Rock In The Usa

William Jay Risch

Rock In The Usa:

Rock in the Musical Theatre Joseph Church, 2019 Today's musical theatre world rocks. Now that rock n roll music and its offshoots including pop, hard rock, rap, r b, funk, folk and world pop music are the standard language of musical theatre, theatre singers need a source of information on these styles, their origins and their performance practices. Rock in the Musical Theatre: A Guide for Singers fills this need. Today's musical theatre training programs are now including rock music in their coursework and rock songs and musicals in their repertoires. This is a text for those trainees, courses and productions. It will also be of great value to working professionals, teachers, music directors and coaches less familiar with rock styles or who want to improve their rock related skills. The author, an experienced music director, vocal coach and university professor and an acknowledged expert on rock music in the theatre, examines the many aspects of performing rock music in the theatre and offers practical advice through a combination of aesthetic and theoretical study, extensive discussions of musical, vocal and acting techniques and chronicles of coaching sessions. The book also includes advice from working actors, casting directors and music directors who specialize in rock music for the stage. Rock'n America Deena Weinstein, 2015-01-01 What is rock? This book offers a new and systematic approach to understanding rock by applying sociological concepts in a historical context. Deena Weinstein, a rock critic, journalist and academic, starts by outlining an original approach to understanding rock, explaining how the form has developed through a complex and ever-changing set of relations between artists, fans and mediators. She then traces the history of rock in America through its distinctive eras, from rock's precursors to rock in the digital age. The book includes suggested listening lists to accompany each chapter, a detailed filmography of movies about rock and a wide range of visuals and fascinating anecdotes. Never separating rock music from the social, political, economic and cultural changes in America's history, Rock'n America provides a comprehensive overview of the genre and a new way of appreciating its place in American society. Born in the U.S.A. Jim Cullen, 2005-06-14 A thinking person's exploration of the cultural significance of Bruce Springsteen. Rock Music Mark Spicer, 2017-07-05 This volume gathers together twenty articles from among the best scholarly writing on rock music published in academic journals over the past two decades. These diverse essays reflect the wide range of approaches that scholars in various disciplines have applied to the study of rock, from those that address mainly the historical, sociological, cultural and technological factors that gave rise to this music to those that focus primarily on analysis of the music itself. This collection of articles, some of which are now out of print or otherwise difficult to access, provides an overview of the current state of research in the field of rock music and includes an introduction which contributes to the ongoing debate over the distinction or lack thereof between rock and pop. Pop/Rock Hal Leonard Publishing Corporation, 2002-07-01 Guitar Chord Songbook. Includes the chords and lyrics to 80 chart hits: Against All Odds, All I Wanna Do, Angie, Closer to Free, Come Sail Away, Drops of Jupiter, Tell Me Every Breath You Take, Give a Little Bit, Hard Habit to Break, Heartache, Tonight Hurts, So Good, I Want You to Want Me, I Will Remember You, I'll Be There, Imagine, Iris, Learning

Pub Rock in the UK and Australia Andy Bennett, Jon Stratton, 2025-11-19 This book critically examines two versions of the genre identified as pub rock as they evolved in the UK and Australia Both developed in the communal spaces of pubs and both had their heyday in the mid to late 1970s Indeed the two have so much in common that AC/DC sometimes thought of as the quintessential Australian pub rock group became hugely popular in the UK while other Australian groups such as the Sports Outliers of pub rock also had success there At the same time UK pub rockers like Graham Parker and the Rumour and Rockpile toured Australia Three of Parker's albums climbed to higher places on the Australian chart than on the UK chart However a great deal separated the two genres In the UK pub rock is often misleadingly viewed as the insipid music which was violently replaced by the uproarious and rebellious punk sounds of Sex Pistols the Clash the Slits and the other do it yourself groups of 1977 and later Many members of groups later identified as punk including Sex Pistols and the Clash had previously played in groups identified as pub rock In Australia pub rock played by groups including Billy Thorpe and the Aztecs the Angels and Rose Tattoo formed the basis for the mainstream guitar rock sound that dominated Australian popular music through the 1980s and into the 1990s This book makes a valuable contribution to cultural sociology popular music and cultural studies
