Redeeming Lost:

Redeeming Words David Michael Kleinberg-Levin, 2013-11-01 Probing study of how literature can redeem the revelatory redemptive powers of language In this probing look at Alfred Döblin's 1929 novel *Berlin Alexanderplatz* and the stories of W G Sebald *Redeeming Words* offers a philosophical meditation on the power of language in literature David Kleinberg Levin draws on the critical theory of Benjamin and Adorno the idealism and romanticism of Kant Hegel Hölderlin Novalis and Schelling and the nineteenth and twentieth century thought of Nietzsche Heidegger and Derrida He shows how Döblin and Sebald writers with radically different styles working in different historical moments have in common a struggle against forces of negativity and an aim to bring about in response a certain redemption of language Kleinberg Levin considers the fast paced staccato and hard cut sentences of Döblin and the ghostly languorous and melancholy prose fiction of Sebald to articulate how both writers use language in an attempt to recover and convey this utopian promise of happiness for life in a time of mourning

Redeeming the Axe-Head Ifeoma Eze, 2018-02-17 In the family settings when the axe head has lost its position things will no longer work for good Beloved I want to remind you that you are a weapon of warfare God's battle axe The situation in your family is waiting for you to change The calamity in this nation country is only waiting for the axe head to come up and face it squarely

Beyond the Academy David Thang Moe, 2024-10-11 The term public theology was introduced by Martin E Marty in a 1974 article Since then scholarly discussions on public theology have become more popular in academic circles This book however is about the invitation for moving beyond the academy It provides two reasons for doing so First an overtly academic public theology is in crisis today Although public theology may be flourishing in the academy its relevance for real life is limited Second there is the ecclesial flourishing among grassroots Christian communities across Asia who witness to their lived faith in public and hidden life Their voices are largely unheard due to the gaps between the academy and the church This volume argues that we should consider their voices as key sources for developing a relevant lived Asian public theology The author makes the case for reimagining the paradigm shifts in lived Asian public theology of religions and for bridging the unhappy gaps between the academic and grassroots voices

Reading Confederate Monuments Maria Seger, 2022-08-24 Winner of a 2023 Edited Collection Award from the South Atlantic Modern Language Association Contributions by Danielle Christmas Joanna Davis McElligatt Garrett Bridger Gilmore Spencer R Herrera Cassandra Jackson Stacie McCormick Maria Seger Randi Lynn Tanglen Brook Thomas Michael C Weisenburg and Lisa Woolfork *Reading Confederate Monuments* addresses the urgent and vital need for scholars educators and the general public to be able to read and interpret the literal and cultural Confederate monuments pervading life in the contemporary United States The literary and cultural studies scholars featured in this collection engage many different archives and methods demonstrating how to read literal Confederate monuments as texts and in the context of the assortment of literatures that produced and celebrated them They further explore how to read the literary texts advancing

and contesting Confederate ideology in the US cultural imaginary then and now as monuments in and of themselves On top of that the essays published here lay bare the cultural and pedagogical work of Confederate monuments and counter monuments divulging how and what they teach their readers as communal and yet contested narratives thereby showing why the persistence of Confederate monuments matters greatly to local and national notions of racial justice and belonging In doing so this collection illustrates what critics of US literature and culture can offer to ongoing scholarly and public discussions about Confederate monuments and memory Even as we remove relocate and recontextualize the physical symbols of the Confederacy dotting the US landscape the complicated histories cultural products and pedagogies of Confederate ideology remain embedded in the national consciousness To disrupt and potentially dismantle these enduring narratives alongside the statues themselves we must be able to recognize analyze and resist them in US life The pieces in this collection position us to think deeply about how and why we should continue that work **THE PARABLES OF THE**

