Rogue Ship:

Ships of Mercy Don Stephens, 2018-04-05 *Ships of Mercy* tells the riveting true story of Mercy Ships the astonishing fleet of hospital ships that sail the globe bringing dramatic change to the lives of hundreds of thousands of people in the most impoverished and disease stricken corners of the world *Ships of Mercy* is a page turner of the highest quality an inspiring testimony both to the essence of the human spirit and God's amazing providence It tells the story of a teenager's extraordinary vision brought to reality in the form of a multi million dollar life saving mission It also tells the story of a family of people from diverse backgrounds who have sacrificed their comfort and security in order to perform remarkable acts of grace and kindness

A Complete Guide to the Art of Writing Short-hand Thomas Towndrow, 1841 **A Complete Guide to the Art of Writing Short-Hand: Being an Entirely New and Comprehensive System of Representing the Elementary Sounds of the English Language in Stenographic Characters** Thomas Towndrow, 2025-08-10 Reprint of the original first published in 1841 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage

Emissary of Peace Wolfgang Gosler, 2005-10-21 *Emissary of Peace* is a science fiction novel about an ambassador named T Lars He is also a scientist and a computer geek The central government of the Varangian Confederacy sends him on an important mission which is in actuality three missions in one The mission lasts many months since it involves travel for many thousands of light years to distant parts of the galaxy He is assigned to travel with Commander L Qwan who commands the Confederate Star Ship L Thor and Subcommander T Larissa who is second in command The L Thor is named after the hero of an ancient interstellar battle from many centuries ago The first assignment is to investigate a mysterious rogue space ship which entered the galaxy through a wormhole During the course of the investigation they get help from allies called the Tivoli Republic The Tivoli are intelligent cats that assist the ambassador by towing the rogue ship to the Tivoli Varangian border The investigation results in the uncovering of ancient mysteries involving the origins of the Varangians Historical facts are uncovered from archives found on that ship These archives were left on that rogue ship by a people distantly related to the ancestors of the Varangians This assignment results in having some ancient mysteries solved At the same time new mysteries emerge They are about to proceed with the second assignment of the mission when unexpectedly advanced beings transport them to the Andromeda Galaxy This results in deviations from the original mission plan In the process they learn about the fate of ancient allies of the Varangian ancestors and how they ended up in the Andromeda Galaxy These ancient allies are the Iripini who were victims of a viral biological attack They were an ill fated people who died off The L Thor was investigating the remains and artifacts of their civilization During the course of the investigation they encounter two alien species and Ambassador T Lars ends up brokering a peace between those alien species The result is good where the former Iripini planet ends up in good hands of the two alien species who agree to a joint and shared control of the planet After the

advanced beings transport the L Thor back to the Milky Way Galaxy they end up closer to Earth where they are able to proceed with their assignment They visit Earth as part of an assigned scientific team On Earth the year is 2042 AD Without interfering in any of the political affairs of Earth at the time as instructed they collect voluminous amounts of botanical zoological geological cultural and historical information This assignment brings them to many countries on most continents around the world They come into contact with many cultures around the world and even make several friends They explore tropical rain forests deserts and other habitats They learn about Earth s history They also learn that the humans and Varangians share some genetic material which opens up another mystery The last assignment of this mission is to negotiate a peace treaty with another superpower in the galaxy the Federation of Incorporated Planets This part of the assignment is always problematic because of the nature of how the Federation is run It is run like a corporation He succeeds at drawing up the peace treaty because of the _convenient_ nature of the trade agreements linked to the stipulations of the treaty Beyond that the Federation s central government seems to display a strong disinterest In the end all aspects of the mission result in overall success but as some ancient mysteries are solved other mysteries and potential ancient threats remain Not all problems can be solved so easily Various themes are expressed involving issues of war and peace environmental issues philosophy history and political affairs Various civilizations are introduced with a wide spectrum of levels of advancement Behind it all Amba

Plantanimus Joseph M. Armillas,2013-02-05 Return to Mars is part 2 of the saga of Kelem Rogeston a 27th century Martian psychic and scientific genius After being stranded on the alien world Plantanimus for six years Kelem and Ndugu Nabole return to the human solar system courtesy of the Kren the insectoid species they met while on Plantanimus Upon their return they learn that the Phalanx an evil fascist organization from Earth has taken over the Terran Government and invaded Mars The red planet has become a slave colony for Earth forced to manufacture goods and technology for the mother planet Kelem joins the resistance and eventually becomes the leader of the Martian rebels With his psychic powers enhanced by his connection to the Dreamers of Plantanimus the sentient plant life he met while stranded there Kelem and the rebels defeat the Terran invaders Return to Mars is full of epic space battles sinister characters bent on total control of the Martian population and powerful psychics fighting on both sides of the conflict

