Sustainability Through Community Participation Joaquin L. Gonzalez, 2018-10-26 Published in 1998 this is a very timely book especially with the current global concern for sustaining socio economic development projects through increased civil society participation The author warns development practitioners and scholars to be careful about over prescribing community participation as a panacea to achieving project sustainability **A Clash of Paradigms: Response and**

Development in the South Pacific Suan Maiava, 2024-11-01 This title was first published in 2001 This study indicates that researchers have far to go in understanding and assessing how development projects work The author shows that often the perception of failure is not shared by those whom were intended to benefit She uses a case study of Samoan villagers introduced to cattle farming to examine the wider development process and challenge the conventional theories By drawing on people centred perspectives that give much greater weight to the role of culture in development the volume does not simply criticize development project management but suggests practical and positive ways forward encouraging spontaneous indigenous development which should be supported by projects where appropriate **Development-Induced**

Displacement and Resettlement Irge Satiroglu, Narae Choi, 2015-04-10 Every year millions of people are displaced from their homes livelihoods and communities due to land based development projects There is no limit to what can be called a development project They can range from small scale infrastructure or mining projects to mega hydropower plants can be public or private well planned or rushed into Knowledge of development induced displacement and resettlement DIDR

remains limited even after decades of experience and research Many questions are yet unanswered What is success in resettlement Is development without displacement possible or can resettlement be developmental Is there a global safeguard policy or do we need an international right not to be displaced This book revisits what we think we know about DIDR Starting with case studies that challenge some of the most widespread preconceptions it goes on to discuss the ethical aspects of DIDR The book assesses the current laws policies and rights governing the sector and provides a glimpse of how the displaced people defend themselves in the absence of effective governance and safeguard mechanisms This book is a valuable resource for students and researchers in development studies population and development and migration and development

Participating in Development Alan Bicker, Johan Pottier, Paul Sillitoe, 2003-12-16 Development has too often failed to deliver on its promises to poor nations The policies imposed from above by international agencies and state bodies have frequently not met the needs and aspirations of ordinary people Development agencies have been searching for sometime for alternative approaches One of those being pioneered is indigenous knowledge which aims to make local voices heard more effectively However while it is increasingly acknowledged in development contexts it is yet to be validated and accepted by anthropologists It is self evident to any anthropologist that effective development assistance will benefit from some understanding of local knowledge and practices This therefore puts anthropology and anthropologists at the centre of development This volume focuses on two major issues that anthropology might profitably address First of all how to define indigenous knowledge and who should define it as it currently lacks disciplinary coherence Secondly once this definition is achieved what methodologies should be used in such an interdisciplinary research endeavour when it must meet the demands of development cost and time effective intelligible to non experts while not compromising anthropological expectations The new opportunities and their methodological implications are addressed in the chapters of this book in a range of ethnographic and institutional contexts and demonstrate how wide reaching and how crucially important this debate has become Participating in Development is a thought provoking and challenge collection Its authors both define and validate the role of the anthropologist in development as well of
