

TO THE PASSENGERS on the bus *Cochetería de la México* travelling between the capital and San Luis Potosí in four hours, more or less, once out of the ever-spreading suburbs that ring the city of México there is little to break the monotonous gradient of the high plains. For most of the journey, the bus traverses a dry upland country, only gradually firmer, that runs in scarcely perceptible undulations toward distant mountains the color of twilight. Occasionally some cattle are grazing single file along the dried-up bed of an arroyo. Once or twice a countryman is hurrying his donkeys across the highway with the help of a stout rope and a handle of twigs that serves as a switch. Now and then the passengers who have not dozed off in their reclining seats, or lost themselves in a newspaper or book, may notice a kind of interruption in the continuous vacancy of the countryside, a house perhaps so unimpaired by the vastness of the surrounding country that it does its best to conceal itself. Low, built of mud bricks, roofed with thatch or the broad curved leaves of the agave cactus, and enclosed by a mud wall or a living fence of cactus cactus, its camouflage is perfect.

A masterful, mesmerizing and unflinching Patricia Engel New York Times bestselling author story about a family of luchadores contending with forbidden love and secrets in Mexico City, Los Angeles and beyond. Ernesto Vega has lived many lives from pig farmer to construction worker to famed luchador El Rey Coyote yet he has always worn a mask. A History of the Spanish Novel J. A. Garrido Ardila, 2015-04-30. The origins of the Spanish novel date back to the early picaresque novels and *Don Quixote* in the sixteenth and seventeenth centuries and the history of the genre in Spain presents the reader with such iconic works as Galdós's *Fortunata and Jacinta*, Clarín's *La Regenta* or Unamuno's *Mist*. A History of the Spanish Novel traces the developments of Spanish prose fiction in order to offer a comprehensive and detailed account of this important literary tradition. It opens with an introductory chapter that examines the evolution of the novel in Spain with particular attention to the rise and emergence of the novel as a genre during the sixteenth and seventeenth centuries and the bearing of Golden Age fiction in later novelists of all periods. The introduction contextualises the Spanish novel in the circumstances and milestones of Spain's history and in the wider setting of European literature. The volume is comprised of chapters presented diachronically from the sixteenth to the twenty-first century and others concerned with specific traditions: the chivalric romance, the picaresque, the modernist novel, the avant-gardist novel and with some of the most salient authors: Cervantes, Zayas, Galdós and Baroja. A History of the Spanish Novel takes the reader across the centuries to reveal the captivating life of the Spanish novel tradition in all its splendour and its phenomenal contribution to Western literature.

Gender and Nation in the Spanish Modernist Novel Roberta Johnson, 2003 Offering a fresh revisionist analysis of Spanish fiction from 1900 to 1940 this study examines the work of both men and women writers and how they practiced differing forms of modernism As Roberta Johnson notes Spanish male novelists emphasized technical and verbal innovation in representing the contents of an individual consciousness and thus were more modernist in the usual understanding of the term Female writers on the other hand were less aesthetically innovative but engaged in a social modernism that focused on domestic issues gender roles and relations between the sexes Compared to the more conventional even reactionary ways their male counterparts treated such matters Spanish women's fiction in the first half of the twentieth century was often revolutionary The book begins by tracing the history of public discourse on gender from the 1890s through the 1930s a discourse that included the rise of feminism Each chapter then analyzes works by female and male novelists that address key issues related to gender and nationalism the concept of intrahistoria or an essential Spanish soul modernist uses of figures from the Spanish literary tradition notably Don Quixote and Don Juan biological theories of gender prevalent in the 1920s and 1930s and the growth of an organized feminist movement that coincided with the burgeoning Republican movement This is the first book dealing with this period of Spanish literature to consider women novelists such as Maria Martinez Sierra Carmen de Burgos and Concha Espina alongside canonical male novelists including Miguel de Unamuno Ramon del Valle Inclan and Pio Baroja With its contrasting conceptions of modernism Johnson's work provides a compelling new model for bridging the gender divide in the study of Spanish fiction
