Eyes** William J. Maxwell,2016-12-06 How FBI surveillance influenced African American writing Few institutions seem more opposed than African American literature and J Edgar Hoover s white bread Federal Bureau of Investigation But behind the scenes the FBI s hostility to black protest was energized by fear of and respect for black writing Drawing on nearly 14 000 pages of newly released FBI files F B Eyes exposes the Bureau s intimate policing of five decades of African American poems plays essays and novels Starting in 1919 year one of Harlem s renaissance and Hoover s career at the Bureau secretive FBI ghostreaders monitored the latest developments in African American letters By the time of Hoover s death in 1972 these ghostreaders knew enough to simulate a sinister black literature of their own The official aim behind the Bureau s close reading was to anticipate political unrest Yet as William J Maxwell reveals FBI surveillance came to influence the creation and public reception of African American literature in the heart of the twentieth century Taking his title from Richard Wright s poem The FB Eye Blues Maxwell details how the FBI threatened the international travels of African American writers and prepared to jail dozens of them in times of national emergency All the same he shows that the Bureau s paranoid style could prompt insightful criticism from Hoover s ghostreaders and creative replies from their literary targets For authors such as Claude McKay James Baldwin and Sonia Sanchez the suspicion that government spy critics tracked their every word inspired rewarding stylistic experiments as well as disabling self censorship Illuminating both the serious harms of state surveillance and the ways in which imaginative writing can withstand and exploit it F B Eyes is a groundbreaking account of a long hidden dimension of African American literature      **The Penguin Anthology of Twentieth-century American Poetry** Rita Dove,2011 An anthology of twentieth century American poetry featuring Wallace Stevens T S Eliot Elizabeth Bishop Robert Hayden Gwendolyn Brooks Derek Walcott Adrienne Rich John Ashbery Anne Sexton and many others      **African**

[A New Way of Seeing](#) Michael Sarnowski, 2025-06-04 A New Way of Seeing considers the poetry of five writers Louis Simpson Keith Douglas Richard Hugo Howard Nemerov and Randall Jarrell whose work draws on their activities as soldiers in World War II Basing his examination on extensive primary source research Michael Sarnowski identifies distance both literal and figurative and traumatic memory as two interconnected elements of how these poets internalized the war and made sense of the events they witnessed The book is structured on a gradient related to each poet s proximity to combat as the chapters in turn focus on an infantryman Simpson a tank commander Douglas a bombardier Hugo a pilot Nemerov and a stateside flight instructor Jarrell Sarnowski relies on a wealth of archival material overlooked by previous scholarship

including poem drafts correspondence flight logs and personal belongings The conclusion revisits notions of legacy and representation by assessing factors that contributed to the early labeling of World War II soldiers as a Silent Generation in contrast to the outpouring of poetry published during and following the First World War By exploring how poets processed their wartime experiences *A New Way of Seeing* offers a stark reminder of why it remains vital to recognize the physical mental and psychological consequences endured by veterans

**Wrestling with the Muse** Melba Joyce Boyd, 2004-01-13

And as I groped in darkness and felt the pain of millions gradually like day driving night across the continent I saw dawn upon them like the sun a vision Dudley Randall from *Roses and Revolutions* In 1963 the African American poet Dudley Randall 1914 2000 wrote *The Ballad of Birmingham* in response to the bombing of a church in Alabama that killed four young black girls and *Dressed All in Pink* about the assassination of President Kennedy When both were set to music by folk singer Jerry Moore in 1965 Randall published them as broadsides Thus was born the Broadside Press whose popular chapbooks opened the canon of American literature to the works of African American writers Dudley Randall one of the great success stories of American small press history was also poet laureate of Detroit a civil rights activist and a force in the Black Arts Movement Melba Joyce Boyd was an editor at Broadside was Randall's friend and colleague for twenty eight years and became his authorized biographer Her book is an account of the interconnections between urban and labor politics in Detroit and the broader struggles of black America before and during the Civil Rights era But also through Randall's poetry and sixteen years of interviews the narrative is a multipart dialogue between poets Randall the author and the history of American letters itself and it affords unique insights into the life and work of this crucial figure

**Roses and Revolutions** Dudley Randall, 2009 Collects significant poetry short stories and essays by celebrated African American poet and publisher Dudley Randall. Dudley Randall was one of the foremost voices in African American literature during the twentieth century, best known for his poetry and his work as the editor and publisher of Broadside Press in Detroit. While he published six books of poetry during his life, much of his work is currently out of print or fragmented among numerous anthologies. *Roses and Revolutions: The Selected Writings of Dudley Randall* brings together his most popular poems with his lesser-known short stories first published in *The Negro Digest* during the 1960s and several of his essays which profoundly influenced the direction and attitude of the Black Arts movement. *Roses and Revolutions: The Selected Writings of Dudley Randall* is arranged in seven sections: Images from Black Bottom Wars At Home and Abroad, The Civil Rights Era, Poems on Miscellaneous Subjects, Love Poems, Dialectics of the Black Aesthetic, and The Last Leap of the Muse. Poems and prose are mixed throughout the volume and are arranged roughly chronologically. Taken as a whole, Randall's writings showcase his skill as a wordsmith and his affinity for themes of love, human contradictions, and political action. His essays further contextualize his work by revealing his views on race and writing, aesthetic form, and literary and political history. Editor Melba Joyce Boyd introduces this collection with an overview of Randall's life and career. The collected writings in *Roses and Revolutions* not only confirm the talent and the creative intellect of Randall as an author and editor but also demonstrate why his voice remains relevant and impressive in the twenty-first century. Randall was named the first Poet Laureate of the City of Detroit and received numerous awards for his literary work, including the Life Achievement Award from the National Endowment of the Arts in 1986. Students and teachers of African American literature as well as readers of poetry will appreciate this landmark volume.

**Down Nigger Paved Streets** William A. Thigpen, 1972 *Symbolism 15*

Rüdiger Ahrens, Klaus Stierstorfer, 2015-10-16 While paratexts among them headnotes, footnotes, or endnotes have never been absent from American literature, the last two decades have seen an explosion of the phenomenon, including mock scholarly footnotes to an extent that they seem to take over the text itself. In this Special Focus, we shall attempt to find the reasons for this astonishing development. In our first diachronic section, we shall explore such texts as might have fostered the present boom, from fictions by Edgar Allan Poe to Vladimir Nabokov to Mark Z. Danielewski. The second synchronic section will concentrate on paratexts by David Foster Wallace, perhaps the father of the post-postmodern footnote, as well as those to be found in novels by Bennett Sims, Jennifer Egan, and Junot Díaz among others. It appears that while paratexts definitely point to a high degree of self-reflexivity in the author, they equally draw attention to the textual and authorial functions of the works in which they exist. They can thus cause a reflection on the boundaries between genres like fiction, faction, and autobiography, as well as serving to highlight a host of pedagogical and social concerns that exist in the interstices between fiction and reality.