LORD JESUS CHRIST John Sandbek, 2018-06-12 The parables of Jesus should not be studied as individual homilies or proverbs but instead as a series of prophetic installments wherein each parable reveals an aspect of his coming millennial kingdom The focus of all his parables was the kingdom and encompassed four areas of revelation Jesus was sent by his Father to reveal to man eternal truths to redeem the lost sheep of the house of Israel to expound on the prophets and the Law and to preach of the gospel of the Kingdom With these four anointings Jesus assumed the three offices of Prophet Priest and King and used parables to conceal his message from those who would not listen or sought to destroy his ministry As Prophet he foretold of events imminent to his time and the destruction of Jerusalem He became our High Priest to redeem his people and instruct them in righteousness As King his parables reveal to us the grandeur of his coming kingdom heretofore kept secret from man and set the metrics for ruling and reigning with him The Parables of the Lord Jesus Christ Prophet Priest King examines Jesus s parabolic teaching from these three ordinations and how each relates to Christ s future kingdom Each parable is placed in context with surrounding events and the customs of the day and its imagery and symbolism explained using Scripture to deduce and interpret its meaning *Behind the Veil of Deception* Pasquale De

or possibly even deranged intelligence one that obsessively sees patterns everywhere Why should the value of literature hinge on such an idiosyncratic process And what does finding affinities have to do with the more familiar categories of novelistic form like character and narrative Taking inspiration from the work of Walter Benjamin this book analyzes the distinctive ethics of affinity offered by these novels and thus seeks to clarify one of the most intriguing and consequential developments in the contemporary novel

A Traditionalist History of the Great War, Book II Alexander Wolfheze, 2021-01-27 This book analyzes the world of 1914 by combining the approaches of traditionalist hermeneutics and 20th century geopolitics The juxtaposition of these two frameworks incorporated in the principles of Sacred Geography and Sea Power allows for a Traditionalist perspective on the choices facing the Ten Great Powers on the eve of the Great War The book's multifaceted approach follows the iconoclastic culture critique method of the Traditional School that was developed by Ren Gu non Frithjof Schuon and Julius Evola it shows the pre war world as essentially different from the post war world Thus the Ten Great Power protagonists of the Great War may be understood on their own terms rather than through a backward projection of politically correct values on the existentially different human life world of 1914 Dislodging the historical materialist progress premise that underpins contemporary academic historiography this book reasserts the highest claim of the Art of History meta narrative meaning

God Betrayed Jerald Finney, 2008-08 *God Betrayed* explains 1 the biblical principles concerning government church and separation of church and state which one needs to know in order to understand the First Amendment and why it was adopted 2 the history of the theological warfare in the colonies that eventually resulted in the adoption of the First Amendment 3 how and why soon after the ratification of the Constitution and the First Amendment many churches subjected themselves to the state 4 how the Supreme Court has used the First Amendment religion clause to remove God from practically all civil government affairs 5 how civil government entices many churches to abandon their Supernatural and First Amendment freedoms and 6 how churches in America can operate totally under God and free from any control by civil government After graduating from college in 1970 and serving as an army officer in the Viet Nam conflict Jerald Finney worked for the railroad and then started and operated a photography studio in

Discourses** Nehemiah Adams,1878 **The Christian state of life** Franz Hunolt,1886 **The Nonviolent Atonement, Second Edition** J. Denny Weaver,2011-01-26 A provocative study that cuts to the very heart of Christian thought The Nonviolent Atonement challenges the traditional Anselmian understanding of atonement along with the assumption that heavenly justice depends on Christ s passive innocent submission to violent death at the hands of a cruel God Instead J Denny Weaver offers a thoroughly nonviolent paradigm for understanding atonement grounded in the New Testament and sensitive to the concerns of pacifist black feminist and womanist theology While many scholars have engaged the subject of violence in atonement theology Weaver s Nonviolent Atonement is the only book that offers a radically new theory rather than simply refurbishing existing theories Key features of this revised and updated second edition include new material on Paul and Anselm expanded discussion on the development of violence in theology interaction with recent scholarship on atonement and response to criticisms of Weaver s original work Praise for the first edition The best current single volume on reconstructing the theology of atonement S Mark Heim in Anglican Theological Review Weaver provides an important contribution to atonement theories by seriously inserting the contemporary concerns of pacifist feminist womanist and black theologians into the centuries old christological conversation A provocative but faithful proposal benefiting any student of christology Religious Studies Review A noteworthy contribution to the literature on the atonement Weaver provides a useful critique of the history of atonement motifs he does a fine job of placing Anselm s theology in its historical context he creatively fuses a singular biblical vision from the earthly narrative of the Gospels and the cosmic perspective of the Apocalypse and he attempts to relate discussions of the atonement to Christian social ethics Trinity Journal This is a superb succinct survey and analysis of classical and contemporary theories of the atonement ideal for students and general readers A clearly written passionately expressed introduction to current debates on the atonement Excellent resource Reviews in Religion and Theology
