ANARCHIST QUARTERLY

Raven 1 Anarchist Quarterly

Carissa Honeywell

Raven 1 Anarchist Quarterly:

Religious Anarchism Alexandre J. M. E. Christoyannopoulos, 2009-10-02 Both religion and anarchism have been increasingly politically active of late This edited volume presents twelve chapters of fresh scholarship on diverse facets of the area where they meet religious anarchism The book is structured along three themes early Christian anarchist pioneers including Pelagius Coppe Hungarian Nazarenes and Dutch Christian anarchists Christian anarchist reflections on specific topics such as Kierkegaardian indifference Romans 13 Dalit religious practice and resistance to race and nation religious anarchism in other traditions ranging from Wu Nengzi s Daoism and Rexroth s Zen Buddhism to various currents of Islam including an original Anarca Islamic clinic This unique book therefore furthers scholarship on anarchism on millenarian and revolutionary thinkers and movements and on religion and politics It is also of value to members of the wider public interested in radical politics and in the political implications of religion And of course it is relevant to those interested in any of the specific themes and thinkers focused on within individual chapters In short this book presents a range of innovative perspectives on a web of topics that while held together by the common thread of religious anarchism also speaks to numerous broader themes which have been increasingly prominent in the twenty first century Christian Anarchism Alexandre Christoyannopoulos, 2022-02-17 Christian anarchism has been around for at least as long as secular anarchism Leo Tolstoy is its most famous proponent but there are many others such as Jacques Ellul Vernard Eller Dave Andrews or the people associated with the Catholic Worker movement They offer a compelling critique of the state the church and the economy based on the New Testament *A British Anarchist Tradition* Carissa Honeywell, 2011-05-12 A British Anarchist Tradition focuses on three contemporary British theorists and practitioners Herbert Read Colin Ward and Alex Comfort and looks at their interrelation commonality and collective influence on British radical thought The book aims to foster a greater understanding of anarchism as an intellectual response to 20th century developments and its impact on political thought and movements For the first time the work of these three writers is presented as a tradition highlighting the consistency of their themes and concerns To do so the book shows how they addressed the problems faced by modern British society with clear lines of political literary and intellectual traditions linking them It also focuses on their contribution to the development of anarchist conceptions of freedom in the twentieth century A British Anarchist Tradition identifies an area of anarchism that deserves greater critical scholarly attention Its unique and thorough research will make it a valuable resource for anyone interested in contemporary anarchist thought political theory and political movements **The Raven** , 1987 **The Palgrave Handbook of Anarchism** Carl Levy, Matthew S. Adams, 2018-06-22 This handbook unites leading scholars from around the world in exploring anarchism as a political ideology from an examination of its core principles an analysis of its history and an assessment of its contribution to the struggles that face humanity today Grounded in a conceptual and historical approach each entry charts what is distinctive about the anarchist response to particular intellectual political

cultural and social phenomena and considers how these values have changed over time At its heart is a sustained process of conceptual definition and an extended examination of the core claims of this frequently misunderstood political tradition It is the definitive scholarly reference work on anarchism as a political ideology and should be a crucial text for scholars students and activists alike

The Scandalous Eye Silvano Levy, Conroy Maddox, 2003-01-01 Conroy Maddox discovered surrealism by chance in 1935 and spent the rest of his life exploring its potential through his paintings collages photographs objects and texts Inspired by artists such as Max Ernst Oscar Dominguez and Salvador Dal he rejected academic painting in favor of techniques that expressed the surrealist spirit of rebellion Maddox went on to become a rebel in every sense the defiance that had initially turned towards aesthetics became a broader challenge against morality religion and the establishment as a whole Maddox's colorful exploits and outstanding artistic production undoubtedly made him Britain's most beguiling provocative and vigorous exponent of surrealism This book maps out his place in the history of the surrealist movement and reveals the intellectual complexity as well as the poignant charm of an oeuvre that spans eight decades

