**Oriental World**, 1919

Eugene O'Neill's Creative Struggle Doris Alexander, 2010-11 In Eugene O'Neill s Creative Struggle Doris Alexander gives us a new kind of inside biography that begins where the others leave off It follows O'Neill through the door into his writing room to give a blow by blow account of how he fought out in his plays his great life battles love against hate doubt against belief life against death to an ever expanding understanding It presents a new kind of criticism showing how O'Neill s most intimate struggles worked their way to resolution through the drama of his plays Alexander reveals that he was engineering his own consciousness through his plays and solving his life problems while the tone imagery and richness of the plays all came out of the nexus of memories summoned up by the urgency of the problems he faced in them By the way of O'Neill this study moves toward a theory of the impulse that sets off a writer s creativity and a theory of how that impulse acts to shape a work not only in a dramatist like O'Neill but also in the case of writers in other mediums and even of painters and composers

The study begins with *Desire Under the Elms* because that play's plot was consolidated by a dream that opened up the transfixing grief that precipitated the play for O'Neill and it ends with *Days Without End* when he had resolved his major emotional philosophical struggle and created within himself the voice of his final great plays. Since the analysis brings to bear on the plays all of his conscious decisions, ideas, theories, as well as the life and death struggles motivating them, documenting even the final creative changes made during rehearsals, this book provides a definitive account of the nine plays analyzed in detail: *Desire Under the Elms*, *Marco Millions*, *The Great God Brown*, *Lazarus Laughed*, *Strange Interlude*, *Dynamo*, *Mourning Becomes Electra*, *Ah, Wilderness*, and *Days Without End*, with additional analysis of plays written before and after.

**Love and Politics in the Contemporary Spanish American Novel** Aníbal González, 2010-02-01

The Latin American Literary Boom was marked by complex novels steeped in magical realism and questions of nationalism, often with themes of surreal violence. In recent years, however, those revolutionary projects of the sixties and seventies have given way to quite a different narrative vision and ideology. Dubbed the new sentimentalism, this trend is now keenly elucidated in *Love and Politics in the Contemporary Spanish American Novel*. Offering a rich account of the rise of this new mode as well as its political and cultural implications, Aníbal González delivers a close reading of novels by Miguel Barnet, Elena Poniatowska, Isabel Allende, Alfredo Bryce Echenique, Gabriel García Márquez, Antonio Skarmeta, Luis Rafael Sánchez, and others. González proposes that new sentimental novels are inspired principally by a desire to heal the division, rancor, and fear produced by decades of social and political upheaval. Valuing pop culture above the avant-garde, such works also tend to celebrate agape, the love of one's neighbor, while denouncing the negative effects of passion, eros. Illuminating these and other aspects of post-Boom prose, *Love and Politics in the Contemporary Spanish American Novel* takes a fresh look at contemporary works.
