More Than A Dream Eightyfive Years At The College Of St Catherine:

More Than a Dream Rosalie Ryan, Sister John Christine Wolkerstorfer, 1992 *Spirited Lives* Carol K. Coburn, Martha Smith, 2005-10-12 Made doubly marginal by their gender and by their religion American nuns have rarely been granted serious scholarly attention Instead their lives and achievements have been obscured by myths or distorted by stereotypes Placing nuns into the mainstream of American religious and women s history for the first time *Spirited Lives* reveals their critical impact on the development of Catholic culture and ultimately the building of American society Focusing on the Sisters of St Joseph of Carondelet one of the largest and most diverse American sisterhoods Carol Coburn and Martha Smith explore how nuns directly influenced the lives of millions of Americans both Catholic and non Catholic through their work in schools hospitals orphanages and other social service institutions Far from functioning as passive handmaidens for Catholic clergy and parishes nuns created financed and administered these institutions struggling with and at times resisting male secular and clerical authority A rich and multifaceted narrative *Spirited Lives* illuminates the intersection of gender religion and power in nineteenth and early twentieth century America Empowering Women in Higher Education and Student Affairs Penny A. Pasque, Shelley Errington Nicholson, 2023-07-03 Co published with How do we interrupt the current paradigms of sexism in the academy How do we construct a new and inclusive gender paradigm that resists the dominant values of the patriarchy And why are these agendas important not just for women but for higher education as a whole These are the questions that these extensive and rich analyses of the historical and contemporary roles of women in higher education as administrators faculty students and student affairs professionals seek constructively to answer In doing so they address the intersection of gender and women s other social identities such as of race ethnicity sexual orientation class and ability This book addresses the experiences and position of women students from application to college through graduate school and the barriers they encounter the continuing inequalities in the rates of promotion and progression of women and other marginalized groups to positions of authority and the gap in earnings between men and women and pays particular attention to how race and other social markers impact such disparities contextualizing them across all institutional types Written collaboratively by an intergenerational group of women men and transgender people with different social identities feminist perspectives and professional identities and who in the process built upon each other s work this volume constitutes a call to educators and scholars to work toward centering feminist and other marginalized perspectives in their practice and research in order to equitably address the evolving complexities of college and university life Employing a wide range of theoretical lenses examining a variety of models of practice and giving voice to a diversity of personal experiences through narrative this is a major contribution to the scholarship on women in higher education This is a book for all women in the academy who want to better understand their experience and to dismantle the remaining barriers of sexism and oppression for themselves and future generations of students An ACPA Publication **Historical Dictionary of Women's Education**

in the United States Linda Eisenmann, 1998-07-17 The history of women's education in the United States presents a continuous effort to move from the periphery to the mainstream and this book examines both formal and informal opportunities for girls and women Through an introductory essay and nearly 250 alphabetically arranged entries this reference book examines institutions persons ideas events and movements in the history of women's education in the United States The volume spans the colonial era to the present exploring settings from formal institutions such as schools and colleges to informal associations such as suffrage groups and reform organizations where women gained skills and used knowledge A full picture of women's educational history presents their work in mainstream institutions sex segregated schools and informal organizations that served as alternative educational settings Educational history varies greatly for women of different races classes and ethnicities The experience of some groups has been well documented Thus entries on the Seven Sisters women's colleges and the reform organizations of the Progressive Era convey wide historical detail Other women have been studied only recently Thus entries on African American school founders or women teachers present considerable new information that scholars interpret against a wider context Finally some women's history has yet to be adequately explored Hispanic American women and Catholic teaching sisters are discussed in entries that highlight historical questions still remaining Each entry is written by an expert contributor and concludes with a brief bibliography The volume closes with a timeline of women's educational history and a list of important general works for further reading
