Roland Reiss Roland Reiss,1991 Federalizing the Muse Donna M. Binkiewicz,2005-12-15 The National Endowment for the Arts is often accused of embodying a liberal agenda within the American government In Federalizing the Muse Donna Binkiewicz assesses the leadership and goals of Presidents Kennedy through Carter as well as Congress and the National Council on the Arts drawing a picture of the major players who created national arts policy Using presidential papers NEA and National Archives materials and numerous interviews with policy makers Binkiewicz refutes persisting beliefs in arts funding as part of a liberal agenda by arguing that the NEA s origins in the Cold War era colored arts policy with a distinctly moderate undertone Binkiewicz s study of visual arts grants reveals that NEA officials promoted a modernist abstract aesthetic specifically because they believed such a style would best showcase American achievement and freedom This initially led them to neglect many contemporary art forms they feared could be perceived as politically problematic such as pop feminist and ethnic arts The agency was not able to balance its funding across a variety of art forms before facing serious budget cutbacks Binkiewicz s analysis brings important historical perspective to the perennial debates about American art policy and sheds light on provocative political and cultural issues in postwar America *Concise Dictionary of Women Artists* Delia Gaze,2013-04-03 This book includes some 200 complete entries from the award winning Dictionary of Women Artists as well as a selection of introductory essays from the main volume Roland Reiss Roland Reiss,1977
