**Robert Love's Warnings** Cornelia H. Dayton, Sharon V. Salinger, 2014-03-04 In colonial America the system of warning out was distinctive to New England a way for a community to regulate those to whom it would extend welfare Robert Love's Warnings animates this nearly forgotten aspect of colonial life richly detailing the moral and legal basis of the practice and the religious and humanistic vision of those who enforced it Historians Cornelia H Dayton and Sharon V Salinger follow one otherwise obscure town clerk Robert Love as he walked through Boston's streets to tell sojourners in His Majesty's Name that they were warned to depart the town in fourteen days This declaration meant not that newcomers literally had to leave but that they could not claim legal settlement or rely on town poor relief Warned youths and adults could reside work marry or buy a house in the city If they became needy their relief was paid for by the province treasurer Warning thus functioned as a registration system encouraging the flow of labor and protecting town coffers Between 1765 and 1774 Robert Love warned four thousand itinerants including youthful migrant workers demobilized British soldiers recently exiled Acadians and women following the redcoats who occupied Boston in 1768 Appointed warner at age sixty eight owing to his unusual capacity for remembering faces Love kept meticulous records of the sojourners he spoke to including where they lodged and whether they were lame ragged drunk impudent homeless or begging Through these documents Dayton and Salinger reconstruct the biographies of travelers exploring why so many people were on the move throughout the British Atlantic and why they came to Boston With a fresh interpretation of the role that warning played in Boston's civic structure and street life Robert Love's Warnings reveals the complex legal social and political landscape of New England in the decade before the Revolution

*The Living Age*, 1856 *Prisoner of Love* Eugene Fagnano, 2013-01-16 This story begins in 1945 with how I first met My Love. She was only 15, and I was 17 years old. It's a story about how we met and how a song had a profound effect on our lives. It is also about how our undying love for each other survived the many

obstacles we endured in our early years We had an unusual start some touching moments and a very emotional and somewhat surprising ending These memories are too precious not to be shared      The Evolution of Cedrick A. Johnson

Hockx,2019-05-08 At least since the late nineteenth century onwards Chinese literature as a form of cultural production has been taking place within a specific social space including writers critics journalists editors publishers printers and booksellers Focusing on people as well as on texts and looking at what writers did as well as at what they wrote the essays in this volume draw a vivid and variegated picture of Chinese literary life throughout the modern period The book treats differences between periods but also traces the continuities that have characterised modern Chinese literary practice and its discourses from the beginning to the present including ties of allegiance utilisation of the people and appropriation of the west The book places modern Chinese literature firmly within its socio historical context thereby increasing the reader's awareness of the hidden assumptions behind literary production In doing so it opens new perspectives on Chinese culture as a whole and on literature as a cosmopolitan concept      When Love Died Sherrie L. Pluta,2023-07-13 In 1824 Boston was a

small farming community about twenty five miles south of Buffalo New York Buffalo itself was still only considered a village with a population of just over two thousand people It was a hard life in that time where families tried to eke out a meager living selling their crops and growing their own fruits and vegetables to be canned and preserved for the long hard winters They were a God fearing community who gathered on Sundays in a neighbor's home to hear the visiting preacher who traveled from town to town until churches could be built for congregations But just as in our world today not everyone grows up to be honest and respectful The three Thayer brothers moved to Boston with their parents and quickly became known as drunkards and ne'er do wells When a Great Lakes seaman by the name of John Love needed a place to stay for the winter while the lakes were frozen over they offered him room and board for a price He didn't plan on the ultimate price that he had to pay When the brothers crops were not successful they asked Love for a cash loan to make ends meet Love was glad to help out his newfound friends But they never planned on paying him back Instead they planned to murder him and hide his body This was an important time in Western New York the area was growing in population and the Industrial Revolution was making life and work easier The building of the Erie Canal which traveled from Albany to Buffalo was one of the engineering marvels of the time and after many years of labor opened in Buffalo in 1825 The story builds to the actual murder arrest and trial of the three brothers and ends with their eventual hangings in the Buffalo village square in 1825 attended by a crowd that was estimated at the time to be over twenty thousand people      The World of fashion and continental feuilletons