Tolstoy's Political Thought Alexandre Christoyannopoulos, 2019-08-29 Leo Tolstoy 1828-1910 besides writing famous novels such as War and Peace also wrote on political issues especially later in his life putting forward a political philosophy which might be termed Christian anarchism This book provides a comprehensive overview of Tolstoy's political thought It outlines in a systematic way Tolstoy's thought which was originally articulated unsystematically in diverse often informal writing such as pamphlets letters and speeches as well as books and in his novels where Tolstoy's thinking is put forward implicitly through the novels characters The book sets out the basic themes of Tolstoy's political thought his acceptance of the teachings of Jesus his criticism of the way in which Jesus teachings have been relayed by the church through traditional creeds and dogma his passionate rejection of political violence by both the state and those working for reform his plea for a nonviolent response to violence and injustice and his call for society to forego its institutional shackles and enact a community of peace love and justice The book also includes background information on the Russia of Tolstoy's time including the religious context and a discussion of how Tolstoy's political thought has been received by his admirers who included Gandhi and his critics

The World That Never Was Alex Butterworth, 2010-06-15 A thrilling history of the rise of anarchism told through the stories of a number of prominent revolutionaries and the agents of the secret police who pursued them In the late nineteenth century nations the world over were mired in economic recession and beset by social unrest their leaders increasingly threatened by acts of terrorism and assassination from anarchist extremists In this riveting history of that tumultuous period Alex Butterworth follows the rise of these revolutionaries from the failed Paris Commune of 1871 to the 1905 Russian Revolution and beyond Through the interwoven stories of several key anarchists and the secret police who tracked and manipulated them Butterworth explores how the anarchists were led to increasingly desperate acts of terrorism and murder Rich in anecdote and with a fascinating array of supporting characters *The World That Never Was* is a masterly exploration of the

strange twists and turns of history taking readers on a journey that spans five continents from the capitals of Europe to a South Pacific penal colony to the heartland of America It tells the story of a generation that saw its utopian dreams crumble into dangerous desperation and offers a revelatory portrait of an era with uncanny echoes of our own **Words of a Rebel** Peter Kropotkin,2022-03-29 Peter Kropotkin remains one of the best known anarchist thinkers and Words of a Rebel was his first libertarian book Published in 1885 while he was in a French jail for anarchist activism this collection of articles from the newspaper Le Revolt sees Kropotkin criticise the failings of capitalism and those who seek to end it by means of its main support the state Instead he urged the creation of a mass movement from below that would expropriate property and destroy the state replacing their centralised hierarchies with federations of self governing communities and workplaces Kropotkin s instant classic included discussions themes and ideas he returned to repeatedly during his five decades in the anarchist movement Unsurprisingly Words of a Rebel was soon translated into numerous languages including Italian Spanish Bulgarian Russian and Chinese and reprinted time and time again But despite its influence as Kropotkin s first anarchist work it was the last to be completely translated into English This is a new translation from the French original by Iain McKay except for a few chapters previously translated by Nicolas Walter Both anarchist activists and writers they are well placed to understand the assumptions within and influences on Kropotkin s revolutionary journalism It includes all the original 1885 text along with the preface to the 1904 Italian as well as the preface and afterward to the 1919 Russian editions In addition it includes many articles on the labour movement written by Kropotkin for Le Revolt which show how he envisioned getting from criticism to a social revolution Along with a comprehensive glossary and an introduction by Iain McKay placing this work within the history of anarchism as well as indicating its relevance to radicals and revolutionaries today this is the definitive edition of an anarchist classic **Postmodernist and Post-Structuralist Theories of Crime** Dragan Milovanovic,2017-07-05 This volume presents the rich and provocative historical theoretical methodological and applied developments within affirmative postmodern and post structural criminology This includes the evolution of thought that embraces the linguistic turn in crime law justice and social change Previously published articles authored by key thinkers are included throughout the book s five substantive sections Collectively they represent important reflections on the current criminological landscape in which symbolic linguistic material and cultural realms of analyses are featured Anarchism and Education Judith Suissa,2006-09-27 This book explores the neglected tradition of anarchist education showing how the ideas associated with this tradition can lend a valuable depth to philosophical debates on education and a motivating vision for teachers and educational policy makers **Environment and Politics** Timothy Doyle,Doug McEachern,2007-08-31 Concise introduction to the study of environmental politics explaining the key concepts conflicts political systems and the practices of policy making A diverse range of environmental problems and policy solutions are examined **The Raven** ,1988 **Storm in My Heart** Helene Minkin,2015-01-21 Partner of one of the most infamous anarchists of her time Johann

