the great political events of the past 50 years while carefully avoiding an encyclopedia approach of illustrations      *Making Russia and Turkey Great Again?* Norman A. Graham,Folke Lindahl,Timur Kocaoglu,2021-03-19 This study analyzes theoretically and empirically the background of the rise to power of Vladimir Putin in Russia and Recep Tayyip Erdogan in Turkey It situates this analysis in the contexts of the historical assessment of the fragility of liberal democracy and the persistence and growth of authoritarianism populism and dictatorship in many parts of the world The authors argue that the question whether Putin and Erdogan can make Russia and Turkey great again is hard to confirm personal ambition for power and wealth is certainly key to an understanding of both rulers They each squandered opportunities to build from free and fair democratic electoral legitimacy and economic progress The prospect for restored national greatness depends on how they can handle the economic and political challenges they now face and will continue to face in the near future in a climate of global pandemic and economic recession Both rulers so far have succeeded in maintaining and increasing their powers and influence in their respective regions but neither has made real contributions to regional stability and order Chaos seems to be growing and the EU and the U S thus far seem unable to provide coherent responses to mitigate the impact of their adventurism and

disruption      **Unglued Empire** Gladys D. Ganley,1996 Ganley has marshaled an extraordinary range and volume of information and presents the story with both clarity and drama Unglued Empire offers a gold mine of case study data for scholars analyzing the interplay of politics and modern communication technology ITechnology and Culture There is no doubt that the growing availability of television and its technology which made it possible to report scenes instantly did have an impact on the collapse of the Soviet Union Mikhail Gorbachev decided that his country needed a dose of openness or Glasnost to modernize society and make the people more supportive of his efforts In the end more information about the outside world as well as the inside world helped to bring down the communist party and the Soviet government This book documents this process showing how the media's ready availability became such a divisive force in the Soviet Union Instead of creating a more structured rigid regime it did just the opposite The Soviet Union may well have collapsed of its own weight sooner or later but there is no doubt that the media technology and communications accelerated the process a form of uskorenii that Gorbachev never intended Many of the events described in this study have application to other researchers and government officials The study makes it possible to understand some of the new challenges that regimes wary of criticism will have to face in the future      Profiles in Audacity Alan Axelrod,2009-10-23 In brief compelling and inspiring vignettes bestselling historian Alan Axelrod pinpoints and investigates the make or break event in the lives and careers of some of history's most significant figures Axelrod reexamines history by revealing the answer to the fascinating question of why the people who made history made their choices and conveys the resonance of those choices today The 46 profiles range from ancient times to the present day and include Cleopatra's decision to rescue Egypt Washington's decision to cross the Delaware and win Gandhi's decision to prevail against the British Empire without bloodshed Truman's decision to drop the A bomb and end WW II Rosa Parks decision to sit in for civil rights Boris Yeltsin's decision to embrace a new world order and Flight 93's decision to take a stand against terror      **Canadian Books in Print. Author and Title Index** ,1975      *Soviet Communism from Reform to Collapse* Robert Vincent Daniels,1995 This anthology of documents and essays examines the transformation and ultimate demise of communism in the former Soviet Union during the Gorbachev era The selections address cultural and social ferment political events economic and technological change military diplomacy ideology and resurgence of nationalism and ethnic conflicts      *Library Journal* ,1992-07      *Boris Yeltsin and Russia's Democratic Transformation* Herbert J. Ellison,2006 Much has been written about Yeltsin but rarely has it been as balanced and insightful as this book It is a much needed well deserved corrective to conventional wisdom that overlooks or sells short Yeltsin's basically positive international stage Strobe Talbott president of the Brookings Institution and former U S deputy secretary of state      **History** ,1995      **Strategic Transitions** Josep Maria Colomer,2000 A transition agreement is a rational game with political actors choosing moves that will avoid widespread violence and civil war As Josep M Colomer argues game theory is particularly appropriate to offer a theoretical framework for the study of democratic transitions since it assumes

that collective outcomes result from strategies chosen by self interested actors In particular the cooperative efficient equilibria of two mugging games and the famous prisoner s dilemma game point out that opportunities for mutual benefit exist within different models of transition Strategic Transitions applies game theory to an analysis of Central Europe after the fall of Communism and in particular to the transitions in the former Soviet Union and in Poland The strategic approach adopted by Colomer helps to explain the development of political reforms and democratization even in the absence of the structural preconditions often postulated in other studies With its application of game theory to democratic transitions Strategic Transitions provides fresh insight into how political actors make the choices that move nations from authoritarian to more democratic regimes      *Azerbaijan Diary* Thomas Goltz,2015-04-08 In its first years as an independent state Azerbaijan was a prime example of post Soviet chaos beset by coups and civil strife and astride an ethnic political and religious divide Author Goltz was detoured in Baku in mid 1991 and decided to stay this diary is the record of his experiences      *Protest, Power, and Change* Christopher Kruegler,1997 First Published in 1997 Routledge is an imprint of Taylor Francis an informa company      International Books in Print, 1995 Barbara Hopkinson,[Anonymus AC01401231],1995
