History and Chronicles in Late Medieval Iberia Aengus Ward, 2011-03-18 This book offers a comprehensive analysis of the construction of the late medieval chronicle in Iberia by means of an examination of eighteen different late medieval accounts of the reign of the Visigothic king Wamba

Rascuache Lawyer Alfredo Mirandé, 2011-09-01 Alfredo Mirand a sociology professor Stanford Law graduate and part time pro bono attorney represents clients who are rascuache a Spanish word for poor or even wretched and on the margins of society For Mirand however rascuache means to be down but not out an underdog who is still holding its ground Rascuache Lawyer offers a unique perspective on providing legal services to poor usually minority folks who are often just one short step from jail Not only a passionate argument for rascuache lawyering it is also a thoughtful practical attempt to apply and test critical race theory particularly Latino critical race theory in day to day legal practice Every chapter presents an actual case from Mirand s experience only the names and places have been changed His clients have been charged with everything from carrying a concealed weapon indecent exposure and trespassing to attempted murder domestic violence and child abuse Among them are recent Mexican immigrants drug addicts gang members and the homeless All of them are destitute and many are victims of racial profiling Some pay Mirand with bartered services such as painting home repairs or mechanical work on his car And Mirand doesn t always win their cases But as he recounts he certainly works tirelessly to pursue all legal remedies Each case is presented as a letter to a fascinating fictional Super Chicana named Fermina Gabriel who we are told is an accomplished lawyer author and singer This narrative device allows the author to present his cases as if he were recounting them to a friend drawing in the reader as a friend as well Bookending the individual cases Mirand s introductions and conclusions offer a compelling vision of progressive legal practice grounded in rascuache lawyering

The Empire Strikes Back Arthur D. Austin, 1998-09 Once dismissed as plodding and superfluous legal scholarship is increasingly challenging the liberal white male establishment that currently dominates legal education and practice The most significant development since the emergence of the casebook at the turn of the century this trend has unleashed a fierce political struggle At stake is nothing less than the entire enterprise of law and education and thus a powerful platform from which to shape society The result here vividly recounted by Arthur Austin has been an uncompromising take no prisoners fight for dominance The challenge comes from Outsiders a collection of feminists critical race theorists and critical legal studies scholars who rely on unconventional methods such as storytelling to give voice to the underrepresented In the other demographically larger camp resides the

monolithic Empire consisting of traditionalists who having developed an effective form of scholarship now circle the wagons against the outsider heathens Neither partisan nor objective Austin is both respectful and critical of each faction The Empire he believes is imperious closed minded and self perpetuating the Outsiders are too often paranoid anti pragmatic and overly tolerant of fringe work Is the new scholarship a vacuous overpoliticized soon to be vanquished trend or the harbinger of an important new paradigm Is reconciliation possible Anyone with a vested interest in the answer to these questions and in the future of law cannot afford to miss Arthur Austin s invaluable volume *Critical Legal Studies* Richard W

Bauman,2021-11-28 Contemporary legal thought has been powerfully influenced by Critical Legal Studies a school of legal scholars whose work has sustained a continuing radical critique of established legal doctrines In this essential reference work Richard Bauman presents the most thorough up to date guide available for this essential literature In addition to providing the basic bibliographic information Bauman offers a set of effective introductions to contextualize and explain the work being surveyed He has created a fundamental handbook not only for the law but also for politics and radical thought

Justice at War Richard Delgado,2005-11-01 The status of civil rights in the United States today is as volatile an issue as ever with many Americans wondering if new laws implemented after the events of September 11 restrict more people than they protect How will efforts to eradicate racism sexism and xenophobia be affected by the measures our government takes in the name of protecting its citizens Richard Delgado one of the founding figures in the Critical Race Theory movement addresses these problems with his latest book in the award winning Rodrigo Chronicles Employing the narrative device he and other Critical Race theorists made famous Delgado assembles a cast of characters to discuss such urgent and timely topics as race terrorism hate speech interracial relationships freedom of speech and new theories on civil rights stemming from the most recent war In the course of this new narrative Delgado provides analytical breakthroughs offering new civil rights theories new approaches to interracial romance and solidarity and a fresh analysis of how whiteness and white privilege figure into the debate on affirmative action The characters also discuss the black white binary paradigm of race and show why it persists even at a time when the country s population is rapidly diversifying *The Coming Race War* Richard Delgado,1996-05-01 In The Washington Post Julius Lester praised Richard Delgado s The Rodrigo Chronicles Conversations about America and Race as free of cant and ideology an excellent starting place for the national discussion about race we so desperately need The New York Times has hailed Delgado as a pioneer in the study of race and law and the Los Angeles Times has compared his storytelling style to Plato s Dialogues In The Coming Race War Delgado turns his attention to the American racial landscape in the wake of the mid term elections in 1994 Our political and racial topography has been radically altered Affirmative action is being rolled back immigrants continue to be targeted as the source of economic woes and race is increasingly downplayed as a source of the nation s problems Legal obstacles to racial equality have long been removed we are told so what s the problem And yet the plight of the urban poor grows worse The number of young black

men in prison continues to exceed those in college Informal racial privilege remains entrenched and systemic Where asks Delgado in this new volume will this lead Enlisting his fictional counterpart Rodrigo Crenshaw to untangle the complexities of America's racial future Delgado explores merit and affirmative action the nature of empathy and more commonly false empathy and the limitations of legal change Warning of the dangers of depriving the underprivileged of all hope and opportunity Delgado gives us a dark future in which an indignant white America casts aside once and for all the spirit of the civil rights movement with disastrous results *Law Unbound!* Richard Delgado, Adrienne Katherine Wing, Jean

Stefancic, 2015-12-03 This book offers the best and most influential writings of Richard Delgado one of the founding figures of the critical race theory movement and one of the earliest scholars to address the harms of hate speech With excerpts from his classic law review articles conversations with his famous alter ego Rodrigo Crenshaw and comments on the vicissitudes of academic life this book spans topics such as hate speech affirmative action the war on terror the endangered status of black men and the place of Latino as in the civil rights equation **Racism, Public Schooling, and the Entrenchment of**

White Supremacy Sabina E. Vaught, 2011-04-22 The racial achievement gap in U.S. education is a pervasive and consistent problem an unavoidable fact of public schooling in this country Because This Is Not for Us is a multi-site critical race ethnography of policy and institutional relationships in a large urban West Coast school district focused on the practices that created and sustain the achievement gap in that district's schools In this daring and provocative work author Sabina Elena Vaught examines how this gap and the policies and practices that sustain it is produced and reproduced by structures of racism and race attitudes operative in education She interweaves numerous interviews with and observations of teachers principals students school board members community leaders and others to describe the complex arrangement of racial power in schooling and concludes that the institutional relationships that create and support policy practices ensure the continued undereducation of Black and Brown youth *The Judicial Process* Christopher P.
