The Role of Justification in Contemporary Theology Mark C. Mattes, 2004 Violence and Social Injustice Against Lesbian Gay and Bisexual People helps you look past the stereotypical picture of violence against sexual minorities the public physical assaults on gay lesbian bisexual and transgendered youth by hypermasculine male thugs and directs you toward the many daily acts of quiet violence that go on unhindered in the workaday settings of our legal social educational and law enforcement institutions You ll learn about the frightening prevalence of complacency homophobic ignorance and apathy that pervades our police departments courts high schools and churches Also armed with this critical insight and statistical research you ll be better equipped to wage a non violent war of fairness and mutual respect against the daily senseless violence of policy and practice that threatens to render gay lesbian bisexual and transgendered people unwelcome and battered citizens in their own communities You ll find that Violence and Social Injustice Against Lesbian Gay and Bisexual People is ideal for aiding social workers counselors teachers and criminal justice officials in removing the unseen acts of violence from the policies and practices of the public sector These and other specific areas will give you the information and the fortitude necessary to evoke positive change in your community legal issues relating to same sex marriage the connection between social injustice and violence violence against sexual minority youth sexual identity and ethnic minorities practice and policy recommendations As this book shows violence against sexual minorities can be subtly woven into the very fabric of some of our most long standing respected social institutions For too long the sexual minorities of color for example and the lesbian who suffers physical assault at the hands of a partner have had little or no help from social workers law enforcement or education for fear of receiving either complete negligence or increased antagonism But now in Violence and Social Injustice Against Lesbian Gay and Bisexual People you ll find the facts and tools necessary for turning the ugliness of communal violence into social justice for people of all sexual orientations

of the discipline Readers will find expert guidance as well as creative suggestions about the future direction of the study of Christian doctrine

Philippians and Philemon Daniel L. Migliore, 2014-08-15 In this latest volume in the Belief series Daniel L. Migliore plumbs the depth of Paul's letters to the Philippians and to Philemon With splendid theological reflection Migliore explores central themes of these remarkable letters themes that include the practice of prayer righteousness from God and the work of reconciliation and transformation through Jesus Christ Migliore shows how Philippians continues to speak to churches that like the church at Philippi struggle to be faithful to Christ worry about the future and need guidance And in Philemon Migliore finds a letter with importance far beyond its size a letter that can enrich our understanding of the fullness of the gospel that Paul proclaims In both books Migliore deftly shows Paul as a remarkable theologian and pastor with a message instructive to the church of every age

Eberhard Jüngel and Existence Deborah Casewell, 2021-05-30 This book interrogates the contemporary Lutheran theologian Eberhard Jüngel's theological anthropology arguing that Jüngel's thought can provide a model for theological engagement with philosophical accounts of existence Focusing on Jüngel's theology of existence the author explores the thought of philosophers including Heidegger and Hegel their influence on and application to his theology and argues that Jüngel's account of humanity should be seen as a response to atheistic existentialist accounts of existence In showing how Jüngel's theology is informed by and dependent on philosophical thought this book provides a new lens on the interplay between philosophy theology and religion in twentieth century German thought It will be of particular interest to researchers in philosophy theology and philosophy of religion

Reading Paul with the Reformers Stephen J. Chester, 2017-07-11 In debates surrounding the New Perspective on Paul the sixteenth century Protestant Reformers are often characterized as the apostle's misinterpreters in chief In this book Stephen Chester challenges that conception with a careful and nuanced reading of the Reformers Pauline exegesis Examining the overall contours of Reformation exegesis of Paul Chester contrasts the Reformers with their opponents and explores particular contributions made by such key figures as Luther Melancthon and Calvin He relates their insights to contemporary debates in Pauline theology about justification union with Christ and other central themes arguing that their work remains a significant resource today Published in the 500th anniversary year of the Protestant Reformation Chester's Reading Paul with the Reformers reclaims a robust understanding of how the Reformers actually read the apostle Paul

Narrative and the Triune Reality Wai Luen Kwok, 2022-05-13 Robert Jenson is commended as one of the greatest American theologians in the twentieth century This book proposes a critique of Jenson's narrative Trinitarianism by comparing it with Eberhard Jüngel's theology It argues for the importance of the double dimensions of event and communicative linguistics of the Divine narrative

