The Seasons Luke Fischer, David Macauley, 2021-07-01 Although the seasons have been a perennial theme in literature and art their significance for philosophy and environmental theory has remained largely unexplored This pioneering book demonstrates the ways in which inquiry into the seasons reveals new and illuminating perspectives for philosophy environmental thought anthropology cultural studies aesthetics poetics and literary criticism The Seasons opens up new avenues for research in these fields and provides a valuable resource for teachers and students of the environmental humanities The innovative essays herein address a wide range of seasonal cultures and geographies from the traditional Western model of the four seasons spring summer fall and winter to the Indigenous seasons of Australia and the Arctic Exemplifying the crucial importance of interdisciplinary research The Seasons makes a compelling case for the relevance of the seasons to our daily lives scientific understanding diverse cultural practices and politics

Challenging the Myth Richard Keenan, 2003 *British Art and the Environment* Charlotte Gould, Sophie Mesplède, 2021-07-21 This book explores the nature of Britain based artists engagement with the transformations of their environment since the early days of the Industrial Revolution At a time of pressing ecological concerns the international group of contributors provide a series of case studies that reconsider the nature culture divide and aim at identifying the contours of a national narrative that stretches from enclosed lands to rising seas By adopting a longer historical view this book hopes to enrich current debates concerning art's engagement with recording and questioning the impact of human activity on the environment The book will be of interest to scholars working in art history contemporary art environmental humanities and British studies

Charlie and the Tooth Fairy and Charlie and the Big Birthday Bash Hilary McKay, 2014-06-19 Charlie is an irresistibly funny little brother who manages to get into all kinds of scrapes Whether he's trying to hinder or help his brother Max and best friend Henry trouble is guaranteed Tooth Fairy Charlie has four wobbly teeth and cannot wait for the tooth fairy to arrive There must be some way to make them fall out quickly Big Birthday Bash Why doesn't Max want a party to celebrate his birthday It doesn't matter Charlie is going to throw him one anyway

Artful Teaching David M. Donahue, Jennifer B. Stuart, 2024 The authors in this volume share exemplary arts integration practices across the K-8 curriculum Rather than providing formulas or scripts to be followed they carefully describe how the arts offer an entry point for gaining insight into why and how students learn The book includes rich and lively examples of public school teachers integrating visual arts music drama and dance with subject matter including English social studies science and mathematics Readers will come away with a deeper understanding of why and how to use the arts every day in every school to reach every child

Urban Composition Mark C. Childs, 2013-07-02 Cities and towns are among humanity's

greatest achievements yet no single individual or organization creates them The buildings streets and gardens of even a small town embody substantial investments of money natural resources and political capital Much more than the sum of its parts a settlement s vitality comes from its collective composition Sometimes the cities and towns that emerge are glorious places but too frequently they have only fragments of greatness or are soulless and environmentally unhealthy Our new Architecture Brief Urban Composition shows architects planners artists and engineers of individual projects how they can best fulfill their public trust to help make meaningful urban places Each chapter contains a set of design queries followed by a discussion illustrations and references for further research This accessible primer on urban design provides guidelines for designing buildings or plans for large cities or small towns Urban Composition showcases projects across the United States and internationally in metropolitan areas such as Chicago Seattle and London and small communities such as Marfa Texas

Senie,2018-06-11 While many museums have ignored public art as a distinct arena of art production and display others have either grudgingly or enthusiastically embraced it Some institutions have partnered with public art agencies to expand the

scope of special exhibitions other museums have attempted to establish in house public art programs This is the first book to contextualize the collaborations between museums and public art through a range of essays marked by their coherence of topical focus written by leading and emerging scholars and artists Organized into three sections it represents a major contribution to the field of art history in general and to those of public art and museum studies in particular It includes essays by art historians critics curators arts administrators and artists all of whom help to finally codify the largely unwritten history of how museums and public art have and continue to intersect Key questions are both addressed and offered as topics for further discussion Who originates such public art initiatives funds them and most importantly establishes the philosophy behind them Is the efficacy of these initiatives evaluated in the same way as other museum exhibitions and programs Can public art ever be a permanent feature in any museum And finally are the museum and public art ultimately at odds or able to mutually benefit one another
