**Righteous Religion** Kathleen Ritter, Craig O'Neill, 2014-05-22 Why are so many individuals discouraged at spiritual dead ends even when they are active participants in their churches *Righteous Religion* exposes the authoritarian misuse of Christian teaching that often leaves its members ignored chastised or belittled This new book offers hope for anyone who has struggled with disillusionment in the face of an unbending religious system After unmasking a bewildering network of illusions that operate beneath the surface of Fundamentalism and dogmatic Catholicism the authors help readers find their own voices of truth This is a candid book that analyzes the grip of Fundamentalism and Catholicism on their respective followers despite financial and sexual scandals misuse of power and influence apparent hypocrisy and selective self righteousness of these two religious systems Using real life stories of ordinary people in ordinary churches *Righteous Religion* demonstrates that the efforts involved in maintaining illusions are incompatible with claiming a personal spiritual voice The authors discuss the relationship between the breakdown of erroneous notions and the growth that will involve readers in finding their own voice From the stories presented readers will see the journey progress from questioning previously unquestioned assumptions reclaiming the best out of their religious traditions and then transcending that which is no longer viable by grieving over illusions learning to live with paradox and transforming illusions into a new valid and spiritually personal religious truth As readers begin the journey of finding their own spiritual voice their experiences will be validated by the prose and stories in *Righteous Religion* Those outside of Fundamentalism and Catholicism can begin to understand the practices of these religious groups through the authors clear explanation of the dynamics and inner workings of creed bound Fundamentalism and Catholicism This book has appeal to anyone whether from within or outside religious tradition who has questioned the grip of Fundamentalism and Catholicism on individuals

**Leaving Christian Fundamentalism and the Reconstruction of Identity** Josie McSkimming, 2016-10-04 There is an increasing interest in the influence of religious fundamentalism upon people's motivation identity and decision making *Leaving Christian Fundamentalism and the Reconstruction of Identity* details the stories of those who have left Christian fundamentalist churches and how they change after they have left It considers how the previous fundamentalist identity is shaped by aspects of church teaching and discipline that are less authoritarian and coercive and more subtle and widely spread throughout the church body That is individuals are understood as not only subject to a form of judgment but also exercise it with everyone seemingly complicit in maintaining the stability of the church organisation This book provocatively illustrates that the

reasons for leaving an evangelical Christian church may be less about what happens outside the church in terms of the lures and attractions of the secular world and more about the experience within the community itself      **Spiritual Direction &**

**Saving Jesus from Those Who Are Right** Carter Heyward, In this theological resource for spiritual transformation and social change, Carter Heyward rethinks the figure Jesus and his import for church, academy and society. Rather than focus on the endlessly variable pictures of Jesus in contemporary biblical scholarship and in radical opposition to the Jesus of the Christian Right, Heyward presents Jesus as our brother infused with a sacred power and passion for embodying right mutual relation and ourselves with him in this commitment. She goes on to explore concretely how we might live this way.

Theological Context for Pastoral Caregiving William M. Clements, Howard W. Stone, 2013-09-05 In *Theological Context for Pastoral Caregiving*, Howard W. Stone helps his fellow pastors and worship leaders provide effective and faithful pastoral care and counseling through the study of the correlation between pastoral care and theology. You will learn that in order for pastoral care to be effective, it must have a theological base to shape the caregiving experience. At the same time, theology must be informed by the needs and experiences of the people being served and by the ministry of pastoral care. By relating these two issues, you gain a unique viewpoint not offered by books with simply a psychological focus. The author draws from his day to day clinical practice of pastoral care and counseling to show how pastoral care and theology can be brought together. Through Howard Stone's work, the reader learns of an overview of pastoral care and counseling today, how to provide a pastoral assessment of the persons served, the author's theological understanding of the ministry of pastoral care and counseling, methods for correlating theology and pastoral care, how spiritual direction as a discipline can help pastoral care and counseling ministry regain a solid theological base, theological themes that might be more explicitly and intentionally related to pastoral care. *Theological Context for Pastoral Caregiving* provides useful information for parish pastors, people in training to be parish pastors and specialists in the field of pastoral care counseling. As one of the easiest to read books on this subject, it can also be used as a text for graduate level classes in courses such as Theology and Pastoral Care, Pastoral Theology and Practical Theology. With this book, seminary students will

finally be able to relate the practical things learned in pastoral counseling classes with what is learned in theology classes
