The Oxford Handbook of Shakespearean Tragedy Michael Neill, David Schalkwyk, 2016 The Oxford Handbook of Shakespearean Tragedy is a collection of fifty four essays by a range of scholars from all parts of the world bringing together some of the best known writers in the field with a strong selection of younger Shakespeareans Together these essays offer readers a fresh and comprehensive understanding of Shakespeare tragedies as both works of literature and as performance texts written by a playwright who was himself an experienced actor The collection is organised in five sections The opening section places the plays in a variety of illuminating contexts exploring questions of genre and examining ways in which later generations of critics have shaped our idea of Shakespearean tragedy The second section is devoted to current textual issues while the third offers new critical readings of each of the tragedies This is set beside a group of essays that deal with performance history with screen productions and with versions devised for the operatic stage as well as with twentieth and twenty first century re-workings of Shakespearean tragedy The book's final section seeks to expand readers awareness of Shakespeare's global reach tracing histories of criticism and performance across the world Offering the richest and most diverse collection of approaches to Shakespearean tragedy currently available the Handbook will be an indispensable resource for students both undergraduate and graduate levels while the lively and provocative character of its essays make it required reading for teachers of Shakespeare everywhere **International Steam Engineer**, 1927 *Altered Memories of the Great War* Mark David Sheftall, 2010-01-30 The experiences of World War I touched the lives of a generation but memories of this momentous experience vary enormously throughout the world In Britain there was a strong reaction against militarism but in the Dominion powers of Canada Australia and New Zealand the response was very different For

these former colonial powers the experience of war was largely accepted as a national rite of passage and their pride and respect for their soldiers sacrifices found its focus in a powerful nationalist drive How did a single supposedly shared experience provoke such contrasting reactions What does it reveal about earlier pre existing ideas of national identity And how did the memory of war influence later ideas of self determination and nationhood *Altered Memories of the Great War* is the first book to compare the distinctive collective narratives that emerged within Britain and the Dominions in response to World War I It powerfully illuminates the differences as well as the similarities between different memories of war and offers fascinating insights into what this reveals about developing concepts of national identity in the aftermath of World War I

The Lone Hand ,1913 **First World War and Popular Cinema** Michael Paris,2019-08-06 No detailed description available for *The First World War and Popular Cinema* *The Bookman* ,1917 *Her Majesty's Pleasure* Frank Van Straten,2013 This unique book raises the curtain on the history of Adelaide s most remarkable playhouse Her Majesty s Theatre For 100 years the Maj has hosted a cavalcade of entertainment With a treasure trove of rare photographs posters and costume and set designs this book will delight anyone who loves show business and who loves Adelaide Remarkable Occurrences National Library of Australia,2001 **Attuned to Alien Moonlight** Dennis Haskell,2002 Bruce Dawe is Australia s most popular and widely studied poet This first full scale critical study of his poetry to date reveals a richly complex and varied poet Dennis Haskell argues that the widespread view of Dawe as a social satirist is limiting and that Dawe is a more imaginative and lyrical poet than he has been given credit for as the title *Attuned to Alien Moonlight* indicates Dawe s apparent topicality and ease of access hides deeper more mysterious and more Romantic elements in his work Haskell analyses well known and some quite unknown poems in order to build up a picture of Dawe s poetry as a whole and his chapters approach Dawe from some surprising perspectives for example in relation to Asia and as a love poet Aimed at both students of Dawe s work and the general literary reader the book places Dawe in the context of Australian poetry and cultural values and in relation to the larger traditions of poetry in English It includes a substantial bibliography and a comprehensive chronology **The Periodical** ,1919 **Silent Women** Kevin Brownlow,Shelley Stamp,Bryony Dixon,Karen Day,Maria Giese,Tania Field,Francesca Stephens,Ellen Cheshire,K. Charlie Oughton,Patricia di Risio,Pieter Aquilia,Julie K Allen,Aimee Dixon Anthony,2017-01-10 The first ever overview of women s contributions to the dawn of cinema looking at a variety of roles from writers and directors to film editors and critics Why have women such as Alice Guy Blache the creator of narrative cinema been written out of film history Why have so many women working behind the scenes in film been rendered invisible and silent for so long *Silent Women* pioneers of cinema explores the incredible contribution of women at the dawn of cinema when surprisingly more women were employed across the board in the film industry than they are now It also looks at how women helped to shape the content style of acting and development of the movie business in their roles as actors writers editors cinematographers directors and producers In addition we describe how women engaged

with and influenced the development of cinema in their roles as audience critics fans reviewers journalists and the arbiters of morality in films And finally we ask when the current discrimination and male domination of the industry will give way to allow more women access to the top jobs In addition to its historical focus on women working in film during the silent film era the term silent also refers to the silencing and eradication of the enormous contribution that women have made to the development of the motion picture industry The surprise of the essays collected here is their sheer volume in every corner of a business apparently better able to accommodate female talent than now Danny Leigh Financial Times July 2016 It s a fascinating journey into the untold history of a largely lost era of film Greg Jameson Entertainment Focus March 2016 This book shows how women s voices were heard and helped create the golden age of silent cinema how those voices were almost eradicated by the male dominated film industry and perhaps points the way to an all inclusive future for global cinema Paul Duncan Film Historian Inspirational and informative Silent Women will challenge many people s ideas about the beginnings of film history This fascinating book roams widely across the era and the diverse achievements and voices of women in the film industry These are the stories of pioneers trailblazers and collaborators hugely enjoyable to read and vitally important to publish Pamela Hutchinson Silent London Every page begs the question how on earth did these amazing women vanish from history in the first place I defy anyone interested in cinema history not to find this valuable compendium a must read It s also a call to arms for more research into women s contribution and an affirmation of just how rewarding the detective work can be Laraine Porter Co Artistic Director of British Silent Film Festival An authoritative and illuminating work it also lends a pervasive voice to the argument that discrimination and not talent is the barrier to so few women occupying the most prominent roles within the industry Jason Wood Author and Visiting Professor at MMU I was amazed to discover just how crucially they were involved from not just in front of the camera but in producing directing editing and much much more An essential read Neil McGlone The Criterion Collection **Temperament Of Generations** Jenny Lee, Philip Mead, 2014-02-28 A collection of literary cultural and political writings published in Meanjin over the fifty years since its foundation together with archival material and editorial commentary **Aberration in Modern Poetry** Lucy Collins, Stephen Matterson, 2011-12-22 This critical work considers the role played by elements that might be considered aberrational in a poet s oeuvre With an introductory essay exploring the nature of aberration these fourteen contributions investigate the work of major 20th century poets from the U S Britain Ireland Australia and New Zealand Aberration is considered from the standpoint of both the artist and the audience prompting discussion on a range of important issues including the formation of the canon Each essay discusses the status of the aberrant work and the ways in which it challenges enlarges or supports the overall perception of the poet
