Messages Of The Stars 2004:

Messages of the Stars 2003 Jane Elizabeth, 2003 *Teaching History with Message Movies* Jennifer Frost, Steven Alan Carr, 2018-03-12 Popular media has become a common means by which students understand both the present and the past. Consequently more teachers are using various forms of popular culture as pedagogical tools in the history classroom. With their emphasis on issues such as drug and alcohol abuse, sex, race, gender, and violence, social problem films or message movies offer a compelling look at the eras in which they were made. In order to facilitate the use of social problem films as learning tools, however, teachers of history need a dependable resource. *Teaching History with Message Movies* is a guide for teaching US history using these films as vivid historical illustrations and tools for student engagement. In addition to covering key themes and concepts, this volume provides an overview of significant issues and related films, a tutorial in using film in historical methodology, user guides for thinking about social problems on screen, and sample exercises and assignments for direct classroom use. Focusing on the issues that plaguing society, the book draws on films such as *I Am a Fugitive from a Chain Gang* 1932, *Gentleman's Agreement* 1947, *The Snake Pit* 1948, *Silkwood* 1983, and *One Flew Over the Cuckoo's Nest* 1975, among others. This resource enables teachers to effectively use films to examine key social and cultural issues, concepts, and influences in their historical context. *Teaching History with Message Movies* will be an invaluable asset to any teacher of history in middle and secondary school settings as well as at the undergraduate level. **Nano Meets Macro** Kamilla Kjolberg, Fern Elizabeth Wickson, 2019-10-10 This book explores the enormous diversity in social perspectives on the emergence of nanoscale sciences and technologies. It points to four nodes of interest where nano meets macro in the making in the public eye: in the big questions and in the tough decisions. Each node draws attention to important lines of research and pertinent issues. The book is designed for interdisciplinary teaching, but the richness of issues and perspectives makes it of interest to all researchers, practitioners, and non-academics wanting an introduction to social perspectives on nanoscale sciences and technologies. **Children of the Stars** Nikki Pattillo, 2008-08 Star children are children who have been sent here from all areas of the universe to help the earth and the people on it. They possess psychic, spiritual, and other extra-sensory abilities. These children will bring peace, topple corrupt systems, and shift dimensional consciousness in the years to come. They have come here on special assignment to assist in this rebirth into a higher-dimensional Earth. Since the beginning of time, parents have wished their kids came with an owner's manual. Big changes are coming, as this is a new world, a new energy grid, and the children of the stars or Star children, as we call them, have finally arrived to help save the earth with no owner's manual. This book is a guide to help parents understand their Star children and to help each parent spiritually understand what is happening with these gifted youngsters who are here to help us. Yes, your children can be your spiritual advisors, and they are here to help us. They will try to teach us many lessons. Most we won't understand, some we won't even know are lessons. With the help of this guide, a few of us may catch on. Valuable for educators to become aware that

they are dealing with an entirely new generation of children who do not think or behave like those who have gone before them This book is also intended to help our younger or older Star children understand and not be afraid of what they are seeing or hearing that many others cannot see or hear Topics Indigo to Crystal to Rainbow Transitions Environmental Stress and Your Star Child The Importance of healthy Food The Nine Dimensions of Consciousness A Global Crisis Help Is On the Way Message ...
