Digby

Baltzell,2017-07-28 Based on the biographies of some three hundred people in each city this book shows how such distinguished Boston families as the Adamsses Cabots Lowells and Peabodys have produced many generations of men and women who have made major contributions to the intellectual educational and political life of their state and nation At the same time comparable Philadelphia families such as the Biddles Cadwaladers Ingersolls and Drexels have contributed far fewer leaders to their state and nation From the days of Benjamin Franklin and Stephen Girard down to the present what leadership there has been in Philadelphia has largely been provided by self made men often like Franklin born outside Pennsylvania Baltzell traces the differences in class authority and leadership in these two cites to the contrasting values of the Puritan founders of the Bay Colony and the Quaker founders of the City of Brotherly Love While Puritans placed great value on the calling or devotion to one s chosen vocation Quakers have always placed more emphasis on being a good person than on being a good judge or statesman Puritan Boston and Quaker Philadelphia presents a provocative view of two contrasting upper classes and also reflects the author s larger concern with the conflicting values of hierarchy and egalitarianism in American history **Harvard's Classics Collection: Complete 71 Volumes** Johann Wolfgang von

Beverly Ray, 2008 Speaking about the kind of filmmaking now known as Classic Hollywood the most popular and influential cinema ever invented Vincente Minnelli once gave away its secret I feel that a picture that stays with you is made up of a hundred or more hidden things They're things that the audience is not conscious of but that accumulate How would we go about finding those things What method would enable us to retrieve them and by doing so to understand better how Hollywood films got made The ABCs of Classic Hollywood attempts to answer those questions by looking closely at four movies from the 1930-1945 period when the American Studio System reached the peak of its economic and cultural power Grand Hotel The Philadelphia Story The Maltese Falcon and Meet Me in St Louis To avoid the predictable generalizations that have plagued Film Studies Ray works with the movies details treated as initially mysterious but promising clues e.g. Grand Hotel's coffin and room assignments The Philadelphia Story's diving board and license plate PA55 The Maltese Falcon's clocks and missing bed Meet Me in St Louis's violinist and ribboned cat By producing at least 26 entries for each of these films one for every letter of the alphabet Ray demonstrates that a movie's details contain the record of the work and ideas that produced them the endless negotiation between commercial efficiency and seductive enchantment In our unconscious memories we recognize something in the movies something tantalizing and just out of reach This book unlocks those memories making them conscious and explicit so that they will help us understand the most powerful and important storytelling system ever designed The English Catalogue of Books Sampson Low, 1906 Volumes for 1898-1968 include a directory of publishers **The Greatest English Classic** Cleland Boyd McAfee, 2022-11-02 Reproduction of the original

Vanity Fair and the Celestial City Isabel Rivers, 2018-07-26 In John Bunyan's The Pilgrim's Progress the pilgrims cannot reach the Celestial City without passing through Vanity Fair where everything is bought and sold In recent years there has been much analysis of commerce and consumption in Britain during the long eighteenth century and of the dramatic expansion of popular publishing Similarly much has been written on the extraordinary effects of the evangelical revivals of the eighteenth century in Britain Europe and North America But how did popular religious culture and the world of print interact It is now known that religious works formed the greater part of the publishing market for most of the century What religious books were read and how Who chose them How did they get into people's hands Vanity Fair and the Celestial City is the first book to answer these questions in detail It explores the works written edited abridged and promoted by evangelical dissenters Methodists both Arminian and Calvinist and Church of England evangelicals in the period 1720 to 1800 Isabel Rivers also looks back to earlier sources and forward to the continued republication of many of these works well into the nineteenth century The first part is concerned with the publishing and distribution of religious books by commercial booksellers and not for profit religious societies and the means by which readers obtained them and how they responded to what they read The second part shows that some of the most important publications were new versions of earlier nonconformist episcopalian Roman Catholic and North American works The third part explores the main literary kinds

including annotated bibles devotional guides exemplary lives and hymns Building on many years research into the religious literature of the period Rivers discusses over two hundred writers and provides detailed case studies of popular and influential works
