Deeply researched and accessible to enthusiasts of all levels of experience. This Is a Book for People Who Love Birds is an essential addition to every bird lover's field library Your First Lovebird Michael Kelly, 1991-05 The intention of this book is to provide a sound base of knowledge as to the requirements of the lovebird and responsibilities in keeping these birds for the first time keepers **Lovebirds** Trevor Silvester, 2013-12-31 An entertaining and eye opening relationship book in the tradition of the million copy bestseller *The Five Love Languages*. How can two people who love each other not get along. Most relationships founder not from a lack of love but from a lack of understanding. In *Lovebirds* couples therapist and birdwatcher Trevor Silvester shows how birds of a different feather can flock together. The quizzes in *Lovebirds* reveal which of eight birds you are and which your partner is. Are you a ground bird or a sky bird. A sight bird or a song bird. If you're an owl and you spend a lot of time talking to yourself then how do you get along with a nightingale one of the great song birds which directs most of its talking outward. If you're a swan and you prefer to stay on the ground knowing things up close and in detail then what kind of future do you have with a swift which trusts its instincts over logic and can live happily in the clouds. Whimsical and wise and with charming illustrations *Lovebirds* puts a whole new spin on the relationship book *A Step-By-Step Book about Lovebirds* A. Weston, Arnold Weston, 1988-12 **The Lovebird**

Parrots For Dummies Nikki Moustaki, 2021-01-27 Repeat after me Parrots aren't just for pirates While parrots have a historical reputation for being a pirate's best friend in the modern day U.S. where birds are the nation's third most popular household pet thousands of landlubbers are in on the act And that's not surprising parrots are as affectionate friendly and fun to be with as a dog or cat They are also relatively low maintenance with no rude 5 a.m. awakenings with demands for food or punishing walks Renowned avian care and behavior consultant Nikki Moustaki is your friendly guide to the colorful world of this intelligent and chatty pet In this book you'll be introduced to the vibrant diversity of the parrot world which covers a wide variety of Psittacidae family members including macaws cockatiels and parakeets You'll also learn the best ways to choose care for and love your resplendently feathered companion Pick your perfect parrot Devour the latest on nutrition Tame and train Make the perfect home Whether you're just setting out in the parrot world or are a seasoned voyager on the parrot seas this 2nd edition of Parrots For Dummies has something for you and your pet and will repay the hard won pirate gold you spent on it a thousand times over

Parrots of Africa, Madagascar and the Mascarene Islands Laubscher, Mike Perrin, 2012-12-01 A detailed examination of all aspects of parrots from behavior to their conservation Parrots colour and charisma coupled with the fact that they mimic human speech make them fascinating to many people They are ancient birds with unique bill and foot structures that enable them to forage on fruits in the canopy of forest trees as well as on seeds in grasslands Because they depend on fruits and seeds all year round most species are confined to the tropics or sub tropics where the world's biodiversity is at its greatest There are over three hundred species of parrots of which more than one hundred are recognised as rare endangered vulnerable or threatened with extinction Parrots are largely distributed in tropical areas of developing countries where economies are weak and uncertain and where there is great dependence on the exploitation of natural resources particularly hard wood evergreen forests which are preferred parrot habitats Unfortunately high levels of corruption are common to these regions with much illegal trade in animals and little or no law enforcement Collectors of parrots in the first world pay huge sums for rare parrots However research education and conservation actions are greatly reducing illegal trade in African parrots This book provides complete coverage of all aspects of the biology of extant African Malagasy and Mascarene parrots and reviews our knowledge of extinct and fossil parrots from the region Particular themes include the behavioural and ecological characteristics of parrots

their species characteristics and conservation biology Current concepts in avian and conservation biology are also discussed Parrots of Africa Madagascar and the Mascarene Islands is aimed at ornithologists conservation biologists avian ecologists academics bird watchers and parrot fans alike It is well illustrated with high quality original photographs and includes distribution maps figures and tables
