Quality Education for Latinos and Latinas Rita Portales,Marco Portales,2010-01-01 As educators and legislators across the country debate how to improve public schools the most vital factor often disappears from the equation the relationship between the teacher and the student According to veteran educators Rita and Marco Portales this relationship is the central issue in the education of students especially Latino a students who often face serious barriers to school success because of the legacy of racism insufficient English language skills and cultural differences with the educational establishment To break down these barriers and help Latino a students acquire a quality education the Portaleses focus attention on the teacher student relationship and offer a proven method that teachers can use to strengthen the print and oral skills of their students They begin by analyzing the reasons why schools too often fail to educate Latino a students using eloquent comments from young Latinos as and their parents to confirm how important the teacher student relationship is to the student s success Then they show how all educational stakeholders teachers administrators state education agencies legislators and parents can work together to facilitate the teacher student relationship and improve student education By demonstrating how teachers can improve students reading critical thinking writing and oral communication skills across the curriculum they argue that learning can be made more relevant for students keeping their interest levels high while preparing them for academically competitive colleges *The Quality Education Challenge* Carolyn J. Downey,Larry E. Frase,Jeffrey J. Peters,1994-04-29 Attempts to implement W Edwards Deming s Total Quality Management TQM principles in education and transform school systems into world class quality learning environments have proved somewhat disappointing This book

asserts that educators need a way to translate the ideas about corporate quality for adaptation and use in schools The missing link is offered in the description and discussion of Total Quality Education TQE presented in this document The book first clarifies what quality is and who the customers and suppliers in education are It then presents a Quality Fit Framework which describes how quality can be infused into school systems This framework is built on three basic leverage points shared purpose structure and dynamic relationships that form the basis for applying 18 common core premises of quality to school organizations Chapter 1 addresses the issue of the international educational challenge and serves as a primer for defining quality and various quality premises Chapters 2 4 define each of the three leverage points and present strategies for carrying them out in the school system Chapter 5 presents suggestions for making significant differences in the lives of today s youth Sixty two figures are included Finally chapter 6 examines the criticisms of TQM in education LMI **Funding First:**

*Quality and Equity in Education* Michael Byram,Mike Fleming,Joseph Sheils,2023-02-15 The work of the Council of Europe in plurilingual and intercultural education is highly influential in Europe and beyond and has been so for many years The Common European Framework of Reference and its Companion Volume and related instruments provide ways in which to implement policies and a broader vision of providing quality and equity in education across the curriculum a vision which

incorporates the core values of the Council of Europe and which educates children and young people to be plurilingual intercultural and democratic citizens This book presents this educational vision demonstrates how it can be realised through the application of Council of Europe instruments in practice and does so in a way which is easily and quickly accessible to teachers of all subjects and in all educational institutions as well as to other educationists including policymakers *Total Quality Education* Fenwick W. English, John C. Hill, 1994-03-17 Can schools be changed to eliminate some of the worst things about them In this book the authors examine how competition is at the heart of nearly all facets of school life and the socioeconomic system that supports it The authors conclude there is no way to recreate a school to ensure that every student wins and that there are no losers except by abandoning the current system and starting again To design a school where all children are winners requires a complete transformation of the school into a learning place that recenters learning at the heart of the process The authors skilfully adapt the proven business principles of W Edwards Deming and apply them to education Using their combined forty years of practitioner experience English and Hill detail how the educational changes which embody Total Quality Education are possible and what learning places are like in the way of principles characteristics organization schedule staff instruction and supervision They also present a learning model discuss curriculum planning and evaluation in the learning place and provide a planning and troubleshooting guide **Education Quality and Social**

**Justice in the Global South** Leon Tikly, Angeline M. Barrett, 2013-06-07 How we understand education quality is inextricably linked with perspectives on social justice Questions of inclusion relevance and democracy in education are increasingly contested most especially in the global South and improving the quality of education particularly for the most disadvantaged has become a topic of fundamental concern for education policy makers practitioners and the international development community The reality experienced by many learners continues to be of inadequately prepared and poorly motivated teachers struggling to deliver a rapidly changing curriculum without sufficient support and often using outmoded teaching methods in over crowded or dilapidated classrooms *Education Quality and Social Justice in the South* includes contributions from leading scholars in the field of education and development The text draws upon state of the art evidence from the five year EdQual research programme which focuses upon raising achievement in low income countries and demonstrates how systems of high quality universal education can be sustained By exploring recent research initiatives to improve education quality the importance of supporting local policy makers educators and parents as agents of change and students as active inquirers is highlighted and the challenge of taking successful initiatives to scale is explained The book is divided into three main parts Framing Education Quality Planning and Policies for Quality Implementing Quality in Schools *Education Quality and Social Justice in the South* argues that implementing a high quality of education using theories of social justice can inform the understanding of inclusion relevance and democracy in education The book should be essential reading for both students and researchers within the fields of international and comparative education along with

educational policy poverty and development studies
