become so much more both for ourselves and for those we love every time we surrender to something greater like Grace. Grace is in many ways reflective of the attitude we bring to the mat. It is the difference between a yoga practice that leaves you radically transformed and an exercise class. It is the difference between feeling full of hope and potential or feeling like a schmuck. Our attitude creates the distinction between growing better, wiser and stronger on the mat or afraid that we're going to die every time we bend over. In the beginning the author explains I did not know that I needed Grace. After all I had gone through the better part of my life without anything nearly looking like Grace. You should see me dance or sing. Oh my God. A goose suffering an epileptic attack would describe my attempts at being graceful. I would never be mistaken for a soul sister. Then one day on my mat struggling for the millionth time to touch my toes I gave up. I said To hell with it. And that's when it happened. The tension in my body released and I lowered down another six inches toward the floor. I got so excited I almost pulled a hamstring. All the years I had been practicing yoga I thought what I needed to touch my toes and to get better in general was more effort. But in fact I needed more Grace. Living with ease is Grace. Living with forgiveness and acceptance is Grace. Taking the good with the bad is Grace. Saying yes first rather than no is Grace. Trying new experiences with a light heart is Grace. Knowing that we are filled with forgiveness just because we were born is Grace. You will need equal parts of redemption and emancipation to find transformation which is not easy. Today the author explains I am stronger and more vibrant than ever before. I hauled my tired old ass out of a steep depression to live a better life. I hope to make the second half of my life my best achievement yet. The journey begins with Grace.

A Hero's Journey Chris Dooley, 2022-09-06. A Hero's Journey: Beyond Little Norway and Olympia Sports Camp is a compiled history of the Olympia Sports Camp in Huntsville, Ontario through the lens of its founder and inspiration Dave Grace, the hero of the book's title. The hero's journey of the title is Dave Grace's adaptation of the writings and teaching of philosopher Joseph Campbell. The basic tenet of the Dave Grace hero's journey is that heroes all go through a 12-step journey from their own comfort zone to the unknown and all its challenges to a new normal where the hero bestows knowledge learned on others in order to help them on their journey. Dave Grace's foundational belief is that we are all heroes on our own path and who we become on our journey is more important than the accomplishments we achieve. A Hero's Journey chronicles the people and places that make up the history of the camp while also serving as an inspirational guidebook for readers to each become the hero of their own journey. This book also examines the history of the land on which the camp has been built from its Indigenous origins to the European settlement of the 1800s and to the use of the land by the Norwegian Air Force during World War II. The book takes readers on a journey through the various stages related to the development of the camp, first established in 1974. The book is built on a collection of stories related to mentorship, sports psychology and community building as well as interviews of past campers, coaches and others with a longtime association with Olympia. With this book, author Chris Dooley honours Dave Grace and the many others who have been integral to the history of the camp and its land.
