Levenson, 2013-11-05 First published in 1964 These volumes analyze modern Chinese history and its inner process from the pre western plateau of Confucianism to the communist triumph in the context of many themes science art philosophy religion and economic political and social change Volume Two includes The Republic Confucianism and Monarchism interwoven Confucianism and Monarchy The basic confrontation The evolution of the Confucian Bureaucratic personality The limits of despotic control Monarch and people The Taiping Relation to Confucianism The Japanese and Chinese monarchical mystiques A New Literary History of Modern China David Der-wei Wang, 2017-05-22 Featuring over 140 Chinese and non Chinese contributors this landmark volume edited by David Der wei Wang explores unconventional forms as well as traditional genres emphasizes Chinese authors influence on foreign writers as well as China's receptivity to outside literary influences and offers vibrant contrasting voices and points of view *Taiwan: A New History* Murray A. Rubinstein, 2024-11-01 This book explores Taiwan's development from its formal beginnings as a political entity to a home for a Ming loyalist regime to a Ching prefecture and province to its half century as a Japanese possession and to fifty years as the home of the Kuomintang controlled Republic of China China's Stefan Zweig Arnhilt Johanna Hoefle, 2017-11-30 During his lifetime Austrian novelist Stefan Zweig 1881 1942 was among the most widely read German language writers in the world Always controversial he fell into critical disfavor as writers and critics in a devastated postwar Europe attacked the poor literary quality of his works and excoriated his apolitical fiction as naive Habsburg nostalgia Yet in other parts of the world Zweig's works have enjoyed continued admiration and popularity even canonical status China's Stefan Zweig unveils the extraordinary success of Zweig's novellas in China where he has been read in an entirely different way During the New Culture Movement of the 1920s Zweig's novellas were discovered by intellectuals turning against Confucian tradition In the 1930s left wing scholars criticized Zweig as a decadent bourgeois writer yet after the communist victory in 1949 he was re introduced as a political writer whose detailed psychological descriptions exposed a brutal and hypocritical bourgeois capitalist society In the 1980s after the Cultural Revolution Zweig's works triggered a large scale Stefan Zweig fever where

Zweig style female figures the gentle loving and self sacrificing women who populate his novels became the feminine ideal Zweig s seemingly anachronistic poetics of femininity allowed feminists to criticize Maoist gender politics by praising Zweig as the anatomist of the female heart As Arnholt Hoefle makes clear Zweig s works have never been passively received Intermediaries have actively selected interpreted and translated his works for very different purposes China s Stefan Zweig not only re conceptualizes our understanding of cross cultural reception and its underlying dynamics but proposes a serious re evaluation of one of the most successful yet misunderstood European writers of the twentieth century Zweig s works which have inspired recent film adaptations such as Xu Jinglei s Letter from an Unknown Woman 2005 and Wes Anderson s Grand Budapest Hotel 2014 are only beginning to be rediscovered in Europe and North America but the heated debate about his literary merit continues This book with its wealth of hitherto unexplored Chinese language sources sheds light on the Stefan Zweig conundrum through the lens of his Chinese reception to reveal surprising and long overlooked literary dimensions of his works

Lu Xun and Evolution James Reeve Pusey, 1998-01-29 This book studies one of the most important figures in modern Chinese intellectual history China s greatest modern writer Lu Xun 1881 1936 His trenchant criticisms of the China of his day still speak directly to what can be called without hyperbole the current crisis in philosophical and political thought in the People s Republic It is also a study of a non Western intellectual s struggle in a time of crisis to make practical sense of the Darwinian Revolution a revolution not limited to the West Although Lu Xun died more than sixty years ago his work is still alive in China more so than any American writer of the 1920s and 1930s is in the United States He is viewed paradoxically as both an official icon and as a patron saint of dissent This book is therefore about Lu Xun both in his lifetime and in his second lifetime and it looks to his third But it is not just about Lu Xun It is about Lu Xun and evolution As a philosophical critique of Lu Xun s thought it looks to Lu Xun s struggle to make practical sense of evolution a contradiction that forces either or questions on the Chinese and on us all

Classics and Interpretations Ching-I Tu, 2017-11-30 In recent years in the West scholars have attempted to unravel old constructs of interpretation and understanding using the discipline of hermeneutics or the scientific study of textual interpretation Borrowed from students of the ever growing body of biblical interpretive literature that originated in the early Christian era theoretical hermeneutics has given many contemporary scholars potent tools of textual interpretation Classics and Interpretations applies this method to Chinese culture Several essays focus on hermeneutic traditions of Neo Confucianism Others move outside of these traditions to attempt an understanding of the role of hermeneutics in Taoist and Buddhist textual interpretation in Chinese poetics and painting and in contemporary Chinese culture This volume makes a concerted effort to remedy our ignorance of the Chinese hermeneutical tradition Part 1 The Great Learning and Hermeneutics demonstrates the use of commentary to define how the individual creates his social self and discusses differing interpretations of the Ta hsueh text and its treatment as either canonical or heterodox Part 2 Canonicity and Orthodoxy considers the philosophical touchstones employed by Neo