Into a Gale's Full Fury Christopher J. McMahon,2023-08-22 Since humans first traded upon the sea seafaring has been a lonely and dangerous business sometimes fraught with such diverse challenges as unhinged crew members unsafe ships power crazed captains and a violent ocean This was true in the twentieth century as well In a fascinating narrative seasoned master mariner Christopher McMahon offers true depictions of life aboard some of the more than twenty merchant ships he sailed on that were engaged in worldwide trade during the 1970s and 1980s With candid detail McMahon paints a vivid picture of life at sea while sharing tales about the ships and crews supporting the growth of a global economy His stories sometimes shocking but always entertaining reflect the reality of seafaring in decades past while also pointing to the magic and mystery of the sea and to the

enchantment that has always drawn humans to sailing the oceans of the world Throughout his accounts McMahon shines an important light on the critical role the merchant marine plays in the strategic and economic health of America Into a Gale's Full Fury shares a glimpse into life at sea on merchant ships in the later part of the 20th century with tales of raging storms bizarre captains and crews piracy and the magic of the sea

Ships and Offshore Structures XIX Carlos Guedes Soares,Y. Garbatov,2015-09-03 This three volume work presents the proceedings from the 19th International Ship and Offshore Structures Congress held in Cascais Portugal on 7th to 10th September 2015 The International Ship and Offshore Structures Congress ISSC is a forum for the exchange of information by experts undertaking and applying marine structural research The aim of

It's Your Ship Captain D. Michael Abrashoff,2007-10-15 The legendary New York Times bestselling tale of top down change for anyone trying to navigate today's uncertain business seas When Captain Abrashoff took over as commander of USS Benfold it was like a business that had all the latest technology but only some of the productivity Knowing that responsibility for improving performance rested with him he realized he had to improve his own leadership skills before he could improve his ship Within months he created a crew of confident and inspired problem solvers eager to take the initiative and responsibility for their actions The slogan on board became It's your ship and Benfold was soon recognized far and wide as a model of naval efficiency How did Abrashoff do it Against the backdrop of today's United States Navy Abrashoff shares his secrets of successful management including See the ship through the eyes of the crew By soliciting a sailor's suggestions Abrashoff drastically reduced tedious chores that provided little additional value Communicate communicate communicate The more Abrashoff communicated the plan the better the crew's performance His crew eventually started calling him Megaphone Mike since they heard from him so often Create discipline by focusing on purpose Discipline skyrocketed when Abrashoff's crew believed that what they were doing was important Listen aggressively After learning that many sailors wanted to use the GI Bill Abrashoff brought a test official aboard the ship and held the SATs forty miles off the Iraqi coast From achieving amazing cost savings to winning the highest gunnery score in the Pacific Fleet Captain Abrashoff's extraordinary campaign sent shock waves through the U S Navy It can help you change the course of your ship no matter where your business battles are fought

Vanishing Ships Jasper Quincy,Al,2025-03-06 Vanishing Ships explores the compelling topic of maritime mysteries specifically focusing on vessels that have disappeared without a trace These unsettling events serve as stark reminders of the unpredictable nature of the sea and the inherent dangers faced by sailors The book delves into historical accounts of ship disappearances examining potential explanations ranging from severe weather to navigational errors while also acknowledging the enduring allure of the unknown The book presents a framework combining historical accounts oceanographic principles and forensic analysis to investigate these nautical enigmas For instance cases like the Mary Celeste and the USS Cyclops are examined with a focus on factual evidence to avoid sensationalism It progresses by first introducing the core concepts of maritime disappearance then examining specific

unsolved cases and finally exploring various theories including plausible and speculative ideas always emphasizing scientific rigor This book offers a unique perspective by bridging the gap between historical research marine science and forensic investigation appealing to those interested in maritime history true crime and the intersection of science and mystery By understanding the potential causes of past disappearances the book implicitly suggests lessons that can be applied to modern maritime safety practices

Enthralling Science Fiction Atina Amrahs, 2025-01-21 This book a collection of science fiction stories takes readers on a journey through the vast expanse of the universe exploring the mysteries and wonders of the future From dystopian societies to intergalactic battles each story presents a unique vision of what the future might hold and challenges us to consider the consequences of our actions today Some of the stories in this book will challenge your understanding of what it means to be human others will make you question the ethics of technological advancement but all of them will leave you with a sense of wonder and a deeper appreciation for the vastness of the universe As you read these stories you will find yourself transported to distant planets encountering strange creatures and experiencing technologies that seem like they could only exist in a dream But you will also be confronted with the consequences of humanity's choices both good and bad and forced to consider the implications of our actions for the future of our species and the universe as a whole
