Klett,2020-02-04 When originally published in 1993 this was the first bibliography of the secondary literature on Tieck Given as much secondary literature surrounding Tieck s life and works has been generated outside of his native Germany as within this bibliography focuses particularly on his life and work from an international perspective In order to make the information surrounding Tieck accessible the book provides a detailed table of contents with corresponding text divisions rather than a subject index It therefore highlights Tieck s achievements in their various national contexts so that not only students of German can get an accurate feel for Tieck s versatility and range      [Ludwig Tieck, oder, Der Weltumsegler seines Innern](#)
