Double Image David Morrell, 2024-09-24 After a harrowing experience in Bosnia war photographer Mitch Coltrane makes a vow From now on he will only take those pictures that celebrate life that document hope instead of despair Still wartorn images continue to haunt him He learns to shield himself by fixating on a beautiful woman in an old photograph But slowly he grows obsessed Who is she He must know And as Coltrane searches for answers he falls hopelessly in love forgetting that the past can sometimes intrude on the present with terrifying consequences Double Vision Blair Borders, 2017-03-21 DOUBLE VISION In Double Vision author Blair Borders takes you on a journey of transformation from ordinary limited modes of perceiving the world to a consciousness expanding vision empowering you to live your best life now This book incorporates a unique blend of philosophy science spirituality and religion revealing eight life altering principles by which to live as well as the opposing worldly counterpart of each Each chapter offers a framework to overcome self limiting behaviors and includes practical suggestions for daily living Combining the natural gifts of psychological understanding with intuition Blair aims to provide breakthroughs in mind body and spirit and draws upon the wisdom of philosophers and poets authors and mystics in this seminal work *Double Vision* Tzachi Zamir, 2012-06-24 Hamlet tells Horatio that there are more things in heaven and earth than are dreamt of in his philosophy In Double Vision philosopher and literary critic Tzachi Zamir argues that there are more things in Hamlet than are dreamt of or at least conceded by most philosophers Making an original and persuasive case for the philosophical value of literature Zamir suggests that certain important philosophical insights can be gained only through literature But such insights cannot be reached if literature is deployed merely as an aesthetic sugaring of a conceptual pill Philosophical knowledge is not opposed to but is consonant with the literariness of literature By focusing on the experience of reading literature as literature and not philosophy Zamir sets a theoretical framework for a philosophically oriented literary criticism that will appeal both to philosophers and literary critics Double Vision is concerned with the philosophical understanding induced by the aesthetic experience of literature Literary works can function as credible philosophical arguments not ones in which claims are conclusively demonstrated but in which claims are made plausible Such claims Zamir argues are embedded within an experiential structure that is itself a crucial dimension of knowing Developing an account of literature s relation to knowledge morality and rhetoric and advancing philosophical literary readings of Richard III Macbeth Romeo and Juliet Othello Antony and Cleopatra Hamlet and King Lear Zamir shows how his approach can open up familiar texts in surprising and rewarding ways **Double Vision** William Middleton, 2018-03-27 NAMED ONE OF THE BEST ART BOOKS OF THE DECADE BY ARTNEWS The first and definitive biography of the celebrated collectors Dominique and John de Menil who became one of the greatest cultural forces of the twentieth century through groundbreaking exhibits of art artistic scholarship the creation of innovative galleries and museums and work with civil rights Dominique and John de Menil created an oasis of culture in their Philip Johnson
