The Different Facets of Love Thérèse Nyetam, 2013-06-14 Why speak about love in all its facets Love is a diamond we cannot fathom its depths By a combination of all its facets we hope to reach a vision of true love I realize that all people are looking for love so they can say life is beautiful Love appears in different forms different versions different ages and different cultures It is present everywhere but transparent like wind and water Could it be an element of nature that feeds us daily Everybody knows that when we fall in love we just need fresh water to survive Love is the word we use the most to express a feeling of satisfaction We use it more to express our personal sensations than those inspired in somebody else This is not our fault we are taught growing up to hide our feelings and say things halfway so as not to shock That's what it means to live in community Society attempts to control people who have chosen to live inside it to control love by imposing rules that restrict behavior Sex is one of its priorities In the olden days homosexuality was a normal sexual behavior it was tolerated At the time of Kings incest was accepted Each period imposes sexual taboos and as a consequence nowadays we live with so many taboos we don't understand them in depth To my mind taboos are designed to manage the general interest and safeguard society I also think that they have to arise themselves from a loving sentiment
