DeArment, Jack DeMattos, 2012-11-09 He may be little known today but Ben Daniels was a feared gunman who typified the journeyman gunfighter every bit as much as those whose names have become legend Yet his story has eluded researchers and yarn spinners alike until now Two prominent western historians have teamed up to tell the story of Ben Daniels s rise from outlaw and convict to presidential prot g and high ranking officer of the law Tracing his life from jailhouse to White House from Dodge City to San Juan Hill Robert DeArment and Jack DeMattos present a full length biography of Daniels the most controversial of Teddy Roosevelt s White House Gunfighters The book faithfully traces Daniels s early years the time he spent in the Wyoming Territorial Penitentiary his rebirth as a Dodge City lawman including the controversy over his shooting a man in the back and his part in the Battle of Cimarron Following military service with the Rough Riders in the Spanish American War Daniels was appointed by President Roosevelt as U S marshal for turbulent Arizona Territory Daniels was as quick with his mind as with a gun but he had a rough ride to redemption This original biography belongs on the shelf of every gunfighter buff and anyone interested in the broader story of the Old West It rescues Daniels from the footnotes of history and shows us the amazing life of one of the West's most intriguing gunmen Changing Prairie Landscapes Patrick Douaud, Todd A. Radenbaugh, 2000 Landscapes of the Northern Great Plains have been constantly changing but never so rapidly as under modern conditions of economic affluence and technological development This change is multifaceted and has an impact not only on the fabric of culture and its perception of landscape but also on the ecology and physical landforms Multidisciplinary research has therefore become an important tool in identifying the influences that human activities have

not only on cultural landscapes but on biophysical ones as well This collection of articles originating in a conference held at the Royal Saskatchewan Museum in April 2000 focuses on just such an integration of research concerning the Great Plains of North America and involving the disciplines of geology archaeology biology geography sociology and agriculture
