

A full-page photograph of a wedding ceremony on a golf course. The bride, Courtney, is wearing a white gown and holding a bouquet, walking alongside the groom, Matt, who is in a light-colored suit. They are walking down a green aisle. In the background, guests are seated in black chairs, and a white floral archway is visible. The setting is a lush green golf course with a body of water and hills in the distance under a clear sky.

Yager,2009-12 Untold riches and wisdom cannot be turned down Two years ago Dr Matthew Bartholomew lost his wife of twenty eight years Now finishing his twenty fifth year of teaching he is at a crossroads in his life When the opportunity to spend a few months on a private Caribbean island with a consortium of biblical scholars and research scientists including old

college friends David and R J Matthew decides to participate if only to give himself time to plan the next step in life The mysterious circumstances surrounding the research group are finally revealed when Matthew is asked to head a search for the biblical and fabled garden of Eden Elliot Mitchell founder of Mitchell International and the reason for the search seems untrustworthy to Matthew His unease is further fueled by romance lingering around the island as R J confesses her venerable love for him To escape a future he may not be ready for Matthew immerses himself into his work on The Eden Files but digging around the compound reveals a powerful senator may be involved in the quest for wealth as well as the end of God and religion in the current American society When the group relocates to Turkey and scholars begin disappearing Matthew realizes he has little power to flight the deadly hands of corrupt political leaders that can wipe him off the face of the earth with the touch of a phone When the chance arrives to be heroic Matthew must decide whether he can plunge into history and new love without looking back or retreat into a life of anonymity Only time will tell what lies in The Eden Files A KEY TO THE KINGDOM Robert A. Pascoe, 2008-03-29 To be able to understand the fullness of a spiritual revelation received by someone it is essential that we know something about the recipient and the need that required the Holy Spirit to release eternal information that would evoke empowerment and unlock a kingdom mystery Paul was a man called by God however before God openly challenged that call Paul s relationship with the Lord was one of the mind Saul of Tarsus was a diligent and persistent man of the church who believed that he was doing the will of God by hunting down Christians and bringing them into captivity It is obvious that through his diligent efforts and the tenacity in which he pursued his convictions that he was a sincere threat to the true plan of God which had been administered to the disciples Paul was not demonically driven he was deceived by the words of those he revered in the church and by his social environment We can see however that he was a man of intense thought and dedication This was revealed to us when he perceived that he was sent by God as a messenger to remove heretics in the church Paul goes to the church with his plan his vision and for permission to pursue and eliminate the message of Christianity by imprisoning those who propagated or followed this false teaching After receiving the blessing and validation of his plan by the church Paul aggressively formed a plan to accomplish his mission He knew those professing Christianity were not known to be violent He knew they were known as a people of peace and would not resist if they were to be arrested So he assembled a team of handpicked individuals who wanted to assist in achieving this goal either by their delegated authority from church and state or by force We know that it was Paul s intention to arrest and bring the accused to a public trial without excessive violence unfortunately there were those with him who did not share this view We learn this as we see the stoning of Stephen in Acts 7 58 and Saul does nothing to stop it Acts 8 1 tells us that Saul was consenting or in agreement of his death The word consenting in the Greek suneudokeo also meant that he was pleased This act of murder launches a great persecution on the church The assault goes from the street to the home and they begin to enter into every house dragging off to prison any who believed or confessed Christianity This was the turning point of his original plan we

now see his deception being demonically enhanced There are no more rules and his act of civil or warped spiritual duty turned to anger and rage We see this clearly in Acts 9 1 And Saul yet breathing out threatening and slaughter against the disciples of the Lord went to the high priest The Greek word for slaughter is phonos which means murder or death Saul went to the high priest who is the chief priest or that of the highest order of the church to gain further support by having him document in writing his validation of his quest Words can be appealed and restated however once something is in writing it becomes the written word and enforceable to its letter Saul now took the written word from the highest order of the church to pursue and eliminate the living Word an impossible task that he would soon realize Just as it is today be assured that word traveled fast There was already a spread of fear and even the disciples were afraid of Saul after his conversion See Acts 9 26 Now Paul retained and possessed letters of permission from the highest order to arrest or kill those professing Christ The letters may have only contained the right to imprison the followers of Christ however the church and the high priests knew of Saul s havocs and threats of slaughter to those of the Christian faith They had supported the crucifixion and the death or slaughter of Jesus Isaiah 53 7 and Acts 8 32 He was oppressed and afflicted yet He opened not his mouth

Official Gazette of the United States Patent and Trademark Office ,2006 **Social Science and the Christian Scriptures, Volume 2** Anthony J. Blasi,2017-04-13 Sociologist Anthony Blasi analyzes early Christianity using multiple social scientific theories including those of Max Weber Georg Simmel Karl Marx Antonio Gramsci Max Scheler Alfred Schutz and contemporary theorists He investigates the canonical New Testament books as representative of early Christianity a sample based on usage and he takes the books in the chronological order in which they were written The result is a series of stills that depict the movement at different stages in its development His approaches often neglected in New Testament studies include such sociological subfields as sect theory the routinization of charisma conflict stratification theory stigma the sociology of knowledge new religions the sociology of secrecy marginality liminality syncretism the social role of intellectuals the poor person as a type the sick role degradation ceremonies populism the sociology of migration the sociology of time mergers the sociology of law and the sociology of written communication Needing to treat the New Testament text as social data Blasi uses his background in biblical studies and a review of a vast literature to establish the chronology of the compositions of the New Testament books and to present the data in a new translation that is accessible to non specialists
