ancient and modern...* Henry White,1865 *The Voice of the Century* Massimo Zicari,2022-04-29 The fields of performance
studies empirical musicology and the musicology of recordings have seen a tremendous development in recent years
shedding new light on the recent history of our performing tradition and conveying essential information to music
practitioners critics and audiences This innovative work considers the notion of bel canto and the manner in which this
vibrant tradition lives in the records of Luisa Tetrazzini 1871 1940 one of the most celebrated sopranos ever Tetrazzini whose
discographic career includes about 120 recordings belongs to that generation of inspirational performers who heralded the
dawn of a new era of music appreciation alongside such iconic figures as Enrico Caruso Adelina Patti and Nellie Melba
Drawing on a vast body of scholarship and a number of contemporary reviews Massimo Zicari establishes Tetrazzini s role in
the Italian operatic tradition and its much disputed set of performing conventions His transcriptions of her recorded
interpretations from Rossini Donizetti Bellini and Verdi will prove invaluable to singers and conductors interested in a
tradition that goes back to legendary figures such as Jenny Lind and Maria Malibran The author also discusses her voice
quality and technique tempo flexibility her use of vibrato and portamento features of musical performance that question
several widely held normative views about aesthetics and interpretative tradition The volume includes eighty eight musical
examples and its closing section consists of the vocal scores of thirteen operatic arias The musical material both examples
and transcriptions is entirely original This unique approach seeks to combine an academic perspective with the making of the
music in the hope that the plea for originality may be enhanced by models from the past **Papers, Presentations and
