the United States and South Asia highlighting mutual influence as well as the disconnects of cross cultural encounters Hauser argues that vegetarianism in this period was motivated by expansive visions of moral physical and even racial purification Adherents were convinced that society could be changed by transforming the body of the individual Hauser demonstrates that vegetarians in India and the West shared notions of purity which drew some toward not only internationalism and anticolonialism but also racism nationalism and violence Finding preoccupations with race and masculinity as well as links to colonialism and eugenics she reveals the implication of vegetarian movements in exclusionary hierarchical projects Deeply researched and compellingly argued *A Taste for Purity* rewrites the history of vegetarianism on a global scale **Borderland** William Thomas Stead, 1893