Most Helene Minkin joined the anarchist movement after emigrating from Russia in 1888 with her father and sister. Framed as a reaction and corrective to Emma Goldman's *Living My Life*, Minkin's memoir provides a unique account of turn of the century anarchism and immigrant life in the United States. Published in the Yiddish language newspaper *Forverts* in 1932, this is its first English translation. **London's Burning** Antony Taylor, 2012-01-26 From the early years of the nineteenth century, cultural pessimists imagined in fiction the political forces that might bring about the destruction of London. Periods of popular protest or radicalism have generated novels that consider the methods insurgents might use to terrorise the metropolis. There has been a tendency to dismiss such writings as the lurid imaginings of pulp novelists, but this book re-evaluates the contribution of popular fiction to the construction of the terrorist threat. It analyses the high points for the production of such works and locates them in their cultural and historical context. From the 1840s, when a fear of Chartist insurgency was paramount in the minds of authors, it moves through the anarchist thrillers of the 1890s, considers writers' fears about Bolshevik revolution in the East End of the 1920s and 1930s, explores fears of Fascism in the inter-war years, and assesses the concerns with underground counter-culture that feature in the thriller literature of the 1970s. It concludes with a re-evaluation of the metropolitan background to the figure of the Islamist terrorist. **Anarchism and Animal Liberation** Anthony J. Nocella II, Richard J. White, Erika Cudworth, 2015-07-20 Building upon anarchist critiques of racism, sexism, ableism, and classism, this collection of new essays melds anarchism with animal advocacy in arguing that speciesism is an ideological and social norm rooted in hierarchy and inequality. Rising from the anarchist-influenced Occupy Movement, this book brings together international scholars and activists who challenge us all to look more critically into the causes of speciesism and to take a broader view of peace, social justice, and the nature of oppression. Animal advocates have long argued that speciesism will end if the humanity adopts a vegan ethic. This concept is developed into the argument that the vegan ethic has the most promise if it is also anti-capitalist and against all forms of domination. *Realizing the Impossible* Josh MacPhee, Erik Reuland, 2007-01-01 Looks at the history of the depiction of anti-authoritarian social movements in art. **Obsolete Spells** Justin Hopper, 2022-08-16 A collection of rare pagan poetry and purple prose from the heart of the 1920s counterculture. Victor Neuburg is most famous for two things: discovering Dylan Thomas and being the man that Aleister Crowley once turned into a camel. *Obsolete Spells* offers another side of Neuburg through his own poems and the strange books of Vine Press, the hand-operated imprint he ran from his West Sussex cottage between 1920 and 1930. Neuburg's youth involved terrifying yet farcical years as Crowley's lover, victim, and magical sidekick. His later period as editor of the influential *Poet's Corner* column for the *Sunday Referee* found him a key figure in London's literary scene. But in between, Neuburg acted as a conduit for bohemian writers, arts luminaries, and the sexually adventurous Peter Warlock, set his words to music, singer Marian Anderson lived in his spare room, and he was a fixture at utopian community the Sanctuary. Through it all, he turned the handle on the Vine Press books of nature writing and anonymous song poems and artwork worthy of *The Wicker Man*.

side by side with a book on cricket *Obsolete Spells* offers a selection of Neuburg's work and others from Vine Press books over the top hymns to the Old Gods tales from a utopian landscape and more most of which has been out of print for a century

The Chartist Movement Owen R. Ashton, Robert Fyson, Stephen Roberts, 1995 The bibliography includes an introductory essay by Dorothy Thompson and will be of immense value to researchers teachers and students of labour and social history and Victorian studies in universities and schools
