The Voyageur Canadian Essays & Criticism 2-Book Bundle A.J.M. Smith, Charles G. D. Roberts, 2014-03-14 Voyageur Classics is a series of new versions of Canadian classics with added material and special introductions. In this bundle we find two classic works of the art of the Canadian essay. Charles G. D. Roberts was a distinguished writer of his time who published more than forty volumes of poetry, romance, fiction, and nature writing, making him one of the most popular writers of his time. He pioneered the animal story in which he went beyond surface elements of nature and endowed his animal characters with qualities of feeling and intelligence that brought them closer to their human cousins. Roberts' career as a writer transcended his Canadian roots, and he was internationally known and popular in America and England. Arthur James Marshall Smith, prize-winning poet, essayist, influential anthologist, and critic, died in 1980. His last book, *The Classic Shade: Selected Poems on which Selected Writings is based*, stands as his final intention in the world of literature. To this long out of print book, the editor has added original material by Smith in which he defined and advanced modernism in Canadian writing. Includes *Selected Writings* A. J. M. Smith *The Kindred of the Wild* *Murder in America* Ronald M. Holmes, Stephen T. Holmes, 2001 This second edition of the best-selling *Murder in America* examines both the common and unusual acts of homicide in light of society's changing norms, values, attitudes, and customs. The authors, Ronald and Stephen Holmes, have worked with numerous police departments on more than 300 murder and rape cases. The types of murders discussed in this text are ones not usually discussed in great lengths in other textbooks. Chapters deal with atypical and relatively bizarre homicide, such as serial murder, mass murder, terrorism, and assassination. Also discussed are more common types of murder, such as murder committed by children, murder of children, partner homicide, and workplace homicide. Each chapter explores a specific type of homicide by examining trends, methods, motives, statistics, and other descriptive information. New to this edition: Student Assignments at the end of each chapter; Discussion Questions at the end of each chapter; New chapters in this edition: *Female Serial Killers*, *Intimates Who Kill*, *Parents Who Kill*, *Murder in the Workplace* **American Book Publishing Record Cumulative, 1950-1977** R.R. Bowker Company. Department of Bibliography, 1978 **Transforming The Pieces** Caroline Dancel-Garcia, 2017-11-16 Kate and

Yet

theorizing adaptation has been declared behind the theoretical times compared to other fields and charged with theoretical incorrectness by scholars from all theoretical camps In this thorough and groundbreaking study author Kamilla Elliott works to explain and redress the problem of theorizing adaptation She offers the first cross disciplinary history of theorizing adaptation in the humanities extending back to the sixteenth century revealing that until the late eighteenth century adaptation was valued for its contributions to cultural progress before its eventual and ongoing marginalization by humanities theories The second half of the book offers ways to redress the troubled relationship between theorization and adaptation Ultimately Theorizing Adaptation proffers shared ground upon which adaptation scholars can debate productively across disciplinary cultural and theoretical borders