Confucian canonical exegetes and polemicists and discusses the Han canonization of the scriptural Five Classics while illuminating a double standard that existed in the hermeneutical regime of late imperial China Part 3 Hermeneutics as Politics discusses the transformation of both the classics and scholars and explores the dominant hermeneutic tradition in Chinese historiography the scriptural tradition and reinterpretation of the Ch un ch iu and reveals the pragmatism of Chinese hermeneutics through comparison of the Sung debates over the Mencius The concluding sections include essays on Chu Hsi and Interpretation of Chinese Classics Hermeneutic Traditions in Chinese Poetics and Non Confucian Contexts Reinterpretation of Confucian Texts in the Ming Ch ing Period and Contemporary Interpretations of Confucian Culture Through these literate and brilliantly written essays the reader witnesses not merely the great breadth and depth of Chinese hermeneutics but also its continuity and evolutionary vigor This volume will excite scholars of the Confucian Buddhist and Taoist systems of thought and belief as well as students of history and hermeneutics **Misogyny, Cultural Nihilism, and Oppositional Politics** Tonglin Lu,1995 Written from a feminist perspective this is a cultural and ideological study of modern China as seen in the writing of experimental fiction one of the main attempts to subvert the conventions of socialist realism in contemporary Chinese literature Zhuangzi and Modern Chinese Literature Liu Jianmei,2015-12-01 This is a powerful account of how the ruin and resurrection of Zhuangzi in modern China s literary history correspond to the rise and fall of modern Chinese individuality Liu Jianmei highlights two central philosophical themes of Zhuangzi the absolute spiritual freedom as presented in the chapter of Free and Easy Wandering and the rejection of absolute and fixed views on right and wrong as seen in the chapter of On the Equality of Things She argues the twentieth century reinterpretation and appropriation of these two important philosophical themes best testify to the dilemma and inner struggle of modern Chinese intellectuals In the cultural environment in which Chinese writers and scholars were working the pursuit of individual freedom as well as the more tolerant and multifaceted cultural mentality has constantly been downplayed suppressed or criticized By addressing a large number of modern Chinese writers including Guo Moruo Hu Shi Lu Xun Zhou Zuoren Lin Yutang Fei Ming Liu Xiaofeng Wang Zengqi Han Shaogong Ah Cheng Yan Lianke and Gao Xingjian the author provides an insightful and engaging study of how they have embraced rejected and returned to ancient thought and how the spirit of Zhuangzi has illuminated their writing and thinking through the turbulent eras of modern China This book not only explores modern Chinese writers complicated relationship with tradition but also sheds light on if the freedom of independence non participation and roaming and the more encompassing cultural space inspired by Zhuangzi s spirit were allowed to exist in the modern Chinese literary context Involving the interplay between philosophy literature and history Liu delineates a neglected literary tradition influenced by Zhuangzi and Daoism and traces its struggles to survive in modern and contemporary Chinese culture *Peking University* Xiaoqing Diana Lin,2012-02-01 Peking University founded in 1898 was at the center of the major intellectual movements of twentieth century China In this institutional and intellectual history

author Xiaoqing Diana Lin shows how the university reflected and shaped Chinese intellectual culture in an era of great change one that saw both a surge of nationalism and an interest in Western concepts such as democracy science and Marxism Lin discusses Peking University's spirit of openness and how the school both encouraged the synthesis of Chinese and Western knowledge and promoted Western learning for the national good The work covers the introduction of modern academic disciplines the shift from integrative learning to specialized learning and the reinterpretation of Confucianism for contemporary times

Defending Taiwan Martin Edmonds, Michael Tsai, 2013-10-18 Recent concern about mainland China's intentions towards Taiwan and more general concern about the risk of instability in the region has led to growing interest in Taiwan's military strategy in how Taiwan perceives threats to itself and in how the Taiwanese military are reacting to these perceived threats This book which includes contributions by leading Taiwanese military thinkers explores current military strategy in Taiwan and how it is evolving It discusses Taiwan's military modernisation and the implications of the recent defeat after fifty years in power of the Kuomintang Party implications which include a move away from an authoritarian garrison state culture and the beginnings of a more open debate about defence The book concludes with an overall appraisal of Taiwan's defence vision and makes recommendations on how Taiwan's defence might be enhanced

A New Vocabulary for Global Modernism Eric Hayot, Rebecca L. Walkowitz, 2016-11-29 Bringing together leading critics and literary scholars A New Vocabulary for Global Modernism argues for new ways of understanding the nature and development of twentieth century literature and culture Scholars have largely understood modernism as an American and European phenomenon Those parameters have expanded in recent decades but the incorporation of multiple origins and influences has often been tied to older conceptual frameworks that make it difficult to think of modernism globally Providing alternative approaches A New Vocabulary for Global Modernism introduces pathways through global archives and new frameworks that offer a richer more representative set of concepts for the analysis of literary and cultural works In separate essays each inspired by a critical term this collection explores what happens to the foundational concepts of modernism and the methods we bring to modernist studies when we approach the

field as a global phenomenon Their work transforms the intellectual paradigms we have long associated with modernism such as tradition antiquity style and translation New paradigms such as context slum copy pantomime and puppets emerge as the archive extends beyond its European center In bringing together and reexamining the familiar as well as the emergent the contributors to this volume offer an invaluable and original approach to studying the intersection of world literature and modernist studies

in such cultures may expect to look elsewhere for love Contributors also look at the other side of the equation rejection and grief
