*Chambers's Journal* ,1924      Managing Cultural Change in Public Libraries John Pateman,Joe Pateman,2018-11-09 Managing Cultural Change in Public Libraries argues that changes to library Strategies and Systems can lead to transformations in library Structures that can in turn shape and determine Organisational Culture Drawing on Management theories as well as the ideas of Marx and Maslow the authors present an ambitious Analytical Framework that can be used to better understand support and enable cultural change in public libraries The volume argues for radical but sustainable transformations in public libraries that require significant changes to Strategies Structures Systems and most importantly Organisational Culture These changes will enable Traditional Libraries to reach out beyond their current active patrons to engage with new customer groups and will also enable Traditional Libraries to evolve into Community Led Libraries and Community Led Libraries to become Needs Based Libraries Public libraries must be meaningful and relevant to the communities they serve For this to happen the authors argue all sections of the local community must be actively involved in the planning design delivery and evaluation of library services This book demonstrates how to make these changes happen acting as a blueprint and road map for organisational change and putting ideas into action through a series of case studies Managing Cultural Change in Public Libraries will be of particular interest to academics and advanced students engaged in the study of library and information science It should also be essential reading for practitioners and policymakers and all those who believe that communities should be involved and engaged in the planning design delivery and evaluation of library services      **Pamphlets in ALA Small Libraries Series** American Library Association. *One Face in a Million* William Bond,2020-08-26 *One Face in a Million* is an entirely fictional story evolved over many years I began thinking about writing a story after I visited southern Africa in 1967 where my wife had been born and raised and was often called Mu Shangaaniana when she was young I began to formulate a story about a young gal who had been raised on a mission station in Mozambique She was anxious to leave Africa for America to have a more interesting life A plot began in my mind and I envisioned a striking gal to have a life that was quite amazing She would travel and fall in love meet notable people and experience a lot of success Would that prove to be satisfying During the years that followed I was privileged to travel to many places throughout the world so my story evolved in a way that readers could share in some of my traveling experiences My protagonist had to decide what was really important in her life Her story takes place across the span of a few decades therefore the story eventually developed into a series of five books which should be considered as one Because the title is *One Face in a Million* I knew her appearance would be of real interest I looked at images of several notable actresses of the past but the one that I preferred was of Merle Oberon Perhaps it would be just as well for any reader to formulate your own ideas of what my characters would look like Although this is a fictitious story I hope that it entertains those who choose to read it
