Low Flying Aircraft Stories:

Low Flying Aircraft T. M. McNally, 2008 *Low Flying Aircraft* is a collection of interrelated stories in which one life is equally capable of influencing another under a sky the size of history. Spanning a period of fourteen years, the stories are connected by the pasts of Orion McClenahan and Helen Jowalski, childhood friends whose fathers shared a law practice in Chicago. In 1976, a freak accident changes their lives irrevocably, and the stories are about the people Orion and Helen grow up to be, the people they love, and the people they lose along the way. In *Paris the Easy Way*, Sam is a stable manager who steps in to the lives of others while trying to avoid his own. Troubled by the disappearance of his brother in Cambodia and his own complicated relationship with his brother's wife, Sam finally accepts the mysteries that surround him. *Lightning gravity* love I've never properly understood any of it. Anna, a columnist writing on the complexities that face young modern women, loses all sense of her identity while visiting her father, a dying man who wants a grandson almost as much as he wants a daughter like Milly, the heroine of his favorite western novel. The voices in this collection describe a world of uncertain borders where individuals are sustained by thin, brief moments of direction. Orion, a disillusioned photojournalist, sets himself free from his wealthy family and their Midwestern habits by discarding the things of his life: a clock radio, a blender, paperbacks. He will board a plane and fly to Central America in order to document the situation, do some good. In *Breathing is Key*, Sarah momentarily decides to stay with her abusive boyfriend because she doesn't know where else to go. I think we have a lot here, she says, and not all of it's bad. In story after story, personal histories unfold, always, what lies in wait is the possibility for connection. A brother who dies young, a first love, an abandoned husband, each persists in the realm of memory, adding texture and meaning to the lives they influence. In *The Future of Ruth*, a woman comes to understand that the proof of one's life lay in her death, and the trees that might spread out and over a soul. In revolutionary Nicaragua, on a ranch in Arizona, from a Vermont ski slope, the souls in *Low Flying Aircraft* soar, all hoping to catch a glimpse of the shape of things to come, of possibility.

James Graham Ballard, 1985 *Spitfire Stories* Jacky Hyams, 2017-10-19 Published in association with the Imperial War Museum, this is a fascinating anthology of first-hand stories from Spitfire heroes and heroines of World War II. Using documents, letters, stories, photographs, and articles from the Museum's unparalleled archive, this is a tribute to the most iconic plane in aviation history and the people behind it. **Story of the Spitfire** Ken Delve, 2025-01-30 An in-depth exploration of the Spitfire's combat legacy, pilot tactics, and its enduring iconic status. To many people, the Supermarine Spitfire was Britain's saviour during the Battle of Britain and the embodiment of air combat during the Second World War. The *Story of the Spitfire* presents a thrilling appraisal of this unique aircraft, focusing on its fighting capability and the tactics of the pilots who flew it. Using official evaluations and reports alongside technical and tactical developments, plus the recollections of Spitfire pilots, Ken Delve provides a fascinating insight into the combat career of this legendary aircraft.

Despite some problems with their new aircraft the Fighter Command pilots of 1938 were generally delighted with the Spitfire speed manoeuvrability and firepower were all far greater than they had been with the earlier biplanes In tactics and training the RAF was outdated but it adapted quickly and the air battles over Britain in late 1940 forged the Spitfire legend How justified was the legend There were only nineteen Spitfire squadrons in Fighter Command during the Battle of Britain it was only later as the RAF turned to the offensive that the number of Spitfire units increased dramatically At certain times the combat initiative was lost to improved Messerschmitt Bf 109s and Focke Wulf Fw 190s but with increased performance and better training the Spitfire clawed back the advantage By 1944 the Spitfire was operating as a fighter bomber in various theatres of war with new tactics and new problems Many fighter pilots thought that having bombs strapped under the aircraft verged on an insult but with aerial targets in short supply this was the most effective if risky way of taking the war to the enemy After the war the Spitfire saw action right up to 1948 in the Arab Israeli War Today there are approximately seventy airworthy Spitfires in existence and R J Mitchell s remarkable aircraft is still the highlight of flying displays around the world

