Rock And Roll Years:

Blood, Sweat, and My Rock 'n' Roll Years Steve Katz, 2015-05-01 On paper Steve Katz's career rivals anyone's except the 1960s and 70s biggest stars the Monterey Pop Festival with the legendary Blues Project Woodstock with Blood Sweat Tears and even producing rock's most celebrated speed addict Lou Reed There were world tours and his résumé screams Hall of Fame it won't be long before BS T are on that ballot He has three Grammys ten nominations three Downbeat Reader's Poll Awards three gold records one platinum record and one quadruple platinum platter the second Blood Sweat Tears album not to mention three gold singles with BS T All together he's sold close to 29 million records He had affairs with famous female folk singers made love to Jim Morrison's girlfriend Pam when Jim was drunk and abusive partied with Elizabeth Taylor and Groucho Marx dined with Rudolf Nureyev conversed with Martin Luther King Jr and Tennessee Williams hung out with Andy Warhol jammed with everyone from Mose Allison to Jimi Hendrix and was told to get a haircut by both Mickey Spillane and Danny Thomas But his memoir is more Portnoy's Complaint than the lurid party with your pants down memoir that has become the norm for rock n roll books It's an honest and personal account of a life at the edge of the spotlight a privileged vantage point that earned him a bit more objectivity and earnest outrage than a lot of his colleagues who were too far into the scene to lay any honest witness to it Set during the Greenwich Village folk rock scene the Sixties most celebrated venues and concerts and behind closed doors on international tours and grueling studio sessions this is the unlikely story of a rock star as nerd nerd as rock star a nice Jewish boy who got to sit at the cool kid's table and score the hot chicks

Dion and the Belmonts: Early Doo-wop and Rock and Roll Years Robert Reynolds, 2017-04-03 DION and the BELMONTS Early Doo wop and Rock and Roll Years explores this popular Bronx group's rise to stardom with such hits as I Wonder Why and Teenager in Love After separating as a group Dion scored big with Runaround Sue The Wanderer and Abraham Martin and John The Belmonts hit big with Come On Little Angel and Tell Me Why The book includes a chronological biography and partial discographies of their works individually and collectively Relive our musical past with one of America's most beloved doo wop vocal groups Dion and the Belmonts The Rock 'n' Roll Years , Black Like You John Strausbaugh, 2007-08-16 A refreshingly clearheaded and taboo breaking look at race relations reveals that American culture is neither Black nor White nor Other but a mix a mongrel Black Like You is an erudite and entertaining exploration of race relations in American popular culture Particularly compelling is Strausbaugh's eagerness to tackle blackface a strange often scandalous and now taboo entertainment Although blackface performance came to be denounced as purely racist mockery and shamefacedly erased from most modern accounts of American cultural history Black Like You shows that the impact of blackface on American culture was deep and long lasting Its influence can be seen in rock and hip-hop in vaudeville Broadway and gay drag performances in Mark Twain and gangsta lit in the earliest filmstrips and the 2004 movie White Chicks on radio and television in advertising and product marketing and even in the way Americans speak Strausbaugh enlivens themes that are

rarely discussed in public let alone with such candor and vision American culture neither conforms to knee jerk racism nor to knee jerk political correctness It is neither Black nor White nor Other but a mix a mongrel No history is best forgotten however uncomfortable it may be to remember The power of blackface to engender mortification and rage in Americans to this day is reason enough to examine what it tells us about our culture and ourselves Blackface is still alive Its impact and descendants including Black performers in whiteface can be seen all around us today Who Shot Rock and Roll Gail Buckland,2009-10-20 More than two hundred spectacular photographs sensual luminous frenzied true from 1955 to the present that catch and define the energy intoxication rebellion and magic of rock and roll the first book to explore the photographs and the photographers who captured rock s message of freedom and personal reinvention and to examine the effect of their pictures on the musicians the fans and the culture itself The only music photographers whose names are well known are those who themselves have become celebrities But many of the images that have shaped our consciousness and desire were made by photographers whose names are unfamiliar Here are Elvis in 1956 not yet mythic but beautiful tender vulnerable sexy photographed by Alfred Wertheimer Bob Dylan and his girlfriend on a snowy Greenwich Village street by Don Hunstein John Lennon in a sleeveless New York City T shirt by Bob Gruen Jimi Hendrix by Gered Mankowitz a photograph that became a poster and was hung on the walls of millions of bedrooms and college dorms For the first time the work of these talented men and women is brought into the pantheon we see the musicians they photographed and how the images gave rock and roll its visual identity To bring together these images Gail Buckland acclaimed photographic editor curator and scholar looked through the archives of one hundred photographers selecting pictures not on the basis of the usual suspects but on the power of the images themselves often picking an image a photographer didn t even remember he or she had taken Buckland writes about the photographers their influences their relationships with their subjects how they took the images how they saw what they saw and captured what they captured the spirit and essence of rock A revelation of an art form whose iconic images changed the world as we knew it **The Harvard Guide to African-American History**

Time Garage Rock from the 1950s to the Present tells of a musical phenomenon whose continuing influence on global popular culture is immeasurable The story begins in 1950s America when classic rock n roll was reaching middle age and teenaged musicians kept its primal rawness going with rough hewn instrumentals practicing guitar riffs in their parents garages In the mid 1960s came the Beatles and the British Invasion and soon every neighborhood had its own garage band Groups like the Sonics and 13th Floor Elevators burnt brightly but briefly only to be rediscovered by a new generation of connoisseurs in the 1970s Numerous compilation albums followed spearheaded by Lenny Kaye s iconic Nuggets which

resulted in garage rock's rebirth during the 1980s and 90s. Be it the White Stripes or the Black Keys, bands have consistently found inspiration in the simplicity and energy of garage rock. It is a revitalizing force looking back to the past to forge the future of rock n' roll. And this for the first time is its story.