Jürgen Moltmann's Ethics of Hope Dr Timothy Harvie, 2013-05-28 This book develops a thorough account of the sphere of human moral action in sustained dialogue with Jürgen Moltmann By examining God's role as promise giver particularly in the Christian understanding of resurrection this work describes the occupancy of both history and space in moral terms This

leads to an understanding of Jesus description of the kingdom of God to feature prominently in describing both the possibility and content of human moral action By offering an account of each of the main doctrines found in Moltmann s corpus the role of the future the Trinity the Holy Spirit and anthropology this book locates how each contributes to the understanding of ethics from a Christian perspective and subsequently applies these findings to the contemporary issue of poverty and global economics

Mission Shaped by Promise Jukka A. Kaariainen,2012-10-03 Utilizing resources from Martin Luther and the Lutheran tradition this study offers an understanding of the gospel as promise as key to addressing the challenge of relating the missio Dei to a generous constructive approach toward the religious other In its construction of a Lutheran missiology it retrieves and reappropriates four resources from the Lutheran tradition the gospel as promise the law gospel distinction a theology of grace as promise of mercy fulfilled and a theology of the cross utilizing the hiddenness of God The law of God as accusing yet webbing humanity to its Creator the gospel as the comforting promise of mercy and the hiddenness of God as mystifying form the overarching framework within which the Lutheran missiology presented here seeks to engage the religious other by dialectically relating gospel proclamation and dialogue Such a view of mission shaped by promise offers the paradox of God being both revealed and hidden in the cross as a distinctive contribution to an interreligious dialogue centered on the ambiguity and hiddenness of God

Christian Character Formation Gifford A. Grobien,2019-05-16 Christian Character Formation investigates worship and formation in view of Christian anthropology particularly union with Christ Traditions which value justification by faith wrestle to some degree with how to describe and encourage ethical formation when salvation and righteousness are presented as gracious and complete The dialectic of law and gospel has suggested to some that forgiveness and the advocacy of ethical norms contend with each other By viewing justification and formation in light of Christ s righteousness which is both imputed and imparted it is more readily seen that forgiveness and ethics complement each other In justification God converts a person by which he grants new character Traditional Lutheran anthropology says that this regeneration grants a new nature in mystical union with Jesus Christ By exploring the Finnish Luther School led by Tuomo Mannermaa Gifford A Grobien explains how union with Christ imparts righteousness and the corresponding new character to the believer Furthermore as means of grace the Word and sacraments are the means of establishing union with Christ and nurturing new character Considering Oswald Bayer s suffering the word of Christ Louis Marie Chauvet s symbolic order and Bernd Wannenwetsch s understanding of worship as Christianity s unique form of life Grobien argues that worship practices are the foundational and determinative context in which grace is offered and in which the distinctively Christian ethos supports virtues consistent with Christian character This understanding is also coordinated with Stanley Hauerwas s narrative ethics and Luther s teaching of virtue and good works in view of the Ten Commandments

The Doctrine of Atonement Jack D. Kilcrease,2018-03-22 Post Enlightenment theology has frequently rejected the historic Christian doctrine of substitutionary atonement For theologians standing in the tradition of the Lutheran Confessions

rejection of substitutionary atonement is particularly problematic because it endangers the unconditional nature of the justification through faith. If one rejects vicarious satisfaction then the only alternative is to make redemption dependent on what sinners do for themselves. In this study Jack Kilcrease argues for substitutionary atonement within the perspective of what he calls the Confessional Lutheran Paradigm. The author also critiques a wide variety of modern Lutheran theologians' understandings of atonement: Werner Elert, Gustaf Aulen, Gustaf Wingren, Robert Jenson, Eberhard Jungel, Wolfhart Pannenberg, and Gerhard Forde. As Kilcrease demonstrates, although these authors often give many fine theological insights, their distortion or misrepresentation of the doctrine of atonement carries over to a problematic understanding of law, gospel, and justification through faith.