THE SECRET STORY OF 9/11 Derek Mailhiot,101-01-01 The Secret Story of 9 11 investigates the chaos conspiracies and lies of the September 11 2001 terrorist attacks upon the United States by Osama bin Laden and al Qaeda The author carefully examines the 9 11 Tapes to reconstruct the chaotic history of that day providing an accurate and comprehensive timeline of the events on that fateful morning The 9 11 Tapes record FAA officials air traffic controllers airline and military pilots airline and military personnel a flight attendant using an airphone on one of the hijacked airliners and threats made by two of the hijackers The Secret Story of 9 11 provides a real time 360 degree view of the 9 11 terrorist attacks as multiple emergencies often unfolded at precisely the same moment at high speed The Secret Story of 9 11 is a fascinating look into how personnel from the FAA military and airlines reacted and performed in the face of unprecedented heart stopping circumstances In the aftermath of 9 11 however senior government officials spun a story that resulted in President Bush s popularity rating soaring to 92 percent in the polls the highest on record In reality the 9 11 Tapes expose how senior government officials at the Department of Defense and the White House shockingly lied about the events of those days Indeed the 9 11 Tapes directly contradict the official version of 9 11 Beyond a doubt the 9 11 Tapes prove that the Pentagon tried to cover up the vastness of its confusion on 9 11 The Secret Story of 9 11 also scrutinizes the numerous pre 9 11 warnings that an unprecedented terrorist attack was imminent which were unequivocally ignored by the Bush Administration The vast array of conspiracy theories which ensued in the aftermath of 9 11 are also thoroughly investigated in The Secret Story of 9 11 with surprising answers

Taylor,2016-07-12 What is life like in England *Island Story* weaves history and ideas telling a story of rebellion think Brexit and retail parks migration and inertia pessimism and disappearing ways of life and a fiery unrealized desire for collective belonging and power Skeptical and inquisitive Taylor cycled all round Britain with only a rusty bike and a tent

interviewing and staying with strangers from all walks of life Without a map and travelling with the most basic of gear the journey revels in serendipity and schadenfreude Think you know the island Island Story will have you think again *From Down Under To Nippon: The Story Of Sixth Army In World War II* General Walter Krueger,2015-11-06 A fascinating view of the Pacific War by the victorious commander of the US Sixth Army who led his men through the islands and jungles against the Imperial Japanese Army to final victory in recapturing the Philippines ALTHOUGH NEARLY EIGHT YEARS have passed since the end of the war with Japan the story of the conspicuous part Sixth Army played in it remains to be told Instead of publishing my personal reminiscences of the events in which I participated I decided to write the story of Sixth Army I felt that I owed this to all who served under me there in particular to the many thousands who laid down their lives The result is an unadorned narrative of the long trek of Sixth Army from Down Under to Nippon of much bitter fighting of hardships and shortcomings as well as outstanding performances of luck and of victory The story is based upon my own official reports and those from my subordinate units and upon my own notes and recollections It stresses the bold and brilliant strategic plans of our Commander in Chief General Douglas MacArthur which charted our course to victory in the Southwest Pacific and which were effectively carried out by his Army Navy Air Forces team of which Sixth Army formed an essential part From author s Foreword History has not given him due credit for his greatness I do not believe that the annals of American history have shown his superior as an Army commander Swift and sure in the attack tenacious and determined in defense modest and restrained in victory I do not know what he would have been in defeat because he was never defeated General MacArthur

Wright,2007-09-12 A poignantly written and graphically described story of the pleasure and pain endured as an evacuee during World War Two Like so many of his young friends and relatives John Wright was required to leave the love and care of his parents in Middlesbrough at a very young age to escape the attention of the Luftwaffe and to be evacuated into the hands of a crowded and unloving home in Haxby a quaint village north of the great city of York The book eloquently describes his voyage of childhood discovery in the beautiful countryside coupled with the cruel attentions of a foster mother whose motivation was not to lavish love and support to her unfortunate foster children but to hurt and belittle them It is a bittersweet story of innocent interludes and mean realities for an evacuee child set amidst the horrors and melancholy of that devastating conflict
